

REASON, ETHICS, AND SOCIETY

Essays from Kant, Rawls, and Van Dine

EDITED BY J.B. SCHNEWISSE

Reason Ethics And Society Themes From Kurt Baier With His Responses

Melissa Burchard

Reason Ethics And Society Themes From Kurt Baier With His Responses:

Reason, Ethics, and Society Jerome B. Schneewind, 1996 Since 1948 Kurt Baier has been producing some of our century's most stimulating seminal and meticulous work in ethics His quest for a rational justification of morality has centered on the human predicament that although most of us want to live in association with others we always find ourselves coming into conflict with one another These challenging and ground breaking essays together with Kurt Baier's careful and illuminating responses constitute contemporary moral theory at its very best James P Sterba University of Notre Dame

Ethics and Practical Reason Garrett Cullity, Berys Gaut, 1997-11-20 These thirteen new specially written essays by a distinguished international line up of contributors including some leading contemporary moral philosophers give a rich and varied view of current work on ethics and practical reason The three main perspectives on the topic Kantian Humean and Aristotelian are all well represented The editors introduction provides a valuable introductory survey of the topic putting the individual essays in context Ethics and Practical Reason will be essential reading for scholars postgraduates and upper level undergraduates working in this area These thirteen new specially written essays by a distinguished international line up of contributors including some leading contemporary moral philosophers give a rich and varied view of current work on ethics and practical reason The three main perspectives on the topic Kantian Humean and Aristotelian are all well represented Issues covered include the connection between reason and motivation the source of moral reasons and their relation to reasons of self interest the relation of practical reason to value to freedom to responsibility and to feelings The editors introduction provides a valuable introductory survey of the topic putting the individual essays in context Ethics and Practical Reason will be essential reading for scholars postgraduates and upper level undergraduates working in this area

Reason, Ethics, and Society Jerome B. Schneewind, 1996 Since 1948 Kurt Baier has been producing some of our century's most stimulating seminal and meticulous work in ethics His quest for a rational justification of morality has centered on the human predicament that although most of us want to live in association with others we always find ourselves coming into conflict with one another These challenging and ground breaking essays together with Kurt Baier's careful and illuminating responses constitute contemporary moral theory at its very best James P Sterba University of Notre Dame

The Bloomsbury Companion to Ethics Christian B. Miller, 2014-09-25 The Bloomsbury Companion to Ethics offers the definitive guide to this key area of contemporary philosophy Covering all the fundamental questions asked by meta ethics and normative ethical theory thirteen specially commissioned chapters from an international team of experts explore the central ideas terms and case studies in the field and new directions in ethics as a whole Now available in paperback the Companion to Ethics covers issues such as moral methodology moral realism ethical expressivism constructivism and the error theory morality and practical reason moral psychology morality and religion consequentialism Kantian ethics virtue ethics feminist ethics moral particularism experimental ethics and biology evolution and ethics Featuring a series of indispensable research

tools including key technical terms a historical chronology a detailed list of internet resources for research in ethics and a thorough list of recommended works for further study this is the essential resource for anyone studying researching and writing in contemporary philosophical ethics

The Bloomsbury Handbook of Ethics Christian B. Miller, 2023-10-19
Updated and expanded to represent the fundamental questions at the heart of philosophical ethics today the second edition of *The Bloomsbury Handbook of Ethics* covers the key topics in metaethics and normative ethical theory This edition includes 12 fully revised chapters and 3 newly commissioned contributions from a range of esteemed academics who provide accessible introductions to their own areas of expertise The first part of the book covers the field of metaethics including subjects such as moral realism expressivism constructivism practical reason moral psychology experimental ethics and evolutionary ethics as well as two new chapters that respond to ethical debates concerning moral relativism and moral responsibility that enable students and scholars to better navigate this complicated ethical terrain Moving onto normative ethical theory the second part of the book ranges across morality and religion consequentialism and particularism as well as Kantian virtue feminist and Confucian ethics This comprehensive edition provides a one stop resource for students of ethics which includes updated detailed overviews of the field and methodological issues as well as an appendix of additional resources including technical terms in ethics

