**The Pastor Theologian** Gerald Hiestand, Todd A. Wilson, 2015-06-23 Pastoral ministry today is often ruled by an emphasis on short sighted goals pragmatic results and shallow thinking Unfortunately those in the academy tend to have the opposite problem failing to connect theological study to the pressing issues facing the church today Contemporary evangelicalism has lost sight of the inherent connection between pastoral leadership and theology This results in theologically anemic churches and ecclesial anemic theologies Todd Wilson and Gerald Hiestand contend that among a younger generation of evangelical pastors and theologians there is a growing appreciation for the native connection between theology and pastoral ministry At the heart of this recovery of a theological vision for ministry is the re emergence of the role of the pastor theologian *The Pastor Theologian* presents a taxonomy of the pastor theologian and shows how individual pastors given their unique calling and gift set can best embody this age old vocation in the 21st century They present three models that combine theological study and practical ministry to the church

The Local Theologian a pastor theologian who ably services the theological needs of a local congregation The Popular Theologian a pastor theologian who writes theology to a wider lay audience The Ecclesial Theologian a pastor theologian who writes theology to other theologians and scholars Raising the banner for the pastor as theologian this book invites the emerging generation of theologians and pastors to reimagine the pastoral vocation along theological lines and to identify with one of the above models of the pastor theologian Colin Gunton's Trinitarian Theology of Culture Andrew Picard, 2024-06-27 Whilst upholding some of the criticisms of Colin Gunton's work this incisive book argues that there is a Hauptbriefe in Gunton reception that assumes his early classic works *The One the Three and the Many* and *The Promise of Trinitarian Theology* 1st ed are definitive of his project and fail to engage adequately with the progressions in Gunton's later thought Instead this book offers a fresh reading of Gunton by giving greater prominence to his later writings which are centred in the mediation of the Son and the Spirit in creation Andrew Picard argues that Gunton's trinitarian theology of culture emerges from his later trinitarian theology of mediation creation Christology pneumatology and ecclesiology Exploring these doctrinal foci enables an understanding of Gunton's account of faithful human culture as embodied worship a living sacrifice of praise which contributes to the divine redemption and perfection of creation It is the church's particular calling to embody such praise through its visible life in community The study concludes by intersecting Gunton's theology with the social sciences to critique ableism and consider the politics of the church's belonging in community Conjunctive Explanations in Science and Religion Diarmid A. Finnegan, David H. Glass, Mikael Leidenhag, David N. Livingstone, 2023-02-28 This book investigates the nature and relevance of conjunctive explanations in the context of science and religion It explores questions concerning how scientific and religious explanations for features of the world or phenomena within it relate to each other and whether they might work together in mutually enriching ways The chapters address topics including the relationship between Darwinian and teleological explanations non reductive explanations of mind and consciousness and explanations of Christian faith and religious experience while others explore theological and philosophical issues concerning the nature and feasibility of conjunctive explanations Overall the contributions help to provide conceptual clarity on how scientific and religious explanations might or might not work together conjunctively as well as exploring how these ideas relate to specific topics in science and religion more generally **The Only Sacrament Left to Us** Thomas Christian Currie, 2016-06-30 Questions of ecclesiology abound and Karl Barth has been regarded as an unhelpful conversation partner and guide for those who care about ecclesiology and the place of the church in the academic pursuit of theology *The Only Sacrament Left to Us* recovers Barth's doctrine of the threefold Word of God and shows that it is at the heart of his ecclesiological commitments and that he offers a distinct and robust doctrine of the church worthy to be carried forward into the twenty first century debates about the church's place in God's economy Thomas Christian Currie explores the central role of the threefold Word of God in Barth's theology of the church explains its place in Barth's later doctrine of reconciliation and

seeks to engage the field of Barth studies with contemporary ecclesiological questions      **Evangelical Theology** Michael F. Bird, 2013-10-29 Evangelical Theology is a systematic theology written from the perspective of a biblical scholar Michael F. Bird contends that the center unity and boundary of the evangelical faith is the evangel gospel as opposed to things like justification by faith or inerrancy The evangel is the unifying thread in evangelical theology and the theological hermeneutic through which the various loci of theology need to be understood Using the gospel as a theological leitmotif an approach to Christian doctrine that begins with the gospel and sees each loci through the lens of the gospel this text presents an authentically evangelical theology as opposed to an ordinary systematic theology written by an evangelical theologian According to the author theology is the drama of gospelizing performing and living out the gospel in the theatre of Christian life The text features tables sidebars and questions for discussion The end of every part includes a What to Take Home section that gives students a run down on what they need to know And since reading theology can often be dry and cerebral the author applies his unique sense of humor in occasional Comic Belief sections so that students may enjoy their learning experience through some theological humor added for good measure      *Christian Faith, Philosophy & International Relations* , 2019-10-29 International relations are in constant turbulence Globalisation the rise and fall of superpowers the fragilisation of the EU trade wars real wars terrorism persecution new nationalism and identity politics climate change are just a few of the recent disturbing developments How can international issues be understood and addressed from a Christian faith perspective In this book answers are presented from various Christian traditions Neo calvinism Catholic social teaching critical theory and Christian realism The volume offers fundamental theological and Christian philosophical perspectives on international relations and global challenges case studies about inspiring Christian leaders such as Robert Schuman Dag Hammarskjöld Abraham Kuyper and prophetic critiques of supranational issues      Jesus in the Trinity Lincoln Harvey , 2020-01-30 Robert W Jenson 1930 2017 is America s most important theologian He thinks Jesus of Nazareth is always and for ever one of the Trinity Mary s boy and Pilate s victim is the Father s eternal Son so there has never been an unfleshed Word The God of the Gospel is much stranger than we have imagined In *Jesus in the Trinity* Lincoln Harvey offers a penetrating guide into Jenson s remarkable proposal Demonstrating Jenson s signature moves as well as his fundamental reworking of the dogmatic tradition Harvey shows how an evangelized metaphysics can make sense of the identity of Jesus Christ With time space causation and God s act of creation utterly re imagined through the course of these pages reality will look very different in light of Jenson s startling theology      *Trinity and Humanity* Uche Anizor, 2018-02-27 Colin Gunton is regarded by many as one of the most important English theologians of the twentieth century A prolific writer and creative thinker Gunton taught at King s College London for over thirty years until his untimely death in 2003 In this first single authored introduction to Gunton s theology Uche Anizor traces the key theological themes major contributors and criticisms of his work Each chapter provides a synthesis and overview of Gunton s thought on a particular doctrine or set of doctrines

