Rosse,2007-10-12 Love is one of the most exhilarating emotions we experience unfortunately it is also one of the most painful and sometimes traumatic The unresolved emotional scars from a broken heart can manifest as a love trauma syndrome Until now a love trauma was thought to precipitate other common psychiatric conditions such as depression or adjustment disorders but these generic psychiatric ailments are not adequate for articulating the full and unique character of the condition following love trauma The Love Trauma Syndrome Free Yourself from the Pain of a Broken Heart fills the need of patients feeling isolated ashamed or alone in their anguish Dr Richard Rosse a psychiatrist with expertise in the area of emotional breakdown provides a concrete path to help people understand this condition At times the syndrome can seriously diminish the sufferer s quality of life and dramatically impair social academic and occupational activities Dr Rosse warns that there can also be bouts of severe manifestations things go horribly wrong Patients may end up committing suicide A few become so obsessed by their lost loves that they are driven to stalk attack or murder these persons and then ultimately commit suicide However most patients suffer alone and in silence without ever resorting to an act of

physical violence Dr Rosse clearly explains that Love Trauma Syndrome is a clinical disorder of too much memory in which the past intrudes upon the present to influence thoughts feelings and behaviors to a much greater extent than is expected It can also be associated with a variety of other behavioral problems the avoidance of future loving relationships nervousness feeling unreal or out of place anger and sleep disturbances The book will educate mental health clinicians on how to recognize and treat people with the syndrome and Dr Rosse discusses a variety of psychotherapeutic and pharmacological treatment options and their rationale The Love Trauma Syndrome is the first book to describe the condition and to present a full array of self help strategies and specific techniques tailored to help those suffering from a love trauma Designed for both lay and professional audiences it is the ideal resource for anyone male or female young or old gay or straight hurt by love to understand what to do to escape the bleak prison of misery

**Does God Love All or Some?** Ronnie W. Rogers,2019-04-19 The term extensivism describes my position regarding the doctrine of salvation Specifically extensivism believes that man was created in the image of God with otherwise choice God s salvation plan involves an all inclusive unconditional offer of salvation to every person reception of which is conditioned upon grace enabled faith rather than Calvinism s exclusive plan of a limited actual offer of salvation to only the unconditionally elected Generally it replaces the term non Calvinism These are the five primary objectives of the book First my considerations would result in a deeper understanding of God Second I will demonstrate that God salvationally loves every single person Third I intend to offer a precise and respectful critique of Calvinism s internal and biblical inconsistencies these are largely due to its commitment to compatibilism and unconditional election Fourth I will demonstrate that God s free choice to endow man with libertarian

freedom is a more biblical perspective Fifth because a significant percentage of people who become Calvinists do not actually understand Calvinism I seek to present Calvinism and extensivism in language that is precisely and consistently reflective of the commitments of each perspective regarding God s sovereignty salvific love foreknowledge and man s freedom this so a person can make an informed choice about Calvinism
