**Rebel in Paradise** Richard Drinnon, 1961      *The Evolution of Socialist Feminism from Eleanor Marx to AOC* Karen Bojar, 2024-11-21 The Evolution of Socialist Feminism from Eleanor Marx to AOC traces the intersection of feminism and socialism as it has played out in the socialist movements arising in Europe and North America in the nineteenth through early twenty first centuries From well known figures in the history of socialism such as Rosa Luxemburg Sylvia Pankhurst and Angela Davis to lesser known individuals including Claudia Jones Sheila Rowbotham and Zillah Eisenstein this book examines the socialist feminists who have been among the most powerful voices insisting on freedom of expression and participatory democracy within the socialist movement as well as within the larger society It considers how these figures contributed to what has become a twenty first century multiracial grassroots socialist feminist movement led by young women of color playing a major role in radical movements across the globe The Evolution of Socialist Feminism from Eleanor Marx to AOC is an important text for undergraduate students of politics sociology and gender studies as well as for the general reader

*The Radicalization of European Jews in the US Metropolis* Frank Jacob, 2024-08-19 During the late 19th and early 20th centuries many Jews from Central and Eastern Europe arrived in New York City where they did not only find a new home but far away from their shtetl origin the new members of the American society also began to politically radicalize There has been a discussion in the literature related to the field where how and why the Jewish population radicalized This study analyses two waves of radicalization one related to the American environment that is responsible for the described process at the end of the 19th century one related to the developments in Eastern Europe during the early decades of the 20th century For both radicalization processes this book compares the reasons elements and aims of those who join radical movements to show that there is a transatlantic perspective that links both processes to each other      **Life of an Anarchist** Alexander

Berkman, 2011-01-04 Alexander Berkman was a twentieth century American revolutionary Like the abolitionist John Brown before him Berkman was hugely idealistic ready to go to the furthest extreme of self sacrifice and violence on behalf of justice and civil rights He decided to assassinate industrialist Henry Clay Frick after reading in the newspaper that Pinkertons hired by Frick had opened fire on the Homestead strikers killing men women and children Berkman s bungled attempt cost him fifteen years in a federal penitentiary Upon his release he became an effective agitator against conscription and was again imprisoned and eventually deported to Russia where he saw at first hand the early days of Bolshevism Berkman s writings remain a lasting and impassioned record of intense political transformation Featuring a new introduction by Howard Zinn Life of an Anarchist contains Prison Memoirs of an Anarchist Berkman s account of his years in prison The Bolshevik Myth his eyewitness account of the early days of the Russian Revolution and The ABC of Anarchism the classic text on the nature of anarchism in the twentieth century Also included are a selection of letters between Berkman and his lifelong companion Emma Goldman and a generous sampling from Berkman s other publications      **Anarchist Seeds beneath the**

**Snow** David Goodway, 2011-12-12 From William Morris to Oscar Wilde to George Orwell left libertarian thought has long been an important but neglected part of British cultural and political history In *Anarchist Seeds beneath the Snow* David Goodway seeks to recover and revitalize that indigenous anarchist tradition This book succeeds as simultaneously a cultural history of left libertarian thought in Britain and a demonstration of the applicability of that history to current politics Goodway argues that a recovered anarchist tradition could and should be a touchstone for contemporary political radicals Moving seamlessly from Aldous Huxley and Colin Ward to the war in Iraq this challenging volume will energize leftist movements throughout the world

*Women, Gays, and the Constitution* David A. J. Richards, 1998-07-20 In this remarkable study David A J Richards combines an interpretive history of culture and law political philosophy and constitutional analysis to explain the background development and growing impact of two of the most important and challenging human rights movements of our time feminism and gay rights Richards argues that both movements are extensions of rights based dissent rooted in antebellum abolitionist feminism that condemned both American racism and sexism He sees the progressive role of such radical dissent as an emancipated moral voice in the American constitutional tradition He examines the role of dissident African Americans Jews women and homosexuals in forging alternative visions of rights based democracy He also draws special attention to Walt Whitman s visionary poetry showing how it made space for the silenced and subjugated voices of homosexuals in public and private culture According to Richards contemporary feminism rediscovers and elaborates this earlier tradition And similarly the movement for gay rights builds upon an interpretation of abolitionist feminism developed by Whitman in his defense both in poetry and prose of love between men Richards explores Whitman s impact on pro gay advocates including John Addington Symonds Havelock Ellis Edward Carpenter Oscar Wilde and Andr Gide He also discusses other diverse writers and reformers such as Margaret Sanger Franz Boas Elizabeth Stanton W E B DuBois and Adrienne Rich Richards addresses current controversies such as the exclusion of homosexuals from the military and from the right to marriage and concludes with a powerful defense of the struggle for such constitutional rights in terms of the principles of rights based feminism

