Nurturing Young Black Males Challenges To Agencies Programs And Social Policy:

Nurturing Young Black Males Ronald B. Mincy, 1994 Examines mentoring programs aimed at helping young African American males *Social Work With African American Males* Waldo E. Johnson Jr., 2010-05-26 African American males have never fared as poorly as they do currently on a number of social indicators They are less likely to complete high school than their white male and female or African American female peers they are more likely to exhibit depressive symptoms and they have fewer sanctioned coping strategies Arguably no other group in American society has been more maligned regularly faced with tremendous odds that uniquely threaten their existence When they do receive education mental health and physical health services it is often in correctional settings They are marginalized in public policies on secondary and higher education attainment marriage and parental expectations public welfare health housing and community development Yet they remain overlooked in health and social science research and are stereotyped in the popular media Taking a step back from the traditionally myopic view of African American males as criminals and hustlers this groundbreaking book provides a more nuanced and realistic portrait of their experiences in the world Chapter authors both established and emerging scholars of social problems relevant to African Americans offer a comprehensive overview of the social and economic data on black males to date and the significant issues that affect them from adolescence to adulthood Via in depth qualitative interviews as well as comprehensive surveys and data sets their physical mental and spiritual health and emerging family roles are considered within both individual and communal contexts Chapters cover health issues such as HIV and depression fatherhood and family roles suicide violence academic achievement and incarceration With original research and a special eye toward enhancing social work and social welfare intervention practice with this often overlooked subpopulation of American society this volume will be of great interest to researchers interested in African American issues students practitioners and policy makers [Resources in Education](#), 1995 **Defining Salvation in the Context of Black Theology** James T. Murphy, Jr., 2012-08 An initial introduction to the study of Christian theology is both exciting and invigorating for students of its discipline One can become enameled in the classic perspectives of theology without any consideration of a possible alternative Defining Salvation in the Context of Black Theology is an exit from the classic conviction that trumpets the doctrine of soteriology attributing its substance to the posture of eternity while ignoring the importance of salvation in the existential Careful not to reject the question of eternal life but examining the nuances of the term salvation empowers this work to present the like manner essential that having salvation is just as much about now than it is in the here after **Segregation, Poverty, and Mortality in Urban African Americans** Anthony P. Polednak, 1997 This book brings together the results of several studies examining mortality rates for African Americans in selected U S urban areas in relation to both social class and the degree of black white residential segregation **Confronting Poverty** Sheldon Danziger, Gary D. Sandefur, Daniel H. Weinberg, 1994 Confronting Poverty proposes thoughtful reforms in

employment and training child support health care education welfare immigration and urban policies all crafted from the successes as well as the failures of policies over the past three decades

Beating the Odds: Pedagogy, Praxis and the Life-World of Four African American Men Dr. James Oliver Richardson Jr.,2013-03-20 The purpose of my qualitative research is to reveal how four African American men overcame inferior education and Jim Crow laws In the early twentieth century the social and economic conditions of African American men were appalling yet they refused to accept the notion of inferior beings and second class citizenship Phenomenological interviews were conducted The major conclusions that evolved from the data were that family and church were significantly important to the participants This is a study about four African American mens pedagogy praxis and their quest for discovery

