The Francoist Military Trials Peter Anderson, 2009-09-10 In Spain between 1936 1945 the Franco regime carried out one Europe s more brutal but less remembered programs of mass repression Many were murdered by the regime s death squads and in some areas Francoists also subjected up to 15% of the population to summary military trials Here many suffered the death sentence or jail terms up to thirty years Although historians have recognised the staggering scale of the trials they have tended to overlook the mass participation that underpinned them In contrast to the discussion in other European countries little attention has been paid to the wide scale collusion in the killings and incarcerations in Spain Exploring mass complicity in the trials of hundreds of thousands of defeated Republicans following the end of the Spanish Civil War *The Francoist Military Trials* probes local Francoists accusations whereby victims were selected for prosecution in military courts It also shows how insubstantial and hostile testimony formed the bedrock of investigations secured convictions and shaped the harsh sentencing practices of Franco s military judges Using civil court

records it also documents how grassroots Francoists continued harassing Republicans for many years after they emerged from prison Challenging the popularly prevalent view that the Franco regime imposed a police state upon a passive Spanish society the evidence Anderson uncovers here illustrates that local state officials and members of the regime's support base together forged a powerful repressive system that allowed them to wage war on elements of their own society to a greater extent than perhaps even the Nazis managed against their own population

Rethinking Serial Murder, Spree Killing, and Atrocities Robert Shanafelt,Nathan W. Pino,2014-11-20 Multiple killings by serial or spree killers and the mass violence seen in war crimes and other atrocities have typically been understood as discrete category types which can foster the view that there are fundamentally different kinds of human beings including deviants who are born evil and innately given to sadism or a callous lack of empathy In contrast this book considers the violence of these deviants in terms of larger questions about human violence Therefore in addition to describing the life histories of a sample of individual serial and spree murderers the book includes analysis of macro level phenomena such as genocide mass rape and killing and torture occurring under conditions of war state authorization or political upheaval The chief claim of the book is that given the right combination of factors occurring at different levels of analysis virtually anyone can emerge as a killer or perpetrator of atrocities While it is crucial to understand individual killers in terms of the details of their biographies it is equally crucial to understand political atrocities in terms of the details of their histories and to see that persons and groups are always the product of complexly interacting assemblage processes **The IRA, 1968-2000** J. Bowyer Bell,2013-04-03 Based on thousands of interviews over 35 years with the leaders and members of the Republican movement and the IRA itself as well as the Irish British and Americans involved in the Troubles the focus of this study is on the workings of an organization involved in armed struggle **Rebel's Karma** Rebecca Zanetti,2021-06-08 There s no denying destiny For too long Benjamin Reese has masked his deadly skills and temper with loyalty and humor A vampire demon hybrid he fiercely protects his family guards his brothers and destroys the enemy without mercy But when he discovers one fragile beautiful blonde a woman once mated to a Kurjan no less every primal instinct he has buried for centuries roars to life With the mating mark she roused on his hand entwining their fates no one will prevent him from keeping her safe and making her his forever Or desire Karma wishes she could remember her last name Or if she even had one All she has in this confusing new world is a desperate duty to save the innocent That means destroying the dark dangerous and desirable Benjamin Reese and everything he loves an impossible task even before his touch arouses a passionate hunger she can t afford She s certain a deadly enemy watches her every move but it s not until Benny kisses her
