Burnard,2019-02-22 As with any enterprise involving violence and lots of money running a plantation in early British America was a serious and brutal enterprise Beyond resources and weapons a plantation required a significant force of cruel and rapacious men men who as Trevor Burnard sees it lacked any better options for making money In the contentious Planters Merchants and Slaves Burnard argues that white men did not choose to develop and maintain the plantation system out of virulent racism or sadism but rather out of economic logic because to speak bluntly it worked These economically successful

and ethically monstrous plantations required racial divisions to exist but their successes were always measured in gold rather than skin or blood Burnard argues that the best example of plantations functioning as intended is not those found in the fractious and poor North American colonies but those in their booming and integrated commercial hub Jamaica Sure to be controversial this book is a major intervention in the scholarship on slavery economic development and political power in early British America mounting a powerful and original argument that boldly challenges historical orthodoxy **Coretta Scott King Award Books** Claire Gatrell Stephens,2000-05-15 Here s a fresh opportunity to learn more about these fine titles and integrate them into the curriculum The first half of the book presents annotated bibliographies of all author and illustrator winners and honor books The entire second half of the book is devoted to activities including some reproducibles based on select titles During the past 30 years the titles recognized by the Coretta Scott King Award have consistently presented excellent writing storytelling history and values Stephens s book is designed to help educators learn more about these fine titles and integrate them into the curriculum After giving background about the award and its history the author presents annotated bibliographies of all author and illustrator award winners and honor books The second half of the book is devoted to providing activities based on specific titles Helpful tips and reproducibles make this a classroom friendly resource

Frederick Douglass Norma Jean Lutz,Arthur M. Schlesinger, Jr.,2009 Born a slave this incredible man managed to be active in the antislavery movement and became very influential in the freeing of slaves **Africans in America** Richard Worth,Robert Asher,2009 Unlike other immigrant groups the story of African immigration is unique because the majority of Africans did not choose to come to North America but were brought here against their will Africans in America treats all the comings of African Ameri **The Politics of Race** Jill Vickers,Annette Isaac,2012-06-22 The Politics of Race is an excellent resource for students and general readers seeking to learn about race policies and legislation Arguing that states make race it provides a unique comparison of the development and construction of race in three white settler societies Canada the United States and Australia This timely new edition focuses on the politics of race after 9 11 and Barack Obama s election as president of the United States Jill Vickers and Annette Isaac explore how state sanctioned race discrimination has intensified in the wake of heightened security It also explains the new race formation of Islamophobia in all three countries and the shifts in how Hispanics and Asian Americans are being treated in the United States As race and politics become increasingly intertwined in both academic and popular discourse The Politics of Race aids readers in evaluating different approaches for promoting racial justice and transforming states **Caribbean Slave Revolts and the British Abolitionist Movement** Gelien Matthews,2006-06-15 In this illuminating study Gelien Matthews demonstrates how slave rebellions in the British West Indies influenced the tactics of abolitionists in England and how the rhetoric and actions of the abolitionists emboldened slaves Moving between the world of the British Parliament and the realm of Caribbean plantations Matthews reveals a transatlantic dialectic of antislavery agitation and slave insurrection that eventually influenced the dismantling of

slavery in British held territories Focusing on slave revolts that took place in Barbados in 1816 in Demerara in 1823 and in Jamaica in 1831 32 Matthews identifies four key aspects in British abolitionist propaganda regarding Caribbean slavery the denial that antislavery activism prompted slave revolts the attempt to understand and recount slave uprisings from the slaves perspectives the portrayal of slave rebels as victims of armed suppressors and as agents of the antislavery movement and the presentation of revolts as a rationale against the continuance of slavery She makes shrewd use of previously overlooked publications of British abolitionists to prove that their language changed over time in response to slave uprisings Historians previously have examined the economic religious and political bases for slavery s abolishment in the Caribbean but Matthews here emphasizes the agency of slaves in the march toward freedom Her compelling work is a valuable analytical tool in the interpretation of abolition in North America uncovering the important connections between rebellious slaves on one side of the Atlantic and abolitionists on the other side
