Reality and the Poet in Spanish Poetry. (English Text by Edith Fishtine Helman.). Pedro SALINAS Y. SERRANO,1940 Reality and the Poet in Spanish Poetry Pedro Salinas,Jorge Guillén,1940 **Reality and the Poet in Spanish Poetry** Pedro Salinas,1940 **Reality and the Poet in Spanish Poetry** Pedro Salinas,1966 **Reality and the Poet in Spanish Poetry , by Pedro Salinas. Translated by Elizabeth Fishtine Helman** Pedro Salinas,Edith Helman,1966 **Reality and the Poet in Spanish Poetry** Pedro Salinas Serrano,1940 An Anthology of Spanish Poetry John A. Crow,1980-12-01 John A Crow a leading Hispanist has culled the best translations available by such poets as Richard Franschawe Edward Fitzgerald Percy Bysshe Shelley Lord Byron Henry Wadsworth Longfellow William Cullen Bryant Robert Southey and many distinguished modern poets of poems ranging from the eleventh century to the present to make this the most complete collection of both Spanish and Spanish American poetry in English translation Represented here is work by such twentieth century poets as Gabriela Mistral Octavio Paz Federico Garc a Lorca C sar Vallejo Pablo Neruda Anotnio Machado and Juan Ram n Jim nez many of whom the editor has known personally The inclusion of many contemporary poets whose verse has never before appeared in English makes this anthology a particularly valuable collection **Reality and the Poet in Spanish Poetry** Pedro Salinas,1966 **Fantasy ,1935 The Symbolist Movement in the Literature of European Languages** Anna Balakian,Anna Elizabeth Balakian,1984 Edited by Anna Balakian this volume marks the first attempt to discuss Symbolism in a full range of the literatures written in the European languages The scope of these analyses which explore Latin America Scandinavia Russia Poland Hungary Serbia Czechoslovakia and Bulgaria as well as West European literatures continues to make the volume a valuable reference today As Ren Wellek suggests in his historiographic contribution the fifty one contributors not only make us think afresh about individual authors who are giants but also draw us to reassess schools and movements in their local as well as international contexts Reviewers comment that this copious and intelligently structured anthology divided into eight parts traces the conceptual bases and emergence of an international Symbolist movement showing the spread of Symbolism to other national literatures from French sources as well as the symbiotic transformations of Symbolism through appropriation and amalgamation with local literary trends Several chapters deal with the relationships between literature and the other arts pointing to Symbolism at work in painting music and theatre Other chapters on the psychological aspects of the Symbolist method connect in interesting ways to a vision of metaphor and myth as virtually musical notation and an experimental emphasis on the play afforded by gaps between words The volume is a major contribution to the most significant exponents and essential themes of Symbolism The theoretical historical and typological sections of the volume help explain why the impact of this important movement of the fin de si cle is still felt today *Theories of Literary Realism* Dario Villanueva,1997-04-24 Realism has not only shaped important schools and periods in literary history but has also been a fundamental constant of all literature its first theoretical formulation being the

principle of mimesis in Aristotle's Poetics Realism can be considered by extension one of the main aspects of literary theory the aims of which must be to define its concepts clearly and to neutralize the imprecision polysemy and ambiguity that often characterized the application of realism This book explores the possibilities and limits of a concept of realism that seeks a point of equilibrium between the principle of the autonomy of the literary work vis a vis reality and the complex relations that the work clearly establishes with this reality It acknowledges that it is a personal response to the poststructuralist crisis in literary theory By concentrating on the study of the literary work of art as a verbal construction the great Continental and Anglo American tradition of formalism and New Criticism has ended up neglecting the second mimetic aspect of the literary problematic thus dissociating literature from life

Woman and the Infinite Vialla Hartfield-Méndez, 1996 *Woman and the Infinite* demonstrates how Pedro Salinas's poetry and frequently overlooked narrative and theater reveal a preoccupation with the nature of time especially extraordinary moments that transcend space and time Many of these moments are intimately connected with the man woman yo tu relationship Salinas's exploration of this theme is best understood in the context of other modern literary evocations of epiphanic moments Such literary phenomena as William Wordsworth's spots of time and James Joyce's epiphanies are among the precursors of Salinas's moments of eternity as are moments of timelessness in works by Marcel Proust and the French Symbolist poets Salinas's reception of the Symbolists was direct but also refracted through his reading of the Latin American modernistas especially Ruben Dario In his well known commentary on Dario Salinas connects the perception of woman with a visionary moment of extraordinary lucidity a connection found in his own works *Woman* is elusive for Salinas She has a multiplicity of forms and varying identities that are expressed with mirrors and shadows or Classical and Biblical mythological archetypes All of these are found in *Aurora de verdad* from *Vispera del gozo* a narrative piece which can be read as representative of Salinas's work as a whole Specific images in the story including mirrored figures and references to mythological goddesses are also key elements in a trajectory in Salinas's works in general toward an all encompassing absolute and infinite moment
