heritage that is part fictional and mediated. In turn, tourism operators and destination marketing organisations refashion what they present to fit these imagined images. This book explores this imagining of a mythic West through three key themes: travel, film, and frontiers, to offer new insight into how the imagination of the West and popular culture has influenced the construction of tourism. In doing so, it examines the series of paradoxes that underlie the basic appeal of the West: evocative frontier, a boundary zone between civilisation and wilderness, and between order and lawlessness. It draws on a range of films and literature as well as varying places from festivals to national parks to showcase different aspects of the nexus between travel, film, and frontiers in this fascinating region. Interdisciplinary in character, it includes perspectives from cultural studies, American studies, tourism, and film studies. Written by leading academics, this title will be valuable reading for students, researchers, and academics in the fields of cultural studies, tourism, film studies, and media studies, and all those interested in film tourism.

Sarah's Blessing Jerald Beverland, 2017-10-06 In the 1800s, the great and uncharted American West promised a glimmer of hope to poor folks east of the Mississippi River in need of new adventure and new life. Wagon trains traveled the renowned Oregon and Mormon Trails; their paths often paved with the graves of courageous men and women who dreamt of gold and the promise of prosperity. John McCrumb takes his family on one such dangerous trek, including his beloved wife Sarah, their two beautiful daughters Lucy and Amy, and their two adventurous sons Jerald and Jacky. A ragtag group of extras tags along on their journey, including some cowpokes from Tennessee, a blind girl, and a giant mountain man, each answering the call for an alluring life out west. Despite Sarah's deteriorating health, John presses on toward their goal. They must survive a buffalo stampede, an angry grizzly, and even kidnapping by Ute Indians before reaching their final destination. The Wild West is a beautiful, untamed place, but Sarah's unshaking faith in God leads them ever closer to their goal. Even tragedy will not stop these pioneers inspired by the American dream of freedom and greatness.

Speculative Wests Michael K. Johnson, 2023-03-2024 Thomas J. Lyon Book Award Winner sponsored by Western Literature Association. Looking across the cultural landscape of the twenty-first century, its literature, film, television, comic books, and other media, we can see multiple examples of what Shelley S. Rees calls a changeling western, what others have called weird westerns, and what Michael K. Johnson refers to as speculative westerns: that is, hybrid western forms created by merging the western with one or more speculative genres or subgenres, including science fiction, fantasy, horror, and alternate history. *Speculative Wests* investigates both speculative westerns and other speculative texts that feature western settings. Just as western refers both to a genre and a region, Johnson's narrative involves a study of both genre and place: a study of the speculative Wests that have begun to emerge in contemporary texts, such as the zombie-threatened California of Justina Ireland's *Deathless Divide* (2020), the reimagined future Navajo nation of Rebecca Roanhorse's *Sixth World* series (2018-19), and the complex temporal and geographic borderlands of Alfredo V. A's time-travel novel *The Mexican Flyboy* (2016). Focusing on literature, film, and television from 2016 to 2020, *Speculative Wests* creates new visions of the American West.

Worlding the Western Neil Campbell, 2022-09-13. *Worlding the Western* views the fiction of the Western United States as a focal point for a reexamination of the consequences of the exceptionalism and closed borders of the Trump Era. At a time of bounded individualism, new nativism, climate emergency, and migration crises, author Neil Campbell argues that fiction offers opportunities to challenge the dark side of globalization. He proposes worlding as a different and more open form of politics. Diversity, disparity, and opposition are central to the dynamic frictional fiction considered in this book. The American West provides a powerful test case in which these features are present and yet

historically have often been masked or denied in the rush toward unanimity and nation building Worlding is therefore a positive critical concept through which to view the notion of a single world under pressure