**Woman of Valor** Ellen Chesler,2007-10-16 This illuminating biography of Margaret Sanger the woman who fought for birth control in America describes her childhood her private life her relationships with Emma Goldman and John Reed her public role and more Margaret Sanger went to jail in 1917 for distributing contraceptives to immigrant women in a makeshift clinic in Brooklyn She died a half century later just after the Supreme Court guaranteed constitutional protection for the use of contraceptives Now Ellen Chesler provides an authoritative and widely acclaimed biography of this great emancipator whose lifelong struggle helped women gain control over their own bodies An idealist who mastered practical politics Sanger seized on contraception as the key to redistributing power to women in the bedroom the home and the community For fifty years she battled formidable opponents ranging from the US Government to the Catholic Church Her crusade was both passionate and paradoxical She was an advocate of female solidarity who often preferred the company of men an adoring mother who abandoned her children a socialist who became a registered Republican a sexual adventurer who remained an incurable romantic Her comrades in arms included Emma Goldman and John Reed her lovers Havelock Ellis and H G Wells Drawing on new information from archives and interviews Chesler illuminates Sanger's turbulent personal story as well as the history of the birth control movement An intimate biography of a visionary rebel *Woman of Valor* is also an epic story that extends from the radical movements of pre World War I to the family planning initiatives of the Great Society At a time when women's reproductive and sexual autonomy is once again under attack this landmark biography is indispensable reading for the generations in debt to Sanger for the freedoms they take for granted

*Contemporary Political Ideologies* Roger Eatwell,2019-03-11 In everyday usage ideology tends to be a pejorative term synonymous with the dogmatic or fanatical This is not the sense in which the term is used in this book Nor does this book adopt the instrumental approach to ideology common among social scientists and Marxists which sees ideology as socially determined rather than as a body of relatively coherent and comprehensive beliefs of interest in their own right It is this last feature of ideologies which this book focuses on namely ideologies key assumptions and themes their intrinsic content This is not to deny that there are interesting questions to be asked about the social origins and role of ideologies However these questions would require a separate book to do them justice Moreover we live in an age of hyper change Suddenly in the last decade or so the ideologies which were in the ascendant in the early twentieth century seem to have entered terminal decline whilst other ideologies have been rejuvenated and newer ones have grown in force In general these changes have undermined the left more than the right though the rise of new ideologies throughout the twentieth century has helped show the weaknesses classifying ideologies by the traditional left right spectrum

Christianity and the Making of the Modern Family Rosemary R. Ruether,2001-07-13 How did a religion whose founding proponents advocated a

shocking disregard of earthly ties come to extol the virtues of the traditional family In this richly textured history of the relationship between Christianity and the family Rosemary Radford Ruether traces the development of these centerpieces of modern life to reveal the misconceptions at the heart of the family values debate **Emma Goldman's No-Conscription**

**League and the First Amendment** Erika Pribanic-Smith, Jared Schroeder, 2018-12-07 Emma Goldman's Supreme Court appeal occurred during a transitional point for First Amendment law as justices began incorporating arguments related to free expression into decisions on espionage and sedition cases This project analyzes the communications that led to her arrest writings in Mother Earth a mass mailed manifesto and speeches related to compulsory military service during World War I as well as the ensuing legal proceedings and media coverage The authors place Goldman's Supreme Court appeal in the context of the more famous Schenck and Abrams trials to demonstrate her place in First Amendment history while providing insight into wartime censorship and the attitude of the mainstream press toward radical speech **Disloyal**

**Mothers and Scurrilous Citizens** Kathleen Kennedy, 1999-09-22 A concise and highly readable study of women's influence on a crucial era in American political and cultural history Kathleen Kennedy's unique study explores the arrests trials and defenses of women charged under the Wartime Emergency Laws passed soon after the US entered World War I These women often members of the political left whose anti war or pro labor activity brought them to the attention of federal officials made up ten percent of the approximately two thousand Federal Espionage cases Their trials became important arenas in which women's relationships and obligations to national security were contested and defined Anti radical politics raised questions about the state's role in defining motherhood and social reproduction Kennedy shows that state authorities often defined women's subversion as a violation of their maternal roles Yet with the exception of Kate Richards O'Hare the women charged with sedition did not define their political behavior within the terms set by maternalism Instead they used liberal arguments of equality justice and democratic citizenship to argue for their right to speak frankly about American policy Such claims while often in opposition to strategies outlined by their defense teams helped form the framework for modern arguments made in defense of civil liberties Cross-Cultural Reckonings Blanche H. Gelfant, 1995-01-27 Blanche H

Gelfant's book Cross Cultural Reckonings both demonstrates and questions the applicability of postmodern cultural and literary theories to realistic texts to fiction and autobiographies valued for their truth Drawing together an unusual combination of Russian American and Canadian writers the various essays of this book provide new and original perspectives upon the puzzling issues of national identity of historical change and continuity of gender and the integrity of literary genres the boundaries between text and context and the underlying if overlooked conflicts between the postmodern critic's skepticism and a writer's belief in the transcendence of art and truth To avoid the contingencies inherent in binary comparisons the essays in this book seek a triadic form analogous to the triptych or polyptych of the visual arts Multi faceted non linear and open ended such a form might allow the academic essay to recover a waywardness that traces back to

Montaigne cited in prefatory notes and to the etymological meaning of the essay as an exagium or weighing as an act of reckoning A study at once elegant erudite and personal Cross Cultural Reckonings reckons with writers of different backgrounds and reputation in whom Gelfant discovers surprising affinities among them the Russian writers Lydia Chukovskaya Natalya Baranskaya and Alexander Solzhenitsyn Ethel Wilson a highly reputed Canadian writer the famous cross cultural figure Emma Goldman and established as well as new or rediscovered American writers such as Willa Cather Saul Bellow Arlene Heyman and Meridel Le Sueur These writers are discussed singly and in comparative essays each of which is discrete and self contained while all interconnect and reflect upon each other as exemplary demonstrations of cross cultural literary criticism and the deferred final judgment that results from a weighing and reweighing of books     *The Reader's Companion to American History* Eric Foner, John A.
