Savage Blood:

Incarcerated Minds Matthew Galindo,2015-06-08 Manny had heard stories about Lion s Gate From what he was told it was a fitting name for a state prison Lion s Gate had a reputation to house only the most violent criminals in the state What went on inside of the walls of Lion s Gate took place at no other prison in the state of Arizona It was the last facility that was actually run by the inmates themselves All the guards did was pick up their checks and make sure no one tried to jump the fence The guards could care less what the inmates did to each other To them it was a job that paid the bills and required very little of them at most times They did what they had to do when they had to do it but no more than that Not being one to believe everything he was told Manny still couldn t help but feel a nervous knot in his stomach tighten at the thought of actually beginning his sentence at Lion s Gate He expected to start off on a medium custody level yard where they allowed a lot of free time and offered self help classes He figured he would get a job in the kitchen washing dishes and would just stick to himself do his own thing If Lion s Gate ended up being the starting point of his journey he somehow knew that his time would be spent much differently

Casey,2024-01-12 In this highly readable book Kathleen Casey makes an important intervention into the study of early twentieth century American vaudeville and some of its most infamous stars She pinpoints the blind spot in current scholarship by demonstrating how race as much as gender charges the meanings in vaudeville performance Linda Mizejewski author of *Pretty Funny Women* Comedians and Body Politics and *Ziegfeld Girl* From the 1890s through the 1920s vaudeville reigned as one of the most popular entertainment forms in urban America Through drama humor and satire it invited its socially economically and ethnically diverse audiences to turn a self conscious eye upon themselves and their culture which was being rapidly transformed by such forces as immigration racial discord and new conceptions of gender roles It was no coincidence that acts featuring cross dressing performers and racial impersonators were among vaudeville s biggest attractions In this lively and enlightening study Kathleen B Casey explores the ways in which the gender and race bending spectacles of vaudeville dramatized the economic technological social and cultural upheaval that gripped the United States in the early twentieth century She focuses on four key performers Eva Tanguay known as The I Don t Care Girl was loved for her defiance of Victorian decorum linking white womanliness to animalistic savagery at a time when racial and gender ideologies were undergoing significant reconstruction In contrast Julian Eltinge the era s foremost female impersonator used race to exaggerate notions of manliness and femininity in a way that reinforced traditional norms more than it undermined them Lillyn Brown a biracial woman who portrayed a cosmopolitan black male dandy while singing about an antebellum southern past offered her audiences black and white starkly different visual and aural messages about race and gender Finally Sophie Tucker who

often performed in blackface during the early years of her long and heralded career strategically played with prevailing ideologies by alternately portraying herself as white Jewish black manly and womanly while managing remarkably to convince audiences that these identities could coexist within one body Analyzing a wide assortment of primary materials advertisements recordings lyrics sheet music costumes photographs reviews and press accounts from the era Casey looks not only at gender and racial impersonation but also at how spectators reacted to these performances Kathleen B Casey is an assistant professor of history at Virginia Wesleyan College
