**Lowcountry Time and Tide** James H. Tuten, 2012-11-26 A thorough account of rice culture's final decades and of its modern legacy In mapping the slow decline of the rice kingdom across the half century following the Civil War James H Tuten offers a provocative new vision of the forces agricultural environmental economic cultural and climatic stacked against planters laborers and millers struggling to perpetuate their once lucrative industry through the challenging postbellum years and into the hardscrabble twentieth century Concentrating his study on the vast rice plantations of the Heyward Middleton and Elliott families of South Carolina Tuten narrates the ways in which rice producers both the former grandees of the antebellum period and their newly freed slaves sought to revive rice production Both groups had much invested in the economic recovery of rice culture during Reconstruction and the beginning decades of the twentieth century Despite all disadvantages rice planting retained a perceived cultural mystique that led many to struggle with its farming long after the profits withered away Planters tried a host of innovations including labor contracts with former slaves experiments in mechanization consolidation of rice fields and marketing cooperatives in their efforts to rekindle profits but these attempts were thwarted by the insurmountable challenges of the postwar economy and a series of hurricanes that destroyed crops and the infrastructure necessary to sustain planting Taken together these obstacles ultimately sounded the death knell for the rice kingdom The study opens with an overview of the history of rice culture in South Carolina through the Reconstruction era and then focuses on the industry's manifestations and decline from 1877 to 1930 Tuten offers a close study of changes in

agricultural techniques and tools during the period and demonstrates how adaptive and progressive rice planters became despite their conservative reputations He also explores the cultural history of rice both as a foodway and a symbol of wealth in the lowcountry used on currency and bedposts Tuten concludes with a thorough treatment of the lasting legacy of rice culture especially in terms of the environment the continuation of rice foodways and iconography and the role of rice and rice plantations in the modern tourism industry      **Food, Folklore, and Art of Lowcountry Cooking** Joseph Dabney,2010 The perfect gift for Southerners history lovers and foodies alike Discover the secrets of one of the most mysterious romantic regions in the South the Lowcountry James Beard Cookbook of the Year Award winning author Joe Dabney produces another gem with this comprehensive celebration of Lowcountry cooking Packed with history authoritative folklore photographs and fascinating sidebars Dabney takes readers on a tour of the Coastal Plain including Charleston Savannah and Beaufort the rice plantations and the sea islands Includes Benne Seed Biscuits Sweet Potato Pie Frogmore Stew She Crab Soup Brunswick Stew Hoppin John Oyster Purloo Cooter Soup Hags Head Cheese Goobers And much much more      **Lowcountry** John Allman,2007 A moving and eloquent new collection of poetry celebrating Allman s winter home in South Carolina
