Love Thy Enemy:

Love Thy Enemy Katie Reus,2016-06-07 She refuses to trust her enemy Red Stone Security employee Dominique Castle knows all too well that there are people in this world she just can't trust After losing both her parents she keeps her distance from anyone tied to her past especially the man she's hated for years And Viktor Ivanov isn't going to change her mind about who he really is no matter how determined the infuriatingly sexy Russian is He refuses to give her a choice She may dislike him but Viktor is determined to crack through Dominique's icy exterior one way or another for her own good With a past like Viktor's he's made more than a few enemies along the way enemies who'll stop at nothing to take him down When he realizes Dominique's life is in danger because of him he'll stop at nothing to protect her whether she likes it or not Dominique's safety depends on trusting the one man who's linked to the agony of her past Can she find a way to love the enemy she always loathed Author note each book in this series may be read as a stand alone complete with HEA and no cliffhangers [Love Your Enemies](#) Sharon Salzberg,Robert Thurman,2023-08-01 Coping with anger and pain is more challenging than ever in these times and more necessary Two acclaimed Buddhist teachers offer strategies and wisdom in a book that's been called possibly the most inspiring and liberating meditation on love ever written When people and circumstances upset us how do we deal with them Often we feel victimized We become hurt angry and defensive We end up seeing others as enemies and when things don't go our way we become enemies to ourselves But what if we could move past this pain anger and defensiveness Inspired by Buddhist philosophy this book introduces us to the four kinds of enemies we encounter in life the outer enemy people institutions and situations that mean to harm us the inner enemy anger hatred fear and other destructive emotions the secret enemy self obsession that isolates us from others and the super secret enemy deep seated self loathing that prevents us from finding inner freedom and true happiness In this practical guide we learn not only how to identify our enemies but more important how to transform our relationship to them Love Your Enemies teaches us how to break free from the mode of us versus them thinking develop compassion patience and love accept what is beyond our control embrace lovingkindness right speech and other core concepts First published in 2013 Love Your Enemies is more than ever required reading for navigating our world Throughout authors Sharon Salzberg and Robert Thurman draw from ancient spiritual wisdom and modern psychology to help you find peace within yourself and with the world Includes new prefaces from both authors ['Love Your Enemies'](#) John Piper,1979 [Love Your Enemies \(A History of the Tradition and Interpretation of Its Uses\)](#) John Piper,2012-06-30 Love Your Enemies This is one of the few statements Jesus made that is readily accepted by believers and skeptics alike Its authenticity is not seriously questioned and yet it is a revolutionary command Giving attention to various critical theories John Piper presents evidence that the early church earnestly advocated for non-retaliatory love extending it to those who practiced evil in the world Such love was key to the church's own ethical tradition or paraenesis Piper illuminates the Synoptics and passages in Romans as well as 1 Thessalonians and 1 Peter with non-canonical evidence

investigating the theological significance of Jesus's love command Originally published as 38 in the Society for New Testament Studies Monograph Series this is John Piper's doctoral dissertation from the University of Munich It is a serious work of Christian scholarship by a long time respected author and pastor This repackaged edition features a new extensive introduction and will be of interest to scholars students and lay people who have training in New Testament studies **You shall thank your enemies and love your story** Madeline Bosio,2018-04-21 The book explains and describes the pathways leading to neurotic behaviours beginning from early years of life when we set up behavioural patterns that turn out to be fallacious as regard our needs as well as our interactions with others There are dreams which are defensive constructions in the name of unsatisfied needs of our childhood against realities and family dynamics too different and dangerous to cope with in a developmental stage when a child has no instruments to face or deal with such troubled waters Certain fears in adulthood overwhelming though irrational to intellect are the outcome of those moments when a child was unable to face reality being at the mercy of oneself impotent thus in danger and without a protecting caregiver In this healing process shared with a psychotherapist in a long and painful revisitation of what occurred the unveiling of an emotional world silenced long ago we dismantle paths built with so much struggle When we plough into the past with the experiential model there will be a change in our way of being and an enrichment in our interactions with others The book has a second part dealing with sex abuse in childhood and disruptive relationships **A Rabbinic Commentary on the New Testament** Samuel Tobias Lachs,1987 *The True Organization of the New Church, as Indicated in the Writings of Emanuel Swedenborg* Charles Julius HEMPEL,1848 *The Love of Enemy and Nonretaliation in the New Testament* Willard M. Swartley,1992-01-01 The essays in this irenic book explore two pervasive New Testament teachings that are foundational to peace Jesus commands to love enemies and not to retaliate against those who do evil These themes are covered from a variety of perspectives showing the impact of Jesus teaching throughout the New Testament *The Jew, the Arab* Gil Anidjar,2003 This book argues that in Christian Europe the question of the enemy has for millennia been structured by the historical relation of Europe to both Arab and Jew It provides a philosophical understanding of the background of the current conflict in the Middle East

