Reason And Existenz:

Reason and Existenz Karl Jaspers, 1997 Written shortly after Jaspers's major systematic work and before his analysis of the problem of truth Reason and Existenz occupies a primary position in the development of his thought *Reason and Existenz* Francis Begnaud Hildebrand, 1955 *Volume 9: Kierkegaard and Existentialism* Jon Stewart, 2016-12-05 There can be no doubt that most of the thinkers who are usually associated with the existentialist tradition whatever their actual doctrines were in one way or another influenced by the writings of Kierkegaard This influence is so great that it can be fairly stated that the existentialist movement was largely responsible for the major advance in Kierkegaard's international reception that took place in the twentieth century In Kierkegaard's writings one can find a rich array of concepts such as anxiety despair freedom sin the crowd and sickness that all came to be standard motifs in existentialist literature Sartre played an important role in canonizing Kierkegaard as one of the forerunners of existentialism However recent scholarship has been attentive to his ideological use of Kierkegaard Indeed Sartre seemed to be exploiting Kierkegaard for his own purposes and suspicions of misrepresentation and distortions have led recent commentators to go back and reexamine the complex relation between Kierkegaard and the existentialist thinkers The articles in the present volume feature figures from the French German Spanish and Russian traditions of existentialism They examine the rich and varied use of Kierkegaard by these later thinkers and most importantly they critically analyze his purported role in this famous intellectual movement

Hannah Arendt's Aesthetic Politics Jim Josefson, 2019-05-27 We face a crisis of public reason Our quest for a politics that is free moral and rational has somehow made it hard for us to move to change our positions to visit places and perspectives that are not our own and to embrace reality This book addresses this crisis with a model of public reason based in a new aesthetic reading of Hannah Arendt's political theory It begins by telling the story of Arendt's engagement with the Augenblicke of Nietzsche Kierkegaard Jaspers Heidegger Kafka and Benjamin in order to identify her own aesthetic Moment Josefson then explicates this Moment what he calls the freedom of the beautiful as a third face of freedom on par with Arendt's familiar freedoms of action and the life of the mind He shows how this freedom rooted in Jaspers's phenomenology and a non metaphysical reading of Kant serves to redress the world alienation that was a uniting theme across Arendt's works Ultimately this volume aims to challenge orthodox accounts of Arendtian politics presenting Arendt's aesthetic politics as a radically new model of republicanism and as an alternative to political liberal deliberative and agonistic models of public reason

Reason and Existenz by Karl Jaspers Reinhold Niebuhr, **Philosophical Hermeneutics Reinterpreted** Paul Fairfield, 2011-08-11 Examines hermeneutics in relation to existentialism pragmatism critical theory and poststructuralism

Karl Jaspers. Richard Wisser, 1993 *Philosophical Sojourns in Aesthetics, Existence, and Education* James M. Magrini, 2022-12-14 This collection of seven speculative and critical essays initiates a journey inviting readers to abide for a short time with philosophical themes emerging from aesthetics poetry existentialism and education It opens vistas into the

insightful wisdom of Nietzsche Heidegger Jaspers Rilke and Plato's Socrates The book confronts such perennial issues as the practice of philosophy as a way of life the understanding of subjecthood and human transcendence the pursuit of ethical knowledge in ways that inform and direct the choices we make in the company of others and the philosophical quest for unique ways of learning that transcend contemporary practices embracing standardization and adopting an instrumental approach to education This book is novel in that it offers these insights across broad but related fields of study for although essentially a philosophy text it provides scholarly inroads to the academic fields of literary critique classical studies psychology and educational theory The text could be effectively employed as a secondary avenue of study in institutions of higher learning supplementing primary philosophical sources in the curriculum In addition to programs offering advanced degrees the book also serves as a challenging introductory text for students at the undergraduate level demonstrating an interest in and proclivity for philosophy

Transversal Rationality and Intercultural Texts Hwa Yol Jung, 2011-07-26 Winner of the 2012 Edward Goodwin Ballard Prize sponsored by the Center for Advanced Research in Phenomenology Transversality is the keyword that permeates the spirit of these thirteen essays spanning almost half a century from 1965 to 2009 The essays are exploratory and experimental in nature and are meant to be a transversal linkage between phenomenology and East Asian philosophy Transversality is the concept that dispels all ethnocentrisms including Eurocentrism In the globalizing world of multiculturalism Eurocentric universalism falls far short of being universal but simply parochial at the expense of the non Western world Transversality is intercultural interspecific interdisciplinary and intersensorial Transversal Rationality and Intercultural Texts means to transform the very way of philosophizing itself by infusing or hybridizing multiple traditions in the history of the world Like no other scholar Jung bridges the gap between Asian and Western cultures What is traditionally called comparative philosophy is not just a neglected branch of philosophy it is poised to radically transform the very conception of philosophy itself

Reason and Existenz; Five Lectures. Translated with an Introd. by William Earle Karl Jaspers, 1956

Existentialism, Authenticity, Solidarity Stephen Eric Bronner, 2020-12-30 What makes individuals what they are How should they judge their social and political interaction with the world What makes them authentic or inauthentic This original and provocative study explores the concept of authenticity and its relevance for radical politics Weaving together close readings of three 20th century thinkers Martin Heidegger Karl Jaspers and Jean Paul Sartre with the concept of authenticity Stephen Eric Bronner illuminates the phenomenological foundations for self awareness that underpin our sense of identity and solidarity He claims that different expressions of the existential tradition compete with one another in determining how authenticity might be experienced but all of them ultimately rest on self referential judgments The author's own new framework for a political ethic at once serves as a corrective and an alternative Wonderfully rich insightful and nuanced Stephen Eric Bronner has produced another bookshelf staple that speaks to crucial issues in politics philosophy

psychology and sociology Existentialism Authenticity Solidarity will appeal to scholars students and readers from the general public alike **Karl Jaspers' Theory of Irrationality** Daniel Adsett, 2024-12-16 Defending the view that Karl Jaspers' concept of irrationality *Widervernunft* is better able to account for pathological patterns of individual and collective thinking Karl Jaspers' Theory of Irrationality From Delusions to Worldviews argues that irrationality is incorrigibility a blockage of reason as the will to communication Highlighting the importance of freedom and creativity at the heart of reason *Vernunft* Daniel Adsett analyzes examples of delusional thought through a Jaspersian lens He shows that irrationality arises when we hold to certain attitudes with an incorrigible conviction and refuse to genuinely consider the possibility that we might need to revise or change our beliefs In presenting these arguments Adsett offers a novel contribution to contemporary debates about the character of reason while rehabilitating an often neglected aspect of Jaspers' thought **Speaking and Semiology**, 1991 No detailed description available for *Speaking and Semiology* **The Western Humanities Review**, 1971
