**Revival: Ethical Principles in Theory and Practice (1930)**

Hans Driesch,2018-04-20 Almost all the existing modern systems of Ethics deal with formal definitions and at bottom repeat more or less the same thing about them in slightly different words In this work these are a side issue and therefore are treated briefly Their treatment in Section I is based upon the author s theoretical works the Theory of Order and the Theory of Reality but will be intelligible to those who are not acquainted with those works The chief concern is moral teaching that is the practical element

**Conservation Theory and the Urban Realpolitik** Solmaz Yadollahi,2025-03-17 The book delves into the realpolitik s of conservation endeavours in complex urban settings It highlights discrepancies between formal policies and pragmatic realities revealing the factors contributing to this divide Drawing on cases from Iran Turkey Egypt and India the volume explores the myriad factors that undermine the realisation of conservation ideals Stories of conservation projects presented in the book illustrate how political economic and ideological dynamics mould on the ground outcomes diverting them from academic principles and national or international policies Authored by scholars intimately familiar with local dynamics the chapters weave a tapestry of disciplinary bureaucratic and socio political structures that shape urban heritage planning across diverse contexts Deals with the challenges encountered by international conservation doctrine in local contexts Focuses on local complexities Results of the DFG project titled Assembling Iran s Urban Heritage Conservation Policy and Practice Problematised in Tehran

**Overcoming Might is Right**

Hassan Qudrat-Ullah,24-10-30 Overcoming Might is Right Promoting Global Peace Efforts delves into the persistent influence of the might is right doctrine in international relations offering a comprehensive analysis of its historical roots contemporary manifestations and implications for global peace and stability This book challenges the entrenched norms of power politics and proposes alternative frameworks for international cooperation Through critical examination and scholarly insights it explores the dynamics of Realpolitik security imperatives nationalism resource competition and global power disparities By advocating for diplomatic mechanisms sustainable development and inclusive societies the book provides practical strategies for policymakers academics and practitioners to promote a more just and peaceful world order This essential read offers a unique blend of theoretical and practical perspectives aiming to transform the current geopolitical landscape and foster global peace efforts

**International Norms and the Resort to War** Gregory A. Raymond,2020-08-27 This book offers a fresh perspective on timeless questions concerning anarchy and order power and principle and public and private morality by taking a novel approach to the study of the onset of war Rather than looking at the distribution of wealth military might or other material capabilities to explain the onset of war this book focuses instead on how international norms affect the use of military force Critical of the realist assumption that international legal norms are unable to curb hostilities without a

powerful central authority to enforce their injunctions it contends that the normative context within which national leaders act sets the tone for world politics by communicating commonly accepted understandings about the limits of permissible action Using quantitative analyses of the relationships between war initiation norms and various types of armed conflict the author calls into question realist beliefs regarding international norms demonstrating that restrictive normative orders reduce the likelihood of war

**The Killing Trap** Manus I. Midlarsky, 2005-10-20 The Killing Trap seeks to understand both the occurrence and magnitude of genocide based on the conviction that such comparative analysis may contribute towards prevention of genocide in the future Manus Midlarsky compares socio economic circumstances and international contexts and includes in his analysis the Jews of Europe Armenians in the Ottoman Empire Tutsi in Rwanda black Africans in Darfur Cambodians Bosnians and the victims of conflict in Ireland He gives equal emphasis to the non occurrence of genocide a critical element not found in other comparisons

**Scientific Methods of Inquiry for Intelligence Analysis** Hank Prunckun, 2014-09-08 Since 9 11 the needs of intelligence agencies as well as the missions they conduct have increased in number size and complexity As such government and private security agencies are recruiting staff to analyze the vast amount of data collected in these missions This textbook offers a way of gaining the analytic skills essential to undertake intelligence work It acquaints students and analysts with how intelligence fits into the larger research framework It covers not only the essentials of applied research but also the function structure and operational methods specifically involved in intelligence work It looks at how analysts work with classified information in a security conscious environment as well as obtain data via covert methods Students are left with little doubt about what intelligence is and how it is developed using scientific methods of inquiry This revised edition of the popular text has been expanded and updated significantly

*E. H. Carr and International Relations* Charles Jones, 1998-10 E H Carr is widely remembered as an influential theorist of international relations The scourge of inter war idealists he became the best known Briton in a generation of predominantly American political realists But Carr s realism differed greatly from that of his contemporaries a vigorous advocate of social and economic planning and friend of the Soviet Union he stood closer to Lenin than to Morgenthau In this book Charles Jones makes sense of Carr s distinctive form of realism by examining his rhetoric and the reciprocal relationship between theory and policy making in his writings Close attention is paid to the period from 1936 when Carr left the Foreign Office through his subsequent career as a one man foreign ministry at Aberystwyth the Ministry of Information and above all The Times culminating in the final frustration of his schemes for continued British world power in 1947