Compassion, Love and Sex Osho,2012-09-30 Although Osho responds to a question related to compassion the main issue he addresses in this talk is love and he expands his response to elaborate a deeper understanding of sex love and compassion Only compassion is therapeutic because all that is ill in man is because of lack of love All that is wrong with man is somewhere associated with love He has not been able to love or he has not been able to receive love He has not been able to share his being That's the misery That creates all sorts of complexes inside [The Neighbor](#) Slavoj Žižek, Eric L. Santner, Kenneth Reinhard,2010-06-08 In Civilization and Its Discontents Freud made abundantly clear what he thought about the biblical injunction first articulated in Leviticus 19:18 and then elaborated in Christian teachings to love one's neighbor as oneself Let us adopt a naive attitude towards it he proposed as though we were hearing it for the first time we

shall be unable then to suppress a feeling of surprise and bewilderment After the horrors of World War II the Holocaust Stalinism and Yugoslavia Leviticus 19:18 seems even less conceivable but all the more urgent now than Freud imagined In *The Neighbor* three of the most significant intellectuals working in psychoanalysis and critical theory collaborate to show how this problem of neighbor love opens questions that are fundamental to ethical inquiry and that suggest a new theological configuration of political theory Their three extended essays explore today's central historical problem the persistence of the theological in the political In *Towards a Political Theology of the Neighbor* Kenneth Reinhard supplements Carl Schmitt's political theology of the enemy and friend with a political theology of the neighbor based in psychoanalysis In *Miracles Happen* Eric L Santner extends the book's exploration of neighbor love through a bracing reassessment of Benjamin and Rosenzweig And in an impassioned plea for ethical violence Slavoj Žižek's *Neighbors and Other Monsters* reconsiders the idea of excess to rehabilitate a positive sense of the inhuman and challenge the influence of Levinas on contemporary ethical thought A rich and suggestive account of the interplay between love and hate self and other personal and political *The Neighbor* will prove to be a touchstone across the humanities and a crucial text for understanding the persistence of political theology in secular modernity

Songs for Children of Light James H. Kurt, 2004-01-14 This work began with the taking of notes on insights and observations derived from contemplation of the Bible my own life and the death of my sister The writings were initially oriented toward the composition of a film script whose purpose was to depict abstractly scenes common to the lives of all mankind from birth to death In February of 1984 well over a year into this project these lyrics began to pour forth from me Three quarters of them were finished before the end of the month During this period of my life I underwent an intense conversion to purity of soul I immersed myself in the practice of all the artistic mediums including painting and sculpture poetry music dance and drama Striving to be an artist for Christ my life became as a cross between graduate student monk and convict This way of living and working continued for seven years and resulted in the creation of the large manuscript *Songs for Children of Light* Ten Albums of Lyrics Music Dance and Drama In this volume I present the lyric portion of the project with accompanying illustrations May the Light of the Spirit be with you as you read the words herein James Kurt June 23 1995

Church and Mission in the Context of War Eraston Kambale Kighoma, 2021-06-16 The church in the Democratic Republic of Congo is no stranger to conflict yet little research has been done on the impact of war in shaping the local church's understanding of itself and its mission In this in depth study Dr Eraston Kambale Kighoma traces the survival and theological development of the Baptist Church in Central

Africa over a twenty year period of conflict Utilizing a combination of descriptive contextual and integrative approaches he examines the effect of war on the church s theology in action especially its understanding and practice of mission This study sheds new light on existing theories of missions while offering specific insight into the church s missionary task in contexts of conflict It offers an excellent addition to missiological studies for scholars and practitioners alike **The Catholic**