self realization and high expectations My inquiry is also about their struggles dreams failures and disillusionment **Family Diversity and Family Policy: Strengthening Families for America's Children** Richard M. Lerner,Elizabeth E. Sparks,Laurie D. McCubbin,2013-03-09 Family Diversity and Family Policy describes the dimensions of diversity which characterize the contemporary American family and discusses the implications for public policy and associated intervention programs linked to this diversity The authors contend that if the programs and policies available to support families are to be most useful they need to reflect the diversity of the families they intend to help Beginning with a discussion of the historical and contemporary context of the American family Family Diversity and Family Policy focuses on child poverty and argues that this topic may be usefully studied within the context of developmental systems theory This theory systematically links the development of individuals to variations in their physical and social ecology and is used as a framework for discussing Contemporary challenges faced by parents charged with rearing adolescents and the familial and societal issues that arise when the adolescents being reared are parents themselves Current policy issues that arise from welfare debates in the United States and from recently enacted welfare reform legislation The importance for our nation of developing a comprehensive national youth policy The authors draw implications for the design delivery and evaluation of diversity sensitive policies and programs for families and youth and offer a vision of how to link scholars policy makers and community members in multi professional and multi institutional collaborations promoting the positive development of American families and youth Family Diversity and Family Policy is relevant to scholars and policy makers interested in human development particularly of children and adolescents In addition it should be essential reading for practitioners and policy makers in government private industry and public and private social service organizations Integration Matters C. P. Gause,2008 The United States is more racially culturally and linguistically diverse now than at any given point in its history Urbanization and immigration are key contributors to population growth and shifts particularly in the southeastern part of the country Educators are scrambling to determine how best to serve different demographics and many families in new places are trying to adjust to unfamiliar school systems For all concerned this period of adjustment is marked by significant personal curricular and institutional development However one group of individuals has not maintained pace with the rest African American males continue to lag behind their counterparts in every measured educational variable as outlined by the No Child Left Behind legislation despite the educational social and economic changes of the past fifty years since the 1954 landmark Brown vs Board of Education decision This book beyond providing educators parents and students with a critique of present day educational experiences for those who are the other in America particularly the black male conceptually integrates queer legal theory the tenets of critical spirituality and notions of collaborative activism to construct a blueprint for realizing academic achievement and academic success for all students Minority Student Retention Alan Seidman,2019-05-23 Student retention continues to be a vexing problem for all colleges and universities In spite of the money spent on creating

programs and services to help retain students until they achieve their academic and personal goals and graduate the figures have not improved over time This is particularly true for minority students who have a greater attrition rate than majority students Demographic information shows that the minority population in the United States is growing at a faster rate than the majority It is imperative that educational institutions find ways to help improve retention rates for all students but particularly minority students Retention rates should not differ appreciably among different racial ethnic groups The Journal of College Student Retention Research Theory and Practice is the only scholarly peer reviewed journal devoted solely to college student retention It has published many articles on minority student retention and this topic continues to garner much attention This book is a compilation of the very best of these articles selected on the basis of reviews by a cadre of experts in the education field The articles discuss African American Latino Latina Asian and Asian Pacific Native American and biracial students and institutional commitments to retaining a diverse student population For those interested in this vital area the collection will teach and inspire them to achieve greater heights and pay additional attention to retaining minority students in our colleges and universities *Crossroads* Louise Carus Mahdi,Nancy Geyer Christopher,Michael Meade,1996 Thinkers and activists from many orientations and traditions are now coming together to explore ways to reconstitute rites of passage as a form of community healing for our public and personal ills Crossroads is a comprehensive collection of over fifty cutting edge writings on diverse aspects of the transition to adulthood In no uncertain terms Crossroads opens our eyes to our responsibility to the adolescents who are now growing up without sacred rituals and hence without knowledge of spiritual roots in their culture Many of the writers have first hand experience and first rate ideas of how to transform this cultural crisis Crossroads also challenges us to integrate our own inner adolescent Piercing insight with realistic hope Marlon Woodman The Ravaged Bridegroom **Teaching About Adolescence** John McKinney,Lawrence Shelton,Lawrence Shiamberg,2019-05-30 For this volume Professors McKinney Schiamberg and Shelton assembled contributors to write about something that is written about far too infrequently How to present scientific research on adolescent development in ways students find interesting believable relevant and worth remembering when the term is over Graduate education in adolescent development almost always guarantees adequate training in research and theory but training in creative pedagogy is more often than not left to chance Those of us who teach adolescence regularly know that colleagues all over the world use innovative approaches to take advantage of the real world relevance of the material but most of these approaches remain insiders tricks of the trade Teaching About Adolescence is to my knowledge the first volume that describes and explains how and more importantly why the best teachers of adolescence do what they do It is a much needed book But this book is much more than a collection of recipes for interesting class exercises or term projects First published in 1999 Routledge is an imprint of Taylor Francis an informa company *Reconnecting Youth & Community* ,1996
