John F. MacArthur

Saviors Of The World Or World Teachers:

The World's Saviors Charles Vail, 1996-09 1913 Analogies in Their Lives Examined and Interpreted a Study in Comparative Religions Contents Messianic Prophecies Miraculous Births Analogous Incidents of Childhood Death and Resurrection Analogous Forms and Ceremonies Origin and Mean *Saviors of the World Or World Teachers* Annie Wood Besant, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work **The Kingdom of the Cults Handbook** Walter Martin, Jill Martin Rische, 2020-01-07 False religions abound in the US and beyond and Christians need information they can trust Since the 1960s The Kingdom of the Cults has been a trustworthy well researched resource on this topic for pastors lay leaders and other Christians The Kingdom of the Cults Handbook takes that same reliable information and pares it down into a more concise and simplified format It s perfect for everyone from Christian teachers and ministry leaders to those who just want to better understand the religion of their neighbors Covering everything from established religions like Islam and Buddhism to shifting trends in Mormonism Scientology and Wicca this book will answer your questions and help you understand and communicate the key differences between true Christianity and other belief systems The God Who Loves John F. MacArthur, 2008-07-06 God is love It s the most basic definition of God in Scriptures but so profound that it s often misunderstood In this probing book a brilliant Bible expositor brings us into the very heart of God by answering such questions as If God is love how could He send anyone to hell What s the difference between the loving God of the New Testament and the angry God of the Old Testament If God is love why did He require His Son to die such a cruel death on the Cross How can God be both loving and jealous The author argues against the two polar views of God as a sentimental grandfather whose doting love could not bring him to punishment of the disobedient and God as an angry tyrant who would rule by threats Both extremes paint a distorted picture of God and further confuse the issue of understanding God s love Dr MacArthur writes He insists that what God loves is actually defined by what He hates and that neither His love nor His wrath can be understood in isolation from the other Although the author is clearly aware of the way great men have grappled with these issues in the history of the Church his doctrinal presentations arise more from the biblical text than from dogmatic theology He examines in detail the way John the apostle of love treats love in his First Epistle then fleshes out the doctrine of God s love in vivid representations of real people interacting with divine love **The World's Sixteen Crucified Saviors; Or, Christianity Before Christ** Kersey Graves, 2019-11-19 In The World s Sixteen Crucified Saviors Or Christianity Before Christ Kersey Graves presents a rigorous examination of the crucified savior archetype across various cultures and religions This pioneering work investigates a multitude of figures from Osiris and Krishna to Buddha who are portrayed as dying and

resurrecting deities Graves employs a comparative literary style drawing upon historical theological and mythological sources to highlight striking similarities that challenge the originality of Christian narratives Set within the context of 19th century debates on the validity of religious traditions the book propels a critical dialogue on the nature of faith and mythology Kersey Graves a notable American author and freethinker was deeply influenced by the burgeoning enlightenment ideas of his time questioning orthodox beliefs and exploring alternative narratives of religious history His background in rationalism and skepticism serves as a foundation for this text as he sought to expose the connections between Christianity and its predecessors Through meticulous research and analysis Graves aimed to engage readers in a thoughtful reconsideration of their spiritual understandings This book is a must read for anyone interested in theological studies comparative mythology or the history of religious thought Graves bold assertion challenges traditional doctrines inviting readers to explore the interconnectedness of human beliefs With its compelling arguments and thorough scholarship *The World's Sixteen Crucified Saviors* remains a significant contribution to the discourse on spirituality and historical inquiry
