The Classic Retreat of Anarchy Satanik Roy, What is that you express in your eyes It seems to be more than all the print I have read in my life Each poem leads you to the questions it makes sense to ask As if something were left between the pages every time you read it Feelings thoughts sounds smells and then when you look at the book again many years later you find yourself there too a slightly younger self slightly different as if the book had preserved you like a pressed flower both strange and familiar so that you could feel that poetry naturally is highly patterned in its form Thus you will stick to believing Even chaos has a pattern **The Queen of Lovers "We Need You."** Dr. Badal W. Kariye, 2011-06-09 Preface I would like to tell you that the Queen of Lovers We need you is a fictional romantic novel based on multichannel travels for love and espionage in our world where people practice various lifestyles in love our Lord is The Most Gracious and The Most Merciful who made possible for us to interact and fall in love with each other Romance few people succeeded to keep their promises until one of them retires from sexual curiosity or dies It's very rare to meet your spouse as the government spymaster and if you didn't know before then you're highly at risk to be assassinated before you fizzle out her top level security clearance in some

countries My Queen of lovers and I went to visit different continents such as Asia Australia Africa The Caribbean South America Parts of North America Weve met a lot of multicultural and multiracial nationalities who committed to live and work for better democracy in love than their governments which my Queen of lovers has been spying on I couldn t handle the devilish stress of espionage in top secrets from the governments which have been opposite to the national and security interests of our beloved country within the nations of many nationalities Love in destiny or without destiny well taste it carefully and legally but when you fall in love with spymaster then you ll always meet undetectable situations and anonymous hunters who can be anything with credentials from the government to cover up dirty jobs Don t be a victim of spymaster You better always ask before you make any relationship with somebody I love my Queen of lovers finally and you taught me a lot in governmental secrecy and how a spymaster acts as a romantic lover to use my linguistic abilities during secretive missions in various continents I love you my Queen