The Continuum Companion to Ethics Christian Miller, 2011-09-29
The *Continuum Companion to Ethics* offers the definitive guide to a key area of contemporary philosophy The book covers all the fundamental questions asked by meta ethics and normative ethical theory Fourteen specially commissioned essays from an international team of experts reveal where important work continues to be done in the field and most valuably the exciting new directions the field is taking The *Companion* explores issues pertaining to moral methodology moral realism ethical expressivism constructivism and the error theory morality and practical reason moral psychology morality and religion consequentialism Kantian ethics virtue ethics feminist ethics moral particularism experimental ethics and biology evolution and ethics Featuring a series of indispensable research tools including important technical terms in ethics a historical chronology an extensive overview of contemporary meta ethics and normative ethical theory a detailed list of internet resources for research in ethics and a thorough list of recommended works for further study this is the essential reference tool for anyone working in contemporary philosophical ethics

Making Moral Sense Logi Gunnarsson, 2000-09-18
Is it rational to be moral Can moral disputes be settled rationally Which criteria determine what we have a good reason to do In this innovative book Logi Gunnarsson takes issue with the assumption made by many philosophers faced with the problem of reconciling moral norms with a scientific world view namely that morality must be offered a non moral justification based on a formal concept of rationality He argues that the criteria for the rationality of an action are irreducibly substantive rather than purely formal and that assuming that morality must be given a non moral justification amounts to a distortion of both rationality and morality His discussion includes substantial critical engagement with major thinkers from two very different

philosophical traditions and is notable for its clear and succinct account of Habermas discourse ethics It will appeal to anyone interested in practical reason and the rational credentials of morality

The Authority of Reason Jean E. Hampton, 1998-02-28 This challenging and provocative book argues against much contemporary orthodoxy in philosophy and the social sciences by showing why objectivity in the domain of ethics is really no different from the objectivity of scientific knowledge Many philosophers and social scientists have challenged the idea that we act for objectively authoritative reasons Jean Hampton takes up the challenge by undermining two central assumptions of this contemporary orthodoxy that one can understand instrumental reasons without appeal to objective authority and that the adoption of the scientific world view requires no such appeal In the course of the book Jean Hampton examines moral realism the general nature of reason and norms internalism and externalism instrumental reasoning and the expected utility model of practical reasoning The book is sure to prove to be a seminal work in the theory of rationality that will be read by a broad swathe of philosophers and social scientists

Dialogue, Politics and Gender Jude Browne, 2013-05-23 Dialogue is promoted by its supporters as a pluralising force capable of accommodating the moral disagreement inevitable in every sphere of human society but this promise is widely and vehemently challenged How are we to determine the principles upon which the dialogical exchange should take place How should we think of ourselves as interlocutors Should we associate dialogue with the desire for consensus How should we determine decision making What are the gender dynamics of dialogical politics and how much do they matter This book brings together internationally recognised expert authors from the fields of political and social theory political philosophy and international relations to consider these controversial questions anew from a range of theoretical positions The differences of opinions and clashes of views make for a fascinating and highly informative read

The Order of Public Reason Gerald Gaus, 2010-12-13 In this innovative and important work Gerald Gaus advances a revised and more realistic account of public reason liberalism showing how in the midst of fundamental disagreement about values and moral beliefs we can achieve a moral and political order that treats all as free and equal moral persons The first part of this work analyzes social morality as a system of authoritative moral rules Drawing on an earlier generation of moral philosophers such as Kurt Baier and Peter Strawson as well as current work in the social sciences Gaus argues that our social morality is an evolved social fact which is the necessary foundation of a mutually beneficial social order The second part considers how this system of social moral authority can be justified to all moral persons Drawing on the tools of game theory social choice theory experimental psychology and evolutionary theory Gaus shows how a free society can secure a moral equilibrium that is endorsed by all and how a just state respects and develops such an equilibrium

