Savitri A Legend And A Symbol Revised Edition:

Savitri Aurobindo Ghose, Sri Aurobindo, 1995 In this epic spiritual poem Sri Aurobindo reveals his vision of mankind's destiny within the universal evolution. He sets forth the optimistic view that life on earth has a purpose and he places our travail within the context of this purpose to participate in the evolution of consciousness that represents the secret thread behind life on Earth. *Readings in Sri Aurobindo's The Life Divine Volume 1* Santosh Krinsky, 2012-11-15 *Readings in Sri Aurobindo's The Life Divine Volume 1* There is probably no other book Sri Aurobindo's *The Life Divine* that I know of which so well completely rationally and intuitively addresses the questions of our existence and the meaning of life and provides a cogent answer rooted in the highest spiritual realization and yogic experience that can be adapted by all regardless of their particular background or inclinations. Santosh Krinsky a life long student of Sri Aurobindo with great devotion, dedication and attention has served this crucial role of providing a bridge to help us enter more deeply into the vast universe of consciousness that Aurobindo holds open for humanity today. He leads the reader through each page of *The Life Divine* by extracting its essence. In this way he makes the book easier to access with no loss of its broader meaning from the Foreword by Dr David Frawley author of *Yoga and Ayurveda*. *The Psychic Being* Sri Aurobindo, Mother, 1990 The present compilation is an attempt to bring together in one volume the manifold teaching pertaining to the psychic being which are to be found in the numerous works of Sri Aurobindo and The Mother. The selections deal with the nature of the psychic being, shedding the light of Sri Aurobindo and The Mother on the inner constitution of the human being and on various related questions such as the process of inner growth, the afterlife and rebirth. **Indian Writing in English** Ed. Ghost Words and Invisible Giants Lheisa Dustin,2021-06-29 In Ghost Words and Invisible Giants Lheisa Dustin engages psychoanalytic theory to describe the language of suffering of iconic modernist authors H D and Djuna Barnes tracing disconnection psychic splitting and virulent thought patterns in creative works that have usually been read as intentionally enigmatic Dustin imbricates Barnes and H D s sense of tenuous psychic boundaries with others parent figures otherworldly and divine beings and ambivalent or malignant love objects in their creative brilliance suggesting that the writers works stage and also help manage their psychic suffering in language in which signifier the sound or image of the word and signified what it means are radically disconnected The cryptic and ineffable styles of these texts thus involve attempts to embody the meanings that cannot be expressed through language Dustin reads two of H D s later works as examples of language that does not differentiate words thoughts and people from one another and instead tries to include everything in its formulations of meaning However H D she argues also seeks an end to this mental proliferation an end that she associates with the hallucinatory return of difference as such In contrast Dustin reads two novels by Barnes as invoking and denying childhood secrets through the use of fetishized words To supplement her psychoanalytic readings Dustin considers the authors familial and romantic histories and their broader social involvements or noninvolvement for instance H D s Occultist practices and psychoanalytic sessions Barnes s fascination with spectacle and her later reclusion rendering a detailed and compelling analysis of the forces at play beneath enigmatic difficult modernist literary works Read in this light the spectral and otherworldly figures and strange patterns of expression appearing in H D s and Barnes s writing and perhaps much of our writing signal the traumatic content that it tries to negate
