Joyce's Love Stories Christopher DeVault, 2016-12-05 In his comprehensive study of love in James Joyce's writings Christopher DeVault suggests that a love ethic persists throughout Joyce's works DeVault uses Martin Buber's distinction between the true love for others and the narcissistic desire for oneself to frame his discussion showing that Joyce frequently ties his characters' personal and political pursuits to their ability to affirm both their loved ones and their fellow Dubliners In his short stories and novels DeVault argues Joyce shows how personal love makes possible a broader social compassion that creates a more progressive body politic While his early protagonists' narcissism limits them to detached engagements with Dublin that impede effective political action Joyce demonstrates the viability of his love ethic through both Bloom's empathy in *Ulysses* and the polylogic dreamtext of *Finnegans Wake* In its revelation of Joyce's amorous alternative to the social and political paralysis he famously attributed to twentieth-century Dublin Joyce's *Love Stories* allows for a better appreciation of the ethical and political significance underpinning the author's assessments of Ireland