Doing Things for Reasons Rüdiger Bittner, 2001-07-19 What exactly are the reasons we do things and how are they related to the resulting actions Bittner explores this question and proposes an answer a reason is a response to that state of affairs Elegantly written this work is a substantial contribution to the fields of rationality ethics and action theory

The Happiness Philosophers Bart

Schultz,2017-04-24 A colorful history of utilitarianism told through the lives and ideas of Jeremy Bentham John Stuart Mill and its other founders In *The Happiness Philosophers* Bart Schultz tells the colorful story of the lives and legacies of the founders of utilitarianism one of the most influential yet misunderstood and maligned philosophies of the past two centuries Best known for arguing that it is the greatest happiness of the greatest number that is the measure of right and wrong utilitarianism was developed by the radical philosophers critics and social reformers William Godwin the husband of Mary Wollstonecraft and father of Mary Shelley Jeremy Bentham John Stuart and Harriet Taylor Mill and Henry Sidgwick Together they had a profound influence on nineteenth century reforms in areas ranging from law politics and economics to morals education and women s rights Their work transformed life in ways we take for granted today Bentham even advocated the decriminalization of same sex acts decades before the cause was taken up by other activists As Bertrand Russell wrote about Bentham in the late 1920s There can be no doubt that nine tenths of the people living in England in the latter part of last century were happier than they would have been if he had never lived Yet in part because of its misleading name and the caricatures popularized by figures as varied as Dickens Marx and Foucault utilitarianism is sometimes still dismissed as cold calculating inhuman and simplistic By revealing the fascinating human sides of the remarkable pioneers of utilitarianism *The Happiness Philosophers* provides a richer understanding and appreciation of their philosophical and political perspectives one that also helps explain why utilitarianism is experiencing a renaissance today and is again being used to tackle some of the world s most serious problems

Kant's Impact on Moral Philosophy Paul Guyer,2024 This book examines Immanuel Kant s impact on moral philosophy from his time to our own Kant s moral philosophy can seem complicated but at the most basic level it is driven by the simple idea that the greatest possible freedom for each combined with an equal degree of freedom for all is the fundamental principle of philosophy

Philosophical Reflections on Mothering in Trauma Melissa Burchard,2018-07-20 *Philosophical Reflections on Mothering in Trauma* examines the lived experience of mothering children who have been seriously harmed by others Using an interdisciplinary approach that employs a feminist phenomenology and an emphasis on narrative theory this ground breaking work gives voice to experiences of trauma and of mothering not ordinarily heard in philosophical discourses With a philosophical lens Melissa Burchard examines the challenges faced by families during the adoption and parenting of abused children In doing so Burchard argues that the investigation of traumatic experience poses questions that philosophers must address if we are to improve collective understanding of the human condition These questions centre around the epistemological implications of traumatic experience the role of power and privilege in abusive relationships and the interconnected issues of morality and moral agency in trauma problematic desires engendered in traumatic circumstances and therapeutic responses to trauma The book expresses ways in which mothering wounded children can if we are deeply engaged and reflective shift our understandings of what it means to be parents to be children to love to know to construct a self to feel desire to nurture to coerce and to live in the ambiguity of not

knowing which decisions are right and which are wrong *Making Comparisons Count* Ruth Chang, 2014-01-21 This book attempts to answer two questions Are alternatives for choice ever incomparable and In what ways can items be compared The arguments offered suggest that alternatives for choice no matter how different are never incomparable and that the ways in which items can be compared are richer and more varied than commonly supposed **Dignity, Justice, and the Nazi Data Debate** Carol V. A. Quinn, 2018-03-01 In this work Carol V A Quinn re constructs the survivors arguments in the debate concerning the ethics of using Nazi medical data showing what it would mean to take their claims seriously She begins with a historical case and presents arguments that help make sense of the following claims 1 Using the data harms the survivors by violating their dignity 2 The survivors are the living data and so when we use the data we use them 3 The data is really not merely symbolically evil and we become morally tainted when we engage it and 4 The survivors are the real moral experts in this debate and so we should take seriously what they say Quinn s approach is interdisciplinary incorporating philosophy psychology trauma research survivors testimony Holocaust poetry literature and the Hebrew Bible

