A Portrait of the Artist as Australian Paul Matthew St. Pierre, 2004 This book is the first critical assessment of Humphries entire oeuvre especially his career as an author Arguing that Humphries is one of Australia s greatest writers the author reveals a multi faceted artist whose success is rooted in the British music hall tradition Dadaism and grotesquerie Being Australian has also fundamentally shaped the performer and writer and the author s defence of Humphries against charges of expatriatism is pertinent to the debate on Australian national identity *Dr. Seuss's Spooky Things* Dr. Seuss, 2024-08-13 Carve out family time for this Halloween themed board book featuring Thing One and Thing Two from Dr Seuss s *The Cat in the Hat* Written in super simple rhyme children will giggle with glee at this ever so slightly spooky board book starring Things One and Two dressing up in classic Halloween costumes including ghosts bats skeletons black cats and pumpkins It s a sweet Halloween treat and a great way to introduce little ones to the world of Dr Seuss **Die at the Right Time!** Eric v.d. Death Is Not "The End" Mandy Berlin, 2015-06-04 On December 23 2003 as death released her beloved husband Max from the ravages of cancer Mandy Berlins life also changed Soon after her husband passed away Mandy began to experience uncanny even miraculous happenings As a retired scientist she approached the mystery the way she had been trained to do through empirical observation and analysis She kept meticulous records of the astounding sights and sounds she witnessed Her documentation also included the stories of stunned loved ones who called her in the days after Max passed The result is Death Is Not The End the detailed account of her journey from grief to hope and faith An agnostic in the years before her husband's death she knew that these amazing experiences challenged her lack of belief Time and again a synchronistic melody would play as an uncanny episode presented itself to awestruck Mandy and others Here she invites readers into detailed accounts of more than fifty experiences beyond natural explanation On the one year anniversary of her beloved Max's departure another life changing event opened Mandys eyes to a startling promise and a new way of living being Was Max really gone forever One year after he died just minutes before the time recorded on her husband's death certificate Mandy witnessed a mind numbing event that had the effect of solidifying her awe inspiring experiences She now embraces a new understanding of life death and the subtle boundaries between and shares it all in this memoir

Woodward,2020-06-08 Recent years have seen not just a revival but a rebirth of the analogue record More than merely a nostalgic craze vinyl has become a cultural icon As music consumption migrated to digital and online this seemingly obsolete medium became the fastest growing format in music sales Whilst vinyl never ceased to be the favorite amongst many music lovers and DJs from the late 1980s the recording industry regarded it as an outdated relic consigned to dusty domestic corners and obscure record shops So why is vinyl now experiencing a rebirth of its cool Dominik Bartmanski and Ian Woodward explore this question by combining a cultural sociological approach with insights from material culture studies Presenting vinyl as a multifaceted cultural object they investigate the reasons behind its persistence within our technologically accelerated culture Informed by media analysis urban ethnography and the authors interviews with musicians DJs sound engineers record store owners collectors and cutting edge label chiefs from a range of metropolitan centres renowned for thriving music scenes including London New York Tokyo Melbourne and especially Berlin what emerges is a story of a modern icon
