deeply researched account of Joseph Brodsky's evolution in English as a self translator and a poet in translation Joseph Brodsky's translations of his own Russian language poems into English new originals have been criticized for their un-Englishness an appraisal based on a narrow understanding of translation itself With this radical reassessment of the Nobel Prize winner's self translations Zakhar Ishov proposes a fresh approach to poetry translation and challenges the assumption that poetic form is untranslatable Brodsky in English draws on previously unexamined archival materials including drafts and correspondence with translators and publishers to trace the arc of Brodsky's experience with the English language Ishov shows how Brodsky's belief in the intellectual continuity between his former life in the Soviet Union and his new career in the United States including as Poet Laureate anchored his insistence on maintaining the formal architecture of his poems in translation locating the transmission of poetic meaning in the rhythms of language itself This book highlights Brodsky's place within the long history of the compromises translation must make between linguistic material and poetic process ,

Breaking Handy Reference Guide For All Those Interested In Literatures In English Produced In The United Kingdom The United States Canada Australia Africa The Caribbean India And Other Countries Music and Sexuality in Britten Philip Brett, 2006-11-17 Publisher description **Nation and Migration** Juliet Shields, 2016-01-04 Nation and Migration explores the significant contributions of Scotland Ireland and Wales to the development of a British Atlantic literature and culture moving beyond traditional studies of transatlantic literature that focus on what Stephen Spender has described as the love hate relations between the United States and England By allowing England to stand in for the British archipelago Juliet Shields argues recent literary scholarship has oversimplified the processes through which the new United States differentiated itself culturally from Britain and underestimated the impact of migration on British nation formation during the late eighteenth and early nineteenth centuries In short Nation and Migration provides a literary history for a nation that still considers itself a land of immigrants Scottish Irish and Welsh migrants brought with them to the American colonies and early republic stories and traditions very different from those shared by English settlers Americans looked to these stories for narratives of cultural and racial origins through which to legitimate their new nation Writers situated in Britain's Celtic peripheries in turn drew on American discourses of rights and liberties to assert the cultural independence of Scotland Ireland and Wales from the English imperial center The stories that late eighteenth and early nineteenth century Britons and Americans told about transatlantic migration and settlement whether from the position of migrant or observer reveal the tenuousness and fragility of Britain and the United States as relatively new national entities These stories illustrate the dialectical relationship between nation and migration **A Tale of Two Countries** Stanley Fogel, 1984 Like Philip Stratford's All the Polarities which compares novels in French and English Canada A Tale of Two Countries undertakes a cross cultural comparison as well examining Canadian and American novels One of the first studies of Canadian literature in a continental context the book's critical standpoint and polemical tone are likely to inspire further readings in Canadian American literary relations Among the authors dealt with are Robert Kroetsch Margaret Atwood Robertson Davies William Grass and Robert Coover York University's Clara Thomas feels the Kroetsch reading alone is worth the price of admission **Something We Have That They Don't** Steve & Mark Clark & Ford, Steven H. Clark, 2004-04 There is some connexion I like the way the English spell it They're so clever about some things Probably smarter generally than we are Although there is supposed to be something We have that they don't don't ask me What it is John Ashbery Tenth Symphony Something We Have That They Don't presents a variety of essays on the relationship between British and American poetry since 1925 The essays collected here all explore some aspect of the rich and complex history of Anglo American poetic relations of the last seventy years Since the dawn of Modernism poets either side of the Atlantic have frequently inspired each other's developments from Frost's galvanizing advice to Edward Thomas to rearrange his prose as verse to Eliot's and Auden's enormous influence on the poetry of their adopted nations whichever Auden is Eliot once replied when asked if he were a British or an American poet I

suppose I must be the other from the impact of Charles Olson and other Black Mountain poets on J H Prynne and the Cambridge School to the widespread influence of Frank O Hara and Robert Lowell on a diverse range of contemporary British poets Clark and Ford s study aims to chart some of the currents of these ever shifting relations Poets discussed in these essays include John Ashbery W H Auden Elizabeth Bishop T S Eliot Mark Ford Robert Graves Thom Gunn Lee Harwood Geoffrey Hill Michael Hofmann Susan Howe Robert Lowell and W B Yeats Poetry and sovereignty Philip Larkin remarked in an interview of 1982 are very primitive things these essays consider the ways in which even seemingly very unprimitive poetries can be seen as reflecting and engaging with issues of national sovereignty and self interest and in the process they pose a series of fascinating questions about the national narratives that currently dominate definitions of the British and American poetic traditions This innovative and exciting new collection will be of great interest to students and scholars of British and American poetry and comparative literature