The Moral Skeptic Anita M. Superson, 2009-03-13 Anita Superson challenges the traditional picture of the skeptic who asks Why be moral While holding that the skeptic s position is important she builds an argument against it by understanding it more deeply and then shows what it would take to successfully defeat it Superson argues that we must defeat not only the action skeptic but the disposition skeptic who denies that being morally disposed is rationally required and the motive skeptic who believes that merely going through the motions in acting morally is rationally permissible We also have to address the amoralist who is not moved by moral reasons he recognizes Superson argues for expanding the skeptic s position from self interest to privilege to include morally unjustified behavior targeting disenfranchised social groups as well as revising the traditional expected utility model to exclude desires deformed by patriarchy as irrational Lastly she argues that the challenge can be answered if it can be shown that it is in an important way inconsistent and therefore irrational to privilege oneself over others The Moral Skeptic makes an important contribution to both metaethics moral theory and feminist philosophy and brings feminist thinking into the larger discussion of the skeptical challenge *Structures of Agency* Michael Bratman, 2007 This is a collection of published and unpublished essays by distinguished philosopher Michael E Bratman of Stanford University They revolve around his influential theory know as the planning theory of intention and agency Bratman s primary concern is with what he calls strong forms of human agency including forms of human agency that are the target of our talk about self determination self government and autonomy These essays are unified and cohesive in theme and will be of interest to philosophers in ethics and metaphysics **Moral Philosophy Through the Ages** James Fieser, 2000 Takes a middle ground between the topical and historical approaches to Western ethics This book explains the historical development of the topic under consideration and most chapters focus on a specific famous philosopher who championed a particular tradition such as Aristotle Locke or Kant and the chapters are chronologically ordered **Social Philosophy** Gerald F.

Gaus,2015-03-04 This accessible introductory text discusses how people in a pluralistic society such as ours can accept a common social ethic a publicly justified morality It presents analyses of the basic concepts including justifications of liberty harm to others private property rights distributive justice environmental harms help to others and offensive behaviour Gaus acquaints the reader with the major figures in social philosophy John Stuart Mill Jeremy Bentham Thomas Hobbes John Locke David Hume John Rawls David Gauthier and Joel Feinberg as well as recent communitarian philosophers The basic technical aspects of social philosophy are also introduced game theory social choice theory the ideas rational action rational bargaining and public goods Throughout helpful short examples and stories are used to illustrate the material

Reason Ethics And Society Themes From Kurt Baier With His Responses Introduction

In the digital age, access to information has become easier than ever before. The ability to download Reason Ethics And Society Themes From Kurt Baier With His Responses has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Reason Ethics And Society Themes From Kurt Baier With His Responses has opened up a world of possibilities. Downloading Reason Ethics And Society Themes From Kurt Baier With His Responses provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Reason Ethics And Society Themes From Kurt Baier With His Responses has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Reason Ethics And Society Themes From Kurt Baier With His Responses. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Reason Ethics And Society Themes From Kurt Baier With His Responses. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Reason Ethics And Society Themes From Kurt Baier With His Responses, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have

reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Reason Ethics And Society Themes From Kurt Baier With His Responses has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Reason Ethics And Society Themes From Kurt Baier With His Responses Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Reason Ethics And Society Themes From Kurt Baier With His Responses is one of the best book in our library for free trial. We provide copy of Reason Ethics And Society Themes From Kurt Baier With His Responses in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Reason Ethics And Society Themes From Kurt Baier With His Responses. Where to download Reason Ethics And Society Themes From Kurt Baier With His Responses online for free? Are you looking for Reason Ethics And Society Themes From Kurt Baier With His Responses PDF? This is definitely going to save you time and cash in something you should think about.