**Methods of Inquiry for Intelligence Analysis** Hank Prunckun, 2019-04-12 Few professions have experienced change to the same extent as has intelligence Since the 9 11 attacks the role of intelligence has continued to grow and its mission remains complex Government and private security agencies are recruiting intelligence analysts in ever higher numbers to process what has become a voluminous amount of raw information and data Methods of Inquiry for Intelligence Analysis offers students the

means of gaining the analytic skills essential to undertake intelligence work and the understanding of how intelligence fits into the larger research framework It covers not only the essentials of applied research but also the function structure and operational methods specifically involved in intelligence work *Islamicate Occult Sciences in Theory and Practice*, 2020-11-16 Islamicate Occult Sciences in Theory and Practice brings together the latest research on Islamic occult sciences from a variety of disciplinary perspectives namely intellectual history manuscript studies and material culture Its aim is not only to showcase the range of pioneering work that is currently being done in these areas but also to provide a model for closer interaction amongst the disciplines constituting this burgeoning field of study Furthermore the book provides the rare opportunity to bridge the gap on an institutional level by bringing the academic and curatorial spheres into dialogue Contributors include Charles Burnett Jean Charles Coulon Maryam Ekhtiar Noah Gardiner Christiane Gruber Bink Hallum Francesca Leoni Matthew Melvin Koushki Michael Noble Rachel Parikh Liana Saif Maria Subtelny Farouk Yahya and Travis Zadeh **How Realist Is India's National Security Policy?** Kanti Bajpai, 2023-03-30 In managing national security how Realist is India in terms of cultivating and using power and especially military power A conventional view of India is that it has been uncomfortable with realism or power politics as a guide to policy This volume shows that it has been more realist than is generally recognized and that it has increasingly become comfortable with power in the service of its interests The essays in this volume Examine the different aspects and types of realism in India's national security policy Include a range of perspectives from academics as well as former military officers and diplomats Focus on India's military and foreign policy in dealing with China Pakistan the United States Southeast Asia and West Asia This key volume will be indispensable to scholars and researchers of politics and international relations defence and strategic studies and South Asian studies and to government officials journalists and general readers interested in the external dimensions of India's national security

**The Routledge Handbook of Non-Ideal Theory** Hilkje C. Hänel, Johanna M. Müller, 2024-10-15 Made popular by John Rawls ideal theory in political philosophy is concerned with putting preferences and interests to one side to achieve an impartial consensus and to arrive at a just society for all In recent years ideal theory has drawn increasing criticism for its idealised picture of political philosophy and its inability to account for the challenges posed by inequalities of for example race gender and class and by structural injustices stemming from colonialism and imperialism The Routledge Handbook of Non Ideal Theory is the first handbook or reference source on this important and fast growing debate Comprised of 34 chapters by an international team of contributors the Handbook is divided into three clear parts Methodological Challenges Intersections Applied Issues and Contemporary Challenges Within these sections key topics are addressed including the question of whether non ideal theory is methodologically linked to ideal theory its intersection with feminist philosophy critical race theory decolonial theory and critical theory its characteristic features the role of the non ideal theorist its relation to activism and its application in the context of disability and health studies climate justice global injustices

colonialism and many more As well as a comprehensive introduction which provides important background to the debate between ideal and non ideal theory the Handbook also features a contribution by the late philosopher Charles Mills on non ideal theory as ideology The Routledge Handbook of Non Ideal Theory is essential reading for students and scholars of political philosophy ethics and political theory and will also be of interest to those studying and researching related subjects such as gender race and social justice The Global Community Yearbook of International Law and Jurisprudence 2022

Giuliana Ziccardi Capaldo,2023-09-05 The 2022 edition of The Global Community Yearbook of International Law and Jurisprudence constitutes the only thorough annual survey of major developments in international courts General Editor Giuliana Ziccardi Capaldo selects excerpts from important court opinions supported by contributors who provide expert guidance on those cases The topical organization and subject index make the thorough comprehensive content easy to navigate **Pan-Nationalism as a Category in Theory and Practice** Alexander Maxwell,2023-05-22 How is pan

