Third World development **Freezing Assets** Mahvash Alerassool,1992-12-18 *The Timid Corporation* Benjamin Hunt,2003-07-11 This book looks at changing managerial styles in business and the predominance of risk aversion behavior over risk taking behavior The author explores the various reasons regulation and media scrutiny among them that corporations are becoming more timid and analyzes the consequences this could have on the future of innovation and technological development in the business future **The USA and the Rise of East Asia since 1945** J. Hersh,1993-07-20 Incisive and insightful analytic and synthetic Jacques Hersh s excellent book is like a guide through the maze of modern times Stuart Holland European University Institute Florence The book offers an interpretation of the international political economy focusing on the opportunities and constraints which the leading members of the capitalist system have to confront Not disregarding the significance of the presently marginalised Third World the underlying theme relates to the secular tendency of uneven development between major core nations This trend accelerated during the era of US benevolent hegemony resulting in the creation of surplus production capacity a problem exacerbated by the growth of the NICs in East Asia **Development Finance and Policy Reform** Paul Mosley,1992-08-18 Conditionality has long been used by the IMF and more recently by World Bank and bilateral donors as an instrument for improving the effectiveness of international finance This collection of essays by representatives of donors and recipients as well as independent observers suggests that because of recipients increased bargaining power such an improvement has seldom resulted
