They need to find out all they can about the old gods that they suspect are stirring. Their main goal is to find out where they're being imprisoned so they can make sure it's still secure. If the ancient deities escape, all realms will be in peril. Agent Steel sends two of his colleagues to assess Alex's new abilities. They will aid the team to solve a mission involving several lone female werewolves who have gone missing. The squad will need to be on full alert with so many enemies lurking around waiting for the opportunity to strike.

Out of Focus A.L. Lester, 2022-03-26 Alex has never quite believed he's good enough. Not as a person and not as a lighting technician. He hates that however hard he tries, he can't get his boss Luke to like him. In the two years he's been in the job, it's become a thing with him, and he's got a huge crush on the man. He needs to move on for his own sanity and his career, and he's just about to accept a job at a bigger theatre when one of the volunteers he's bedded and dumped pushes him off a ladder. Luke likes Alex a lot and has done since the day he walked through the door of Theatre Fawr two years ago. He doesn't date his staff though or do casual, and Alex is the epitome of casual. So Luke keeps his distance despite Alex's constant flirting. Will Alex's injury give Alex and Luke the push they need to open up to each other? Or will Luke's inadvertent discovery that Alex has a secret job offer push them further apart?

Just a Glance Seamus Omeara, 2015-07-30 My name is Robin, an Essex boy at heart, and as things go, I live a good life now on and off in the west of Ireland in a beautiful picturesque place called the Galway Bay. There are some people who would have called me and my mates gangsters. Sure, we got up to mischief, but it just seemed the right thing to do at the time. We didn't like doing what we did and wanted to get out as soon as we had made enough money. We got into this game by accident in some ways, but then we stayed that far under the radar, we went deeper than a nuclear submarine. Definitely not our interpretation of gangsters. We didn't go around carrying guns, threatening or beating up people, just normal run-of-the-mill guys just trying to earn a few bob and lived by the motto: Don't

pull dont push and be lucky But now having given up all my wild ways if you would like to call it that sold some of my share in the business I have and earned enough money just to spend my time doing the things I love in life a bit of painting fishing part time teaching and having the odd pint of Guinness or as they call it here porter For the past twenty odd years life just cant get better So with this in mind it gives me time to reflect on one particular day twenty odd years ago in a bookies in Romford Essex

Popular Politics and Resistance Movements in South Africa William Beinart, Marcelle C. Dawson, 2010-12-01 An examination of post apartheid politics This volume explores some of the key features of popular politics and resistance before and after 1994 It looks at continuities and changes in the forms of struggle and ideologies involved as well as the significance of post apartheid grassroots politics Is this a new form of politics or does it stand as a direct descendent of the insurrectionary impulses of the late apartheid era Posing questions about continuity and change before and after 1994 raises key issues concerning the nature of power and poverty in the country Contributors suggest that expressions of popular politics are deeply set within South African political culture and still have the capacity to influence political outcomes The introduction by William Beinart links the papers together places them in context of recent literature on popular politics and history from below and summarises their main findings supporting the argument that popular politics outside of the party system remain significant in South Africa and help influence national politics The roots of this collection lie in post graduate student research conducted at the University of Oxford in the early twenty first century
