Poisoned Lands By Montague John:

John Montague Frank L. Kersnowski, 1975 Briefly reviews the contemporary Irish writer's thematic concerns and discusses such works as *Forms of Exile* and *A Chosen Light* **Poisoned Lands** John Montague, 1977 *The Dead Kingdom* John Montague, 1984 **Northern Irish Poetry** E. Kennedy-Andrews, 2014-08-18 Through discussion of the ways in which major Northern Irish poets such as John Hewitt, Seamus Heaney, Michael Longley, Louis MacNeice, and Derek Mahon have been influenced by America, this study shows how Northern Irish poetry overflows national borders, complicating and enriching itself through cross-cultural interaction and hybridity. *Modern Irish Writers* Alexander G. Gonzalez, 1997-08-26 While the Irish Literary Revival began around 1885 and ended somewhere between 1925 and 1940, the Irish Renaissance has continued to the present day and shows no sign of abating. The period has produced some of the most important and influential figures in Irish literature, some of whom are counted among the world's greatest authors. The Revival saw a reestablishment of Ireland's literary connections with its Celtic heritage, and writers such as William Butler Yeats and Lady Gregory drew heavily on the myths and legends of the past. James Joyce boldly reshaped the novel and wrote short fiction of enduring value. Contemporary Irish writers continue to be leading figures and include such authors as Brian Friel, Seamus Heaney, and Eavan Boland. Included in this reference book are alphabetically arranged entries for more than 70 modern Irish writers, including Samuel Beckett, William Trevor, Patrick Kavanagh, Medbh McGuckian, Sean O'Casey, J.M. Synge, and Nuala Ni Dhomhnaill. Entries are written by expert contributors and reflect a broad range of perspectives. Each entry contains a brief biography that summarizes the author's career, a discussion of major works and themes, an overview of the author's critical reception, and a bibliography of primary and secondary works. An introductory essay reviews the large and growing body of scholarship on modern Irish literature, while an extensive bibliography concludes the volume. *The Sonnet* Stephen Regan, 2019-02-28 The Sonnet provides a comprehensive study of one of the oldest and most popular forms of poetry, widely used by Shakespeare, Milton, and Wordsworth, and still used centuries later by poets such as Seamus Heaney, Tony Harrison, and Carol Ann Duffy. This book traces the development of the sonnet from its origins in medieval Italy to its widespread acceptance in modern Britain, Ireland, and America. It shows how the sonnet emerges from the aristocratic courtly centres of Renaissance Europe and gradually becomes the chosen form of radical political poets such as Milton. The book draws on detailed critical analysis of some of the best-known sonnets written in English to explain how the sonnet functions as a poetic form, and it argues that the flexibility and versatility of the sonnet have given it a special place in literary history and tradition.

Literature and Culture in Northern Ireland Since 1965 Richard Kirkland, 2016-07-01 This study considers writing within the cultural context of Northern Ireland and discusses how writing creates a sense of community and the different forms this takes when written from loyalist or republican perspectives. The book takes its major theoretical energy from readings of Antonio Gramsci's concept of hegemony and Walter Benjamin's work on historiography; these are applied to major writers
