Book VII of Lucan's De Bello Civili recounts the decisive victory of Julius Caesar over Pompey at the Battle of Pharsalus on 9 August 48 BCE Uniquely within Lucan's epic the entire book is devoted to one event as the narrator struggles to convey the full horror and significance of Romans fighting against Romans and of the republican defeat Book VII shows both De Bello Civili and its impassioned partisan narrator at their idiosyncratic best Lucan's account of Pharsalus well illustrates his poem's macabre aesthetic his commitment to paradox and hyperbole and his highly rhetorical presentation of events This is the first English commentary on this important book for more than half a century It provides extensive help with Lucan's Latin and seeks to orientate students and scholars to the most important issues themes and aspects of this brilliant poem

Lucan: De Bello Civili Paul Roche, 2009-09-24 A comprehensive new edition including introduction text with apparatus criticus and commentary of the Latin text of the first book of Lucan's De Bello Civili an important and influential epic poem written in the 60s AD which recounts the civil war between Julius Caesar and Pompey in the years 49-45 BC **A**

Commentary on Lucan, "De bello civili" IV Paolo Asso, 2010-03-26 Book 4 of Lucan's epic contrasts Europe with Africa At the battle of Lerida Spain a violent storm causes the local rivers to flood the plain between the two hills where the opposing armies are camped Asso's commentary traces Lucan's reminiscences of early Greek tales of creation when Chaos held the elements in indistinct confusion This primordial broth sets the tone for the whole book After the battle the scene switches to the Adriatic shore of Illyricum Albania and finally to Africa where the proto-mythical water of the beginning of the book cedes to the dryness of the desert The narrative unfolds against the background of the War of the Elements The Spanish deluge is replaced by the desiccated desolation of Africa The commentary contrasts the representations of Rome with Africa and explores the significance of Africa as a space contaminated by evil but which remains an integral part of Rome Along with Lucan's other geographic and natural scientific discussions Africa's position as a part of the Roman world is painstakingly supported by astronomic and geographic erudition in Lucan's blending of scientific and mythological discourse The poet is a visionary who supports his truth claims by means of scientific discourse **Pharsalia** Lucan, 1993 Lucan's great poem Pharsalia recounts events surrounding the decisive battle fought near Pharsalus in 48 B C during the civil war between the forces of Pompey and Julius Caesar Though the subject of this unfinished masterpiece is historical many of its features are

characteristic of epic poetry Rousing battle scenes tales of witches monsters and miracle detailed catalogues intricate similes and speeches with a high degree of rhetorical elegance However Lucan's deft mix of humor and horror of political satire literary parody history and epic is entirely his own Jane Wilson Joyce's superb translation conveys the drama and poetry of the original Her use of natural English rhythms in a loose six beat line comes close to matching the original Latin hexameters while her language preserves Lucan's sequence of images An enlightening introduction notes and a full glossary augment the translation Lucan: De Bello Civili Book 1 Paul Roche, 2009-09-24 This is a full scale edition the first in nearly 70 years of the first book of Lucan's De Bello Civili an important and influential epic poem written in the 60s AD which recounts the civil war between Julius Caesar and Pompey in the years 49-45 BC The volume includes an introduction text with apparatus criticus and commentary The introduction provides the reader with a number of the most important contexts for understanding Lucan's subject matter and his approach to this material The commentary pays particular attention to interpretative linguistic literary historical social and philosophical issues arising from the narrative of Book 1 Caesar and the Storm Monica Matthews, 2008 This commentary on a part of book 5 of Lucan's historical epic poem De Bello Civili aims to provide the reader with as thorough an analysis as possible of literary and historical points of interest within the text and so to facilitate a fuller understanding and appreciation of one of the most important episodes in the poem Julius Caesar's failed attempt to cross the Adriatic in the midst of a great storm It examines how the episode contributes to the long tradition of epic storm narratives dating back to Homer and also how it contributes to the wider themes of the poem as a whole in particular to Lucan's portrayal of Caesar A line by line commentary is combined with longer notes summarizing issues of particular importance Such issues include the influence of Roman love poetry in the depiction of the relationship between Caesar and his men Lucan's use of Virgil's Nisus and Euryalus episode and the tradition of theoxeny narratives lying behind the scene at the home of the fisherman Amyclas which allows us to view Caesar as playing the part of a traditional god or hero Throughout Lucan's engagement with the works of Homer Virgil particularly the Aeneid but also the Georgics Ovid and Seneca and the ways in which the lack of a traditional divine machinery in his poem is compensated for are considered
