**Governance Innovations in the Asia-Pacific Region** Gambhir Bhatta, Joaquin L. Gonzalez III, 2019-01-15. Published in 1998. The debate on what constitutes good governance and more importantly how to attain it is not a new issue. The elusive and pluralistic nature of governance ensures that much more needs to be studied about the specific incidence of good governance before a unifying theme on how exactly to develop a universal framework of application of governance can be finalized. It is within this context that this book seeks to fill a vacuum in the theory/practice dichotomy that it argues has dominated the debate on governance so far. *Health, Dignity and Development* R. L.
