*A Reasonable Faith* Anthony Campolo, 1985-11      *Reasonable Faith for a Post-secular Age* William Greenway, 2020 Our global community desperately needs overt awakening to an age of reason and faith *Reasonable Faith for a Post Secular Age* meets this need by interpreting faith not in terms of belief in propositions but in terms of living surrender to having been seized by agape for every Face including one's own Virtually all faith traditions from Buddhism to Humanism to Wiccan are rooted in agape and therefore share considerable spiritual and ethical common ground a truth long veiled In contrast to ethically feckless secular rationality over which a devastating global social Darwinism currently runs roughshod faith qua living surrender to agape grounds moral realism awakens us to love for all creatures and inspires struggles for justice Inspired by the philosophy of Emmanuel Levinas and Christian spirituality Greenway engages on the one hand intellectuals like Stanley Hauerwas Richard Rorty Gayatri Chakravorty Spivak Jeffery Stout Charles Taylor and Bernard Williams and on the other contemporary debates over consciousness free will evil and metaethics He details the character of secular rationality's devastating scission from moral reality and clarifies the promise of understanding faith and spirituality in terms of agape

*Rawls, Political Liberalism and Reasonable Faith* Paul Weithman, 2016-08-11 For over twenty years Paul Weithman has explored the thought of John Rawls to ask how liberalism can secure the principled allegiance of those people whom Rawls called citizens of faith This volume brings together ten of his major essays including one new unpublished essay

which reflect on the task and political character of political philosophy the ways in which liberalism does and does not privatize religion the role of liberal legitimacy in Rawls's theory and the requirements of public reason The essays reveal Rawls as a thinker deeply engaged with political and existential questions that trouble citizens of faith and explore how in firm opposition to political realism he tries to show that the possibility of liberal democracy and the natural goodness of humanity are objects of reasonable faith The volume will be of interest to political philosophers political theorists moral theologians and religious ethicists

**Scientism and Secularism** J. P. Moreland, 2018-09-20 Rigid adherence to scientism as opposed to a healthy respect for science is all too prevalent in our world today Rather than leading to a deeper understanding of our universe this worldview actually undermines real science and marginalizes morality and religion In this book celebrated philosopher J P Moreland exposes the selfdefeating nature of scientism and equips us to recognize scientism's harmful presence in different aspects of culture emboldening our witness to biblical Christianity and arming us with strategies for the integration of faith and science the only feasible path to genuine knowledge

*Bill Bright and Campus Crusade for Christ* John G. Turner, 2009-11-30 Founded as a local college ministry in 1951 Campus Crusade for Christ has become one of the world's largest evangelical organizations today boasting an annual budget of more than 500 million Nondenominational organizations like Campus Crusade account for much of modern evangelicalism's dynamism and adaptation to mainstream American culture Despite the importance of these parachurch organizations says John Turner historians have largely ignored them Turner offers an accessible and colorful history of Campus Crusade and its founder Bill Bright whose marketing and fund raising acumen transformed the organization into an international evangelical empire Drawing on archival materials and more than one hundred interviews Turner challenges the dominant narrative of the secularization of higher education demonstrating how Campus Crusade helped reestablish evangelical Christianity as a visible subculture on American campuses Beyond the campus Bright expanded evangelicalism's influence in the worlds of business and politics As Turner demonstrates the story of Campus Crusade reflects the halting movement of evangelicalism into mainstream American society its awkward marriage with conservative politics its hesitancy over gender roles and sexuality and its growing affluence

Reasonable Faith William Lane Craig,1994 An excellent choice for a rational and systematic defense of the Christian faith Written by one of the top Christian theologians in an easier to read style this expanded edition discusses the relationship between faith and reason covering important core beliefs This resource includes a new chapter on the validity of New Testament documents Homeward Bound Harold C. Warlick, Jr.,1991 Weathering Storms Larry G.

Warkentin,2021-03-15 In the Crucible of Crisis Weathering Storms is a book born out of the author s personal experience and his witness of the crisis experiences of others Some have faced unimaginable stressors in life that seem meaningless and cruel Consequently one s psychology and theology may bend to the breaking point Further to this life s storms seem to amplify God s silence Yet there is never a time when the Master of the wind and waves is more attentive Weathering Storms probes these dynamics in depth Your crisis experience will end And when it does you will never be the same But the person you become after arriving on the other side of the storm is reborn with new strength insight and wisdom You will never want to go back to the person you once were that is if you walk the journey and weather the storm **Taking Discipleship**

**Seriously** Tom Sine,2020-07-29 When Jesus calls us to follow him he is not looking for occasional use of our gifts he wants our lives With this bold challenge Tom Sine calls on today s Christians to recapture the total commitment of first century disciples who truly lived out their faith in answer to Christ s call Such a radical biblical view of God s kingdom has implications touching every area of a Christian s life as well as a far reaching effect on the larger mission of the church Sine urges churches to set aside self involved agendas to seek God s will in a world of exploding needs They are encouraged to become agents of change in their communities to improve the plight of needy \_\_ persons with a hand up rather than a handout As individuals and study groups read how Christians have placed concern for God s kingdom above personal desires they will be stimulated to think deeply about their responses to Christ s invitation Follow me SECULAR, SOCIALIST & RELIGION IN INDIA - THE MISCONCEPTIONS PRAHALAD RAO, Constituent Assembly Debates which made the Constitution of India are the original source to understanding how the Constitution was made The debates are bold and blunt conducted using soft expressions and language Rather than reading the Constitution as it is what we discovered over the last

fifty years of its adoption is that it is read differently suiting the persons of the political parties speaking as they selectively suppress the spirit of the Letters Terms such as socialist and secular were later inserted in the Preamble through the 42nd Amendment in 1976 and that opened up Pandora's box Unfortunate derivation continued to progress opening up opportunities to influence the meaning of socialism secularism and religion Politicians didn't even glance at the spirited debates on how those very words were used to reach the consensus collectively among them Inequality continued to increase year after year which should not have been there after the insertion of those words Politicians and religious leaders at that time considered it more appropriate to convert those words as more relevant terms like religion caste and creed There onwards the country started experiencing a different taste of socialism secularism and religion In the author's view all such conceptions were solely serving self interests This is where we stand today The author has made a humble effort in this book to highlight the misconceptions of these terms as envisioned in the Constitution People tend to be generous when sharing their nonsense fear and ignorance And while they seem quite eager to feed you their negativity please remember that sometimes the diet we need to be on is a spiritual and emotional one Be cautious with what you feed your mind and soul Fuel yourself with positivity and let that fuel propel you into positive action Dr Steve Maraboli *Evolution and Holiness*

Matthew Nelson Hill, 2016-02-17 Theology needs to engage what recent developments in the study of evolution mean for how we understand moral behavior How does the theological concept of holiness connect to contemporary understandings of evolution In this groundbreaking work Matthew Hill uses the lens of Wesleyan ethics to offer a fresh assessment of the intersection of evolution and theology **Broadman comments** Ackland Donald F., 1990
