Newtonian Toward Quantum Imaginations: Volume 1: Unriddling the Quantum Enigma Mohammad H.

Tamdgidi, 2020-01-20 In this major new study in the sociology of scientific knowledge social theorist Mohammad H Tamdgidi reports having unriddled the so called quantum enigma This book opens the lid of the Schrödinger s Cat box of the quantum enigma after decades and finds something both odd and familiar Not only the cat is both alive and dead it has morphed into an elephant in the room in whose interpretation Einstein Bohr Bohm and others were each both right and wrong because the

enigma has acquired both localized and spread out features whose unriddling requires both physics and sociology amid both transdisciplinary and transcultural contexts The book offers in a transdisciplinary and transcultural sociology of self knowledge framework a relativistic interpretation to advance a liberating quantum sociology Deeper methodological grounding to further advance the sociological imagination requires investigating whether and how relativistic and quantum scientific revolutions can induce a liberating reinvention of sociology in favor of creative research and a just global society This however necessarily leads us to confront an elephant in the room the quantum enigma In Unriddling the Quantum Enigma the first volume of the series commonly titled Liberating Sociology From Newtonian toward Quantum Imaginations sociologist Mohammad H Tamdgidi argues that unriddling the quantum enigma depends on whether and how we succeed in dehabituating ourselves in favor of unified relativistic and quantum visions from the historically and ideologically inherited classical Newtonian modes of imagining reality that have subconsciously persisted in the ways we have gone about posing and interpreting or not the enigma itself for more than a century Once this veil is lifted and the enigma unriddled he argues it becomes possible to reinterpret the relativistic and quantum ways of imagining reality including social reality in terms of a unified nonreductive creative dialectic of part and whole that fosters quantum sociological imaginations methods theories and practices favoring liberating and just social outcomes The essays in this volume develop a set of relativistic interpretive solutions to the quantum enigma Following a survey of relevant studies and an introduction to the transdisciplinary and transcultural sociology of self knowledge framing the study overviews of Newtonianism relativity and quantum scientific revolutions the quantum enigma and its main interpretations to date are offered They are followed by a study of the notion of the wave particle duality of light and the various experiments associated with the quantum enigma in order to arrive at a relativistic interpretation of the enigma one that is shown to be capable of critically cohering other offered interpretations The book concludes with a heuristic presentation of the ontology epistemology and methodology of what Tamdgidi calls the creative dialectics of reality The volume essays involve critical comparative integrative reflections on the relevant works of founding and contemporary scientists and scholars in the field This study is the first in the monograph series Tayyebah Series in East West Research and Translation of Human Architecture Journal of the Sociology of Self Knowledge XIII 2020 published by OKCIR Omar Khayyam Center for Integrative Research in Utopia Mysticism and Science Utopistics OKCIR is dedicated to exploring in a simultaneously world historical and self reflective framework the human search for a just global society It aims to develop new conceptual methodological theoretical historical practical pedagogical inspirational and disseminative structures of knowledge whereby the individual can radically understand and determine how world history and her his selves constitute one another Reviews Mohammad H Tamdgidi s Liberating Sociology From Newtonian Toward Quantum Imaginations Volume 1 Unriddling the Quantum Enigma hits the proverbial nail on the head of an ongoing problem not only in sociology but also much social science namely many practitioners allegiance consciously or otherwise to

persisting conceptions of science that get in the way of scientific and other forms of theoretical advancement Newtonianism has achieved the status of an idol and its methodology a fetish the consequence of which is an ongoing failure to think through important problems of uncertainty indeterminacy multivariation multidisciplinary and false dilemmas of individual agency versus structure among many others Tamdgidi has done great service to social thought by bringing to the fore this problem of disciplinary decadence and offering in effect a call for its teleological suspension thinking beyond disciplinarity through drawing upon and communicating with the resources of quantum theory not as a fetish but instead as an opening for other possibilities of social including human understanding The implications are far reaching as they offer as the main title attests liberating sociology from persistent epistemic shackles and thus many disciplines and fields connected to things social This is exciting work A triumph The reader is left with enthusiasm for the second volume and theorists of many kinds with proverbial work to be done Professor Lewis R Gordon Honorary President of the Global Center for Advanced Studies and author of *Disciplinary Decadence Living Thought in Trying Times* Routledge Paradigm 2006 and *Freedom Justice and Decolonization* Routledge forthcoming 2020 Social sciences are still using metatheoretical models of science based on 19th century newtonian concepts of time and space Mohammad H Tamdgidi has produced a tour de force in social theory leaving behind the old newtonian worldview that still informs the social sciences towards a 21st century non dualistic non reductionist transcultural transdisciplinary post Einsteinian quantum concept of TimeSpace Tamdgidi goes beyond previous efforts done by titans of social theory such as Immanuel Wallerstein and Kyriakos Kontopoulos This book is a quantum leap in the social sciences at large Tamdgidi decolonizes the social sciences away from its Eurocentric colonial foundations bringing it closer not only to contemporary natural sciences but also to its convergence with the old Eastern philosophical and mystical worldviews This book is a masterpiece in social theory for a 21st century decolonial social science A must read Professor Ramon Grosfoguel University of California at Berkeley Tamdgidi's *Liberating Sociology* succeeds in adding physical structures to the breadth of the world changing vision of C Wright Mills the man who mentored me at Columbia Relativity theory and quantum mechanics can help us to understand the human universe no less than the physical universe Just as my *Creating Life Before Death* challenges bureaucracy's conformist orientation so does *Liberating Sociology* liberate the infinite possibilities inherent in us Given our isolation in the Coronavirus era we have time to follow Tamdgidi in his journey into the depth of inner space where few men have gone before It is there that we can gain emotional strength just as Churchill Roosevelt and Mandela empowered themselves That personal development was needed to address not only their own personal problems but also the mammoth problems of their societies We must learn to do the same Bernard Phillips Emeritus Sociology Professor Boston University

