British Museum Catalogue of printed Books ,1881 **English Church Polyphony** Roger Bowers,2024-10-28 The theme of the essays in this volume is the identification of the resources which between c 1320 and 1642 the English church saw fit to provide for the performance of the music of its liturgy Individual essays describe the music and the choirs of Canterbury and Lincoln Cathedrals Winchester Cathedral Priory and the private chapel of Cardinal Wolsey while the personnel of the chapels of Edward III the Black Prince and John of Gaunt emerge from study of the texts of compositions of the 14th century From the alignment of contemporary musical and archival sources there arises a web of conclusions relating to the size of ensemble vocal scoring and sounding pitch envisaged by its composers for English church polyphony of the period c 1320 1559 These essays thus encompass the two most profound of the revolutions to which the music of the English

church was subject at this period the inauguration and widespread adoption of choral polyphony in the years c 1455 85 and the liturgical and doctrinal Reformation of 1547 to 1563 **The Publishers' Circular and Booksellers' Record** ,1929

The Late Medieval English Church G.W. Bernard,2012-06-26 The later medieval English church is invariably viewed through the lens of the Reformation that transformed it But in this bold and provocative book historian George Bernard examines it on its own terms revealing a church with vibrant faith and great energy but also with weaknesses that reforming bishops worked to overcome Bernard emphasizes royal control over the church He examines the challenges facing bishops and clergy and assesses the depth of lay knowledge and understanding of the teachings of the church highlighting the practice of pilgrimage He reconsiders anti clerical sentiment and the extent and significance of heresy He shows that the Reformation was not inevitable the late medieval church was much too full of vitality But Bernard also argues that alongside that vitality and often closely linked to it were vulnerabilities that made the break with Rome and the dissolution of the monasteries possible The result is a thought provoking study of a church and society in transformation **Descriptive Catalogue of the Charters, Rolls, Deeds, Pedigrees, Pamphlets, Newspapers, Monumental Inscriptions, Maps, and Miscellaneous Papers Forming the Jackson Collection at the Sheffield Public Reference Library** Sheffield City Libraries,1914 *Writing Under Tyranny* Greg Walker,2005-10-20 Greg Walker examines the impact of tyrannical government on the work of poets playwrights and prose writers in the early English Renaissance Paper-Maker and British Paper Trade Journal ,1920