nationalism different from other forms of nationalism This book explores the diversity of pan nationalism in both theory and practice Drawing on Rogers Brubaker the book introduces pan nationalism as a category of practice It shows that pan nationalism implied transcending political frontiers intermittently possessed a pejorative subtext and differed from unmodified nationalism partly due to a retroactively applied success failure criterion Pan nationalists always look across political frontiers but do not always want a single pan national state The book explores the diversity of pan nationalism through case studies and a selection of pan national movements such as Habsburg pan Slavism from both the Slavic and Hungarian perspective pan Saxonism in Europe and North America pan Ethiopianism and pan Somaliam in the horn of Africa and pan Hinduism online The book will be of interest to students and researchers of politics including comparative politics various forms of nationalism and history The chapters in this book were originally published as a special issue of Nationalism and Ethnic Politics *International Relations Theory and the Asia-Pacific* G. John Ikenberry,Michael Mastanduno,2003 What tools will international relations theorists need to understand the complex relationship among China Japan and the United States as the three powers shape the economic and political future of this crucial region Some of the best and most innovative scholars in international relations and Asian area studies gather here with the working premise that stability in the broader Asia Pacific region is in large part a function of the behavior of and relationships among these three major powers **John W. Burton: A Pioneer in Conflict Analysis and Resolution** David J. Dunn,Hans Günter Brauch,Pamela

Burton,2024-04-26 This book charts John W Burton s transition from practitioner in diplomacy to pioneer in the theory of peace research thinking on world society and conflict resolution Born in 1915 given his father s name it was assumed that he would follow his father and become a Christian missionary He did not he joined the Australian Public Service From a junior position he rose rapidly He was forthright and some found him irritating or worse He progressed to the highest levels of policy making Amidst some controversy he resigned abruptly in 1951 He then worked on his farm outside Canberra writing

avidly He did not intend to become an academic but in 1963 he was offered a position in International Relations at University College in London and he accepted He was key to the foundation of the International Peace Research Association IPRA in 1964 and of the Conflict Research Society in the UK because he thought that words and ideas were not enough there needed to be instruments of change Looking back he was in fact a secular missionary His aim Simple to change the world This book is an exploration of how conflict should be reinterpreted The ideas of his work are a product not of any metaphysical approach but of experience Burton knew the field Cold War diplomacy civil strife reforming organisations resistance to change He had been there and he found much to criticise This book illustrates what he had to offer and explains why These readings reveal shifts in his ideas cohering incrementally integrated into a new framework This book presents his pioneering and relevant work Transcending disciplinary boundaries it will be of interest to students as well as professionals who address conflict at all levels of society from family to state The Emergence of Noopolitik John Arquilla, David Ronfeldt, Dionne

Barnes-Proby, Elizabeth Williams, John Christian, 1999-04-15 Strategy at its best knits together ends and means no matter how various and disparate into a cohesive pattern In the case of a U S information strategy this requires balancing the need to guard and secure access to many informational capabilities and resources with the opportunity to achieve national aims by fostering as much openness as practicable The authors term to represent such strategic balancing is guarded openness They go on to describe noopolitik nu oh poh li teek an emerging form of statecraft that emphasizes the importance of sharing ideas and values globally principally through the exercise of persuasive soft power rather than traditional military hard power This study discusses the opportunities that may be raised by the emergence of noopolitik ranging from construction of a noosphere a globe spanning realm of the mind to recommendations that for example the U S military should begin to develop its own noosphere among and between the services as well as with U S allies In the area of international cooperation the authors offer strategic approaches for improving the capacity of state and nonstate actors to work together to address transnational problems In addition the authors recommend specific doctrinal developments implied by the emergence of information strategy including the pressing need to deal with such ethical concerns as the first use of information weapons concepts of proportional response and the need to maintain the immunity of noncombatants Ultimately the authors call for an innovative turn of mind as policymakers and strategists rethink how best to adapt to the epochal transformations being wrought by the information revolution **International Symposium on Theory and Practice in Transport Economics**

**The Evaluation of Past and Future Transport Policy Measures Tenth International Symposium on theory and practice in transport economics, Berlin (West), 13-15 May 1985: Introductory reports and summary of discussions** European Conference of Ministers of Transport, 1985-12-01 This book presents the proceedings of the Tenth International Symposium on theory and practice in transport economics held in West Berlin on 13 15 May 1985 The conference focused on evaluation of past and future transport policy measures *Universal Human Rights in Theory and*

*Practice* Jack Donnelly, 2013-04-15 In the third edition of his classic work revised extensively and updated to include recent developments on the international scene Jack Donnelly explains and defends a richly interdisciplinary account of human rights as universal rights He shows that any conception of human rights and the idea of human rights itself is historically specific and contingent Since publication of the first edition in 1989 *Universal Human Rights in Theory and Practice* has justified Donnelly's claim that conceptual clarity the fruit of sound theory can facilitate action At the very least it can help to unmask the arguments of dictators and their allies