calling attention to the Trinitarian shape of his theology In *Trinity and Humanity* Anizor provides a handy entrance into the corpus of this major thinker

*Ethical Approaches to Preaching* John S. McClure, 2021-02-23 Different ethical situations require different homiletical responses John McClure organizes recent literature on ethics and preaching into four ethical approaches Does your situation require public moral leadership Then a communicative ethic is best Does your situation require the development of countercultural moral character Then a witness ethic is best Does your situation require ethical consciousness raising and organizing for social justice Then a liberationist ethic is best Does your situation require genuine moral conversation and the discernment of shared commitments in spite of our differences Then a hospitality ethic is best Each ethical approach is briefly and carefully explored correlated with appropriate contexts and situations and demonstrated with model sermons The result is a useful handbook for quickly discerning what ethical approach is needed how to preach that approach and what to expect as a result

**A Theology in Outline** Robert W. Jenson, 2016-03-09 *A Theology in Outline* Can These Bones Live began with an undergraduate course taught by Robert W Jenson at Princeton University in the spring of 2008 Based on a series of twenty three course lectures it offers a concise and accessible overview of Christian theology while retaining the atmosphere of Jenson's classroom Much as does Jenson's *Systematic Theology* *A Theology in Outline* treats a standard sequence of doctrines in Christian theology God Trinity creation humanity sin salvation church among others However its organizing principle and leitmotiv are less traditional Reflecting his recent interest in theological interpretation of scripture Jenson frames the whole of Christian theology as a response to the question posed to the prophet Ezekiel Son of man can these bones live For Jenson to ask this question is to ask whether Christian theology itself is a pile of dead bones Can the story that God lives with his people be told today From first to last the chapters of this book proceed under the impelling pressure of this question They thus comprise a single sequence of illustrative conversations for the purpose of introducing beginners to Christian theology

T&T Clark Handbook of Colin Gunton Andrew Picard, Murray Rae, Myk Habets, 2021-01-14 The T T

Clark Handbook of Colin Gunton is a theological companion to the study of Gunton's theology and a resource for thinking about Gunton's importance in modern theology. Each of the essays brings Gunton's depth to a broad range of contemporary theological concerns. The volume unveils cutting edge Gunton scholarship for a new generation and at the same time enables readers to see the timely significance of Gunton today. Each of the essays not only introduces readers to key themes in the Gunton corpus but also provides readers with fresh interpretations that are fully conversant with the contemporary theological problems facing the church. Designed as both a guide for students and a reference point for scholars, the companion seeks both to outline the frameworks of key Gunton debates while at all times pushing forward fresh interpretative strategies concerning his thought.

**John Chrysostom on Divine Pedagogy** David Rylaarsdam, 2014-10-30  
Contrary to the portrayals of Chrysostom as a theologically impaired moralizing sophist, this book argues that his thinking is remarkably coherent when it is understood on his own terms and within his culture. Chrysostom depicts God as a teacher of philosophy who adaptably guides people toward salvation. Since the theme of divine adaptability influences every major area of Chrysostom's thought, tracing this concept provides a thorough introduction to his theology. It also explains at least in part several striking features of his homilies, including his supposed inconsistencies, his harsh rhetoric, and apparent political naivete. His intentionally abridged and exoteric theological discussions and his lack of allegiance to an Antiochene school. In addition to illuminating such topics, the concept of adaptability stands at one of the busiest intersections of Late Antique culture, for it is an important idea found in rhetoric and discussions about the best methods of teaching philosophy. Consequently, adaptability is an ingredient in the classical project of *paideia*, and Chrysostom is a Christian philosopher who seeks to transform this powerful tradition of formation. He gives his Christianized *paideia* a theological foundation by adapting and seamlessly integrating traditional pedagogical methods into his reading and communication of Scripture. David Rylaarsdam provides an in-depth case study of one prominent leader's attempt to transform culture by forming a coherent theological discourse that was adapted to the level of the masses.
