Rebels And Hostiles:

History of the Border Wars of Two Centuries Charles Richard Tuttle, 1874 *Civic Affairs*, 1956 *Combat Diary* Brig Jasbir Singh, 2010 Brigadier Jasbir Singh's *Combat Diary* enlists the history the wars the achievements and the various accomplishments of the 419 Hyderabad Regiment and brings to the common reader a picturesque account of a glorious regiment through the various campaigns in the two World Wars under British rule in India **Hostile to Democracy** Peter Bouckaert, 1999 *The Role of Parliament* *The Political Science Review*, 1973 **The History and Politics of Star Wars** Chris Kempshall, 2022-08-11 This book provides the first detailed and comprehensive examination of all the materials making up the Star Wars franchise relating to the portrayal and representation of real world history and politics Drawing on a variety of sources including films published interviews with directors and actors novels comics and computer games this volume explores the ways in which historical and contemporary events have been repurposed within Star Wars It focuses on key themes such as fascism and the Galactic Empire the failures of democracy the portrayal of warfare the morality of the Jedi and the representations of sex gender and race Through these themes this study highlights the impacts of the fall of the Soviet Union the War on Terror and the failures of the United Nations upon the galaxy far far away By analysing and understanding these events and their portrayal within Star Wars it shows how the most popular media franchise in existence aims to speak about wider contemporary events and issues *The History and Politics of Star Wars* is useful for upper level undergraduates postgraduates and scholars of a variety of disciplines such as transmedia studies science fiction cultural studies and world history and politics in the twentieth and twenty first centuries *Wars Within War* Irving W. Levinson, 2013-10-31 Traditional characterizations of the 1846 1848 war between the United States and Mexico emphasize the conventional battles waged between two sovereign nations However two little known guerrilla wars taking place at the same time proved critical to the outcome of the conflict Using information from twenty four archives including the normally closed files of Mexico's National Defense Archives *Wars Within War* breaks new ground by arguing that these other conflicts proved crucial to the course of events In the first struggle a force organized by the Mexican army launched a prolonged campaign against the supply lines connecting the port of Veracruz to US forces advancing upon Mexico City In spite of US efforts to destroy the partisans base of support these armed Mexicans remained a significant threat as late as January 1848 Concurrently rebellions of class and race erupted among Mexicans an offshoot of the older struggle between a predominantly criollo elite that claimed European parentage and the indigenous population excluded from participation in the nation's political and economic life Many of Mexico's powerful propertied citizens were more afraid of their fellow Mexicans than of the invaders from the north By challenging their rulers guerrillas forced Mexico's government to abandon further resistance to the United States changing the course of the war and Mexican history **The War of the rebellion: a compilation of the official records of the Union and Confederate armies, prepared by R.N.
