## Old Abe The Eagle Hero:

**Old Abe, Eagle Hero** Patrick Young, 2010 Old Abe a spirited bald eagle with legend inspiring powers was the Civil War s most famous mascot This picture book account of Abe s adventures brings the battlefield to life as readers join Company C of the 8th Wisconsin Infantry Volunteers and experience the rigors of war trusting Old Abe to be their guide and lift their spirits

**Old Abe** Patrick Young, 1965 The story of a tame eagle who is the mascot of the 8th Wisconsin Infantry Volunteers for three years in the Civil War **Old Abe** Rodney L. Young, 1972 **Grand Reception!** Beethoven Hall (Boston, Mass.), Grand Army of the Republic. Charles Russell Lowell, Post 7 (Lowell, Mass.), 1876 *The Bald Eagle: The Improbable Journey of America's Bird* Jack E. Davis, 2022-03-01 Best Books of the Month Wall Street Journal Kirkus Reviews From the Pulitzer Prize winning author of *The Gulf* a sweeping cultural and natural history of the bald eagle in America The bald eagle is regal but fearless a bird you re not inclined to argue with For centuries Americans have celebrated it as majestic and noble yet savaged the living bird behind their national symbol as a malicious predator of livestock and falsely a snatcher of babies Taking us from before the nation s founding through inconceivable resurgences of this enduring all American species Jack E Davis contrasts the age when native peoples lived beside it peacefully with that when others whether through hunting bounties or DDT pesticides twice pushed *Haliaeetus leucocephalus* to the brink of extinction Filled with spectacular stories of Founding Fathers rapacious hunters heroic bird rescuers and the lives of bald eagles themselves monogamous creatures considered among the animal world s finest parents *The Bald Eagle* is a much awaited cultural and natural history that demonstrates how this bird s wondrous journey may provide inspiration today as we grapple with environmental peril on a larger scale *Animal Histories of the Civil War Era* Earl J. Hess, 2022-03-30 Animals mattered in the Civil War Horses and mules powered the Union and Confederate armies providing mobility for wagons pulling artillery pieces and serving as fighting platforms for cavalrymen Drafted to support the war effort horses often died or suffered terrible wounds on the battlefield Raging diseases also swept through army herds and killed tens of thousands of other equines In addition to weaponized animals such as horses pets of all kinds accompanied nearly every regiment during the war Dogs commonly served as unit mascots and were also used in combat against the enemy Living and fighting in the natural environment soldiers often encountered a variety of wild animals They were pestered by many types of insects marveled at exotic fish while being transported along the coasts and took shots at alligators in the swamps along the lower Mississippi River basin *Animal Histories of the Civil War Era* charts a path to understanding how the animal world became deeply involved in the most divisive moment in American history In addition to discussions on the dominant role of horses in the war one essay describes the use of camels by individuals attempting to spread slavery in the American Southwest in the antebellum period Another explores how smaller wildlife including bees and other insects affected soldiers and were in turn affected by them One piece focuses on the congressional debate surrounding the creation of a national zoo while another tells the story of how

the famous show horse Beautiful Jim Key and his owner a former slave exposed sectional and racial fault lines after the war Other topics include canines hogs vegetarianism and animals as veterans in post Civil War America The contributors to this volume scholars of animal history and Civil War historians argue for an animal centered narrative to complement the human centered accounts of the war Animal Histories of the Civil War Era reveals that warfare had a poignant effect on animals It also argues that animals played a vital role as participants in the most consequential conflict in American history It is time to recognize and appreciate the animal experience of the Civil War period      **Gettysburg Heroes** Glenn W.

LaFantasie,2008-02-05 The Civil War generation saw its world in ways startlingly different from our own In these essays Glenn W LaFantasie examines the lives and experiences of several key personalities who gained fame during the war and after The battle of Gettysburg is the thread that ties these Civil War lives together Gettysburg was a personal turning point though each person was affected differently Largely biographical in its approach the book captures the human drama of the war and shows how this group of individuals including Abraham Lincoln James Longstreet Joshua Lawrence Chamberlain William C Oates and others endured or succumbed to the war and willingly or unwillingly influenced its outcome At the same time it shows how the war shaped the lives of these individuals putting them through ordeals they never dreamed they would face or survive      **Animal Heroes** Julia Moberg,2017-04-10 Forty one true stories about animals who have rescued people prevented disasters and served humans throughout history      *The Story of Old Abe* Malcolm Rosholt,Margaret Rosholt,1987

**Register and Manual** Connecticut. Secretary of the State,1980 Memorial Day ,1904 **Birds, Color Illustrations Vol.7** Various,2016-08-02 IT has become a universal custom to obtain and preserve the likenesses of one's friends Photographs are the most popular form of these likenesses as they give the true exterior outlines and appearance except coloring of the subjects But how much more popular and useful does photography become when it can be used as a means of securing plates from which to print photographs in a regular printing press and what is more astonishing and delightful to produce the real colors of nature as shown in the subject no matter how brilliant or varied We quote from the December number of the Ladies Home Journal An excellent suggestion was recently made by the Department of Agriculture at Washington that the public schools of the country shall have a new holiday to be known as Bird Day Three cities have already adopted the suggestion and it is likely that others will quickly follow Of course Bird Day will differ from its successful predecessor Arbor Day We can plant trees but not birds It is suggested that Bird Day take the form of bird exhibitions of bird exercises of bird studies any form of entertainment in fact which will bring children closer to their little brethren of the air and in more intelligent sympathy with their life and ways There is a wonderful story in bird life and but few of our children know it Few of our elders do for that matter A whole day of a year can well and profitably be given over to the birds Than such study nothing can be more interesting The cultivation of

an intimate acquaintanceship with our feathered friends is a source of genuine pleasure We are under greater obligations to the birds than we dream of Without them the world would be more barren than we imagine Consequently we have some duties which we owe them What these duties are only a few of us know or have ever taken the trouble to find out Our children should not be allowed to grow to maturity without this knowledge The more they know of the birds the better men and women they will be We can hardly encourage such studies too much Of all animated nature birds are the most beautiful in coloring most graceful in form and action swiftest in motion and most perfect emblems of freedom They are withal very intelligent and have many remarkable traits so that their habits and characteristics make a delightful study for all lovers of nature In view of the facts we feel that we are doing a useful work for the young and one that will be appreciated by progressive parents in placing within the easy possession of children in the homes these beautiful photographs of birds The text is prepared with the view of giving the children as clear an idea as possible of haunts habits characteristics and such other information as will lead them to love the birds and delight in their study and acquaintance