Teaching Nineteenth-Century Fiction A. Maunder,J. Phegley,2015-12-04 This book brings together the experiences of Anglo American teachers and discusses some of the challenges which face teachers of nineteenth century fiction suggesting practical ways in which these might start to be overcome by considering the constantly changing canon issues related to course design and the possibilities offered by film and ICT

America's 'Special Relationships' John Dumbrell,Axel Schäfer,2009-09-10 This unique volume seeks to offer an original collection of essays on the theme of America s special relationships The essays vary in their focus some are primarily historical some are more contemporary All consider the quality of specialness in the context of America s relationship with particular countries including the United Kingdom Canada Australia New Zealand Holland Russia Iran and Israel

Transatlantic Connections M. Wynn Thomas,2009-11 In this series of textual readings and cultural comparisons M Wynn Thomas explores Whitman s amazing ability to appeal across distances and centuries The book s contrasting sections reflect the two locations studied the first shows Whitman in his time and place while the second repositions him within the cultures of England and Wales from the late 19th to the late 20th century In the opening chapter he is placed against the vivid outrageous background of the New York of his time the second finds evidence in his poetry of a critique of the new urban politics of the emerging city boss the third radically redefines Whitman s relationship to his famous contemporary Longfellow Other chapters deal with the Civil War poet exploring the ways in which his poetic responses were in part shaped by his relationship to his soldier brother George and his use of the meteorological discoveries of his day to fashion metaphors for imaging the different phases of the conflict The second section ponders the paradox that this Whitman who was so much the product of his specific time and limited local culture should come to be accepted as an international visionary The United Kingdom is taken as offering striking instances of this phenomenon and his transatlantic admirers are shown to have been engaged in an unconscious process of translating Whitman into the terms of their own culturally specific social political and sexual preoccupations Some of the connections explored are those between Whitman and Edward

Carpenter the so called English Whitman between Whitman and perhaps his greatest English critic D H Lawrence and between Whitman and the Welsh poets Ernest Rhys Amanwy David Rees Griffiths Niclas y Glais T E Nicholas Waldo Williams Glyn Jones Dylan Thomas and R S Thomas This bold and original study offering new points of entry into understanding Whitman as the product of his time and place as well as understanding the reception of Whitman in the U K as a process of cultural translation should fascinate scholars of Whitman and students of comparative literature **Stephen Spender, Works and Criticism** Hemant Balvantrao Kulkarni,1976 *Social History, Local History, and Historiography* Roger C. Richardson,2011-09-22 This wide ranging volume collects together twelve of the author s longer essays mainly drawn from those first published in the last two decades Chiefly consisting of micro studies of a variety of different aspects of early modern English history the book concerns itself with social and economic change the period of the English Revolution and its long lasting impact with Puritanism with the family as a social institution and with historical consciousness and different forms of historical writing Some of the essays focus on a particular individual not all well known William Camden John Milner and Ralph Dutton to open up a broader theme One boldly attempts a comparison over three centuries of the evolution of local history as a subject on both sides of the Atlantic Two other essays reach out into the nineteenth and twentieth centuries but do so with echoes of the subject matter of some of those dealing with the early modern period The inter connectedness of social history local history and historiography is stressed and illustrated throughout Both specialists and non specialists will find much to interest them in this varied and rewarding volume **The Protected Vista** Tom Brigden,2019-05-03 The Protected Vista draws a historical lineage from the eighteenth century picturesque to present day planning policy highlighting how the values embedded within familiar views have developed over time through appropriation by diverse groups for cultural and political purposes The book examines the intellectual construction of the protected vista questioning the values entrenched within the view by whom and how they are observed and disseminated to reveal how these views have been and continue to be part of a changing historical and political narrative With a deeper knowledge and understanding of the shifting values in urban views we will be better equipped to make decisions surrounding their protection in our urban centres The book identifies the origins of current view protection policy in the aesthetic convention of the picturesque drawing on a range of illustrated examples in the UK the US Australia Canada and South Africa to serve as a useful reference for students researchers and academics in architecture architectural conservation landscape and urban planning *The Cambridge Companion to the Victorian Novel* Deirdre David,2001 In The Cambridge Companion to the Victorian Novel first published in 2000 a series of specially commissioned essays examine the work of Charles Dickens the Bront s George Eliot and other canonical writers as well as that of such writers as Olive Schreiner Wilkie Collins and H Rider Haggard whose work has recently attracted new attention from scholars and students The collection combines the literary study of the novel as a form with analysis of the material aspects of its readership and production and a series of thematic and contextual

perspectives that examine Victorian fiction in the light of social and cultural concerns relevant both to the period itself and to the direction of current literary and cultural studies Contributors engage with topics such as industrial culture religion and science and the broader issues of the politics of gender sexuality and race The Companion includes a chronology and a comprehensive guide to further reading
