One Lucky Bastard James B. Myers, 2010-06 One Lucky Bastard A Memoir is a story inspired by an event that occurred in 1995 when my biological mother and I were reunited for the first time in 37 years I was born a bastard big deal not everyone enters the world through the eyes of Norman Rockwell The important thing was that I was adopted well My parents loved me and were excellent providers By age twelve however certain issues regarding my sexual orientation emerged During that period of chaos known as puberty I chose to hide behind a straight relationship for eight years until it tragically fell apart Little did I know but that was just the beginning of a series of extraordinary challenges including the death of my soul mate brought on by the onslaught of AIDS There was the murder of my Godchild s mother by her husband My father would die on the floor of a VA hospital and my mother would go on to develop Alzheimer s disease As the first thirty seven years of my life came its darkest point I found myself searching for my biological roots Fate gracefully

stepped in and guided me towards the mother who was forced to give me away at birth and a reunion took place that changed two lives forever One Lucy Bastard A Memoir will appeal to anyone who has been involved in an adoption experience and to everyone who has struggled to find authenticity in their lives James B Myers lives in Los Angeles California

Vergara,2023-10-04 Speculative fiction has been traditionally studied in Marxist literary criticism following Darko Suvin s paradigmatic model of science fiction according to a hierarchical division of its multiple subgenres in terms of their assumed inherent political value By drawing on an alternative genealogy of Marxist criticism this book presents a non hierarchical understanding of the estrangement connecting all varieties of speculative fiction outlining the political potential shared across the spectrum of speculative fiction along with the specific narrative strategies by which it critically engages with its historical context of production This study s main point of contention is that speculative fiction performs an estrangement effect on historical reality that can potentially render visible the role of fantasies in the organisation of capitalist social practice This narrative effect enables an estranged perspective by which the novel interprets and conceptualises historical reality in a totalising manner **The Random Reader** Various Authors,2011-12-26 From fifteen of New Zealand s finest
