Gupta,2002-05-30 Through analysis of an impressive array of low and high Hindu literatures particularly pamphlets tracts newspapers and archival data Gupta explores the emerging discourse of gender and sexuality which was essential to the development of notions of Hindu communality and nationalism in the colonial period The book offers an exceptionally nuanced account of Hindi gender politics *The Formation of the Colonial State in India* Hayden J. Bellenoit,2017-02-17 In the period between the 1770s and 1840s through the process of colonial state formation the early colonial state in India was able to harness and extract vast amounts of agrarian wealth in north India However little is known of the histories of the Indian scribes and the role they played in shaping the early patterns of British colonial rule This book offers a new way of interpreting the colonial state s origins in north India It examines how the formation of early agrarian revenue settlements exacerbated an extant late Mughal taxation tradition and how the success of British power was shaped by this extant paper oriented revenue culture It goes on to examine how the service and cultural histories of various Hindu scribal communities fit within broader changes in political administration taxation patterns of governance and a shared Indo Islamic administrative culture The author argues that British power after the late eighteenth century came as much through bureaucratic mastery paper and taxes as it did through military force and commercial ruthlessness The book draws upon private family papers interviews and Persian sources to demonstrate how the fortunes of scribes changed between empires and the important role they played at the height of the British Raj by 1900 Offering a detailed account of how agrarian wealth provided the bedrock of the colonial state s later patterns of administration this book is a unique and refreshing contribution to studies in South Asian History Governance and Imperialism *Gender, Sex, and the City* R. Vanita,2012-02-14 Explores the urban cosmopolitan sensibilities of Urdu poetry written in the late eighteenth and early nineteenth centuries in Lucknow Ruth Vanita analyzes Rekhti a type of Urdu poetry distinguished by a female speaker and a focus on women s lives and shows how it became a catalyst for the transformation of the ghazal **The Kingdom of Awadh** Surya Narain Singh,2003 Comes The Period Between 1720 To 1856 And Provides An Analysis On Aspects Of Awadh

Kozlowski,2008-10-30 Dr Kozlowski s important study pioneers a fresh approach to the study of a critical Muslim institution the endowments or awqaf which almost everywhere in the Islamic world provide support for mosques schools and shrines The wealthier Muslims who establish endowments inevitably have an eye on social political and economic conditions and have traditionally used awqaf as part of an effort to preserve their wealth and influence especially in periods of change and uncertainty The book focuses on the use of endowments by Muslims suffering the dislocations caused by the imposition of British rule in India and examines in detail the social and political implications of the controversy over endowments that took place in the imperial courts and councils The author s observations and insights can be applied to many periods and places in the Muslim world and his novel approach will attract all those interested in the study of Islam

Writing the Mughal World Muzaffar Alam,Sanjay Subrahmanyam,2011-08-30 Between the mid sixteenth and early nineteenth century the Mughal Empire was an Indo Islamic dynasty that ruled as far as Bengal in the east and Kabul in the west as high as Kashmir in the north and the Kaveri basin in the south The Mughals constructed a sophisticated complex system of government that facilitated an era of profound artistic and architectural achievement They promoted the place of Persian culture in Indian society and set the groundwork for South Asia s future development In this volume two leading

Gandhi & Art and Other Essays Raman Sinha,2024-10-30 In the Vishnudharmottara Purana when Vajra asks about the art of sculpting deities Markandeya responds that understanding sculpture first requires knowledge of painting When Vajra seeks the rules of painting Markandeya further explains that painting itself cannot be understood without knowledge of dance To grasp choreography one must first comprehend music and true understanding of music is only possible through mastery of singing This interdependence of art the insight into the essence of art is not only attractive but also worth deploring especially when over specialization is the norm of our age The essays in this book are a reflection of that ideal seeking to explore and touch even a small part of this artistic interdependence