The Inner Workout Colleen Hoffman Smith,2010-04-20 Feel peace and love in your heart and your life Create a strong and healthy self worth through a daily exercise called The Inner Workout Developed by author Colleen Hoffman Smith this daily mental regimen can help keep you emotionally fit In this her third self help book Smith provides instruction and a workbook to help you move through negative emotional pain to reach a natural state of pure love Each day this exercise is used to connect to your emotions as you Acknowledge your feelings Speak

the voice of your feelings See the truth of what the experience and person is showing Release any thought that creates negativity Let go of anyone's love and approval Forgive the other person and yourself Open your heart to love and peace Feel your compassionate heart and breathe fully The Inner Workout creates a daily support system to keep you connected to your personal strength and it shows you how to create healthy relationships communication self worth and life purpose It's a complete guide supporting your journey to inner peace taking you from A to BE **Liberate Yourself from Karma** Rae Chandran, 2020-06-10 Surprisingly there have been few updates on the subject of karma Advances in new technology have helped spirituality also advance as it is more accessible In this book Rae Chandran channels various masters and the Creator downloading new wisdom about karma including how it affects humanity even though we are not aware of it The purpose of this book is to help you awaken to a new understanding about karma Learn how to balance it with easy exercises sacred geometry and sound This newly channeled material reveals much information unknown before now Earth is not the only planet in the solar system and we should take advantage of the wisdom from highly evolved beings to reduce our suffering Many concepts are new and they are supported by advanced human beings Read this book with an open mind to understand this new wisdom It might help you shed unnecessary burdens so that you can move more quickly toward ascension The Paradox of Love Pascal Bruckner, 2012-02-13 A provocative reflection on the dilemmas of modern love The sexual revolution is justly celebrated for the freedoms it brought birth control the decriminalization of abortion the liberalization of divorce greater equality between the sexes women's massive entry into the workforce and more tolerance of homosexuality But as Pascal Bruckner one of France's leading writers argues in this lively and provocative reflection on the contradictions of modern love our new freedoms have also brought new burdens and rules without however wiping out the old rules emotions desires and arrangements the couple marriage jealousy the demand for fidelity the war between constancy and inconstancy It is no wonder that love sex and relationships today are so confusing so difficult and so paradoxical Drawing on history politics psychology literature pop culture and current events this book a best seller in France exposes and dissects these paradoxes With his customary brilliance and wit Bruckner traces the roots of sexual liberation back to the Enlightenment in order to explain love's supreme paradox epitomized by the 1960s oxymoron of free love the tension between freedom which separates and love which attaches Ashamed that our sex lives fail to live up to such liberated ideals we have traded neuroses of repression for neuroses of inadequacy and we overcompensate Our parents lied about their morality Bruckner writes but we lie about our immorality Mixing irony and optimism Bruckner argues that when it comes to love we should side neither with the revolutionaries nor the reactionaries Rather taking love and ourselves as we are we should realize that love makes no progress and that its messiness surprises and paradoxes are not merely the sources of its pain but also of its pleasure and glory *The Royal Law of Liberty* Darwin Chandler, 2003 This book is a frontal assault on all law based obedience oriented religion Most Christians carry a load of spiritual bondage condemnation guilt and shame Some are deeply despondent and

depressed because this load is too heavy for them to bear Few Christians are truly confident in their personal relationship with God This situation exists because 1 Christians are generally unable to distinguish between actual sin versus mere human opinion about sin 2 Christians do not understand that Jesus set them free from obedience based religion 3 Christians do not know how to decide for themselves what is truly moral 4 Christians have no real experience of Christian Liberty These issues are examined in sufficient detail to enable one to understand the radical nature of the freedom for which Christ set us free Gal 5 1 The author's goal is to destroy the roots of religious legalism so Christian believers can live the life of freedom which is their spiritual blood right Beginning with a development of the Master Key to Biblical morality the nature and implications of Christ's Law of Love are thoroughly explored Next the author discusses the true nature of morality answering the question What exactly makes a thing sinful Careful attention is given to the concept of defilement or uncleanness with a bold look at Paul's revolutionary statement that nothing is unclean of itself Rom 14 14 20 In Part Three Legalism is exposed in all its ugliness This section details the Biblical method for determining what is truly sin and what is merely human opinion Part Four destroys the bitter root of Legalism with persistent emphasis on the fact that Jesus Christ ended the rule of law by His life death and resurrection Part Five looks at the theology of Galatians the Christian's Emancipation Proclamation closing with pointed illustration of how this all affects a Christian's liberty to exercise personal choice in what's he will or won't do Five appendices explore several specific issues raised by the preceding study These include Conclusions About Christian Liberty Contradictory Scriptures Christian Liberty and Sexual Issues The Necessity Of Experiencing Freedom The Non Negotiables of Bible Study This is the only book on Christian Freedom written by an ex Fundamentalist The author was raised in an atmosphere of extreme legalism The first half of his Christian ministry was spent preaching defending and even debating the concepts that he now seeks to destroy The author lived in legalism forty years He understands legalism He therefore knows how to attack its vulnerable spots His goal was not to write a book but to give to anyone who is interested information that will set them free from bondage to legalism and open the pathway to self government under the rule of love For more information on spiritual freedom visit the author's website www.freedomguide.net
