Rebels Traitors Turncoats Of London:

Rebels, Traitors And Turncoats of London Travis Elborough, 2004 **Rebels and Traitors** Lindsey Davis, 2010-01-19 An epic novel of the turbulent English Civil War seen through the lives of those that fought for peace and struggled for love Set against the terrible struggle of the English Civil War Rebels and Traitors is the story of how this turbulent era effected everyone from rich to poor and the hopes and dreams that carried them through years of deprivation bloodshed and terror When Gideon Jukes and Juliana Lovell who are on opposites sides of the struggle meet during one of the era s most crucial events their mutual attraction brings the comfort and companionship for which they both have yearned But the flowering of radical thought collapses its failure leads to endless plots and strange alliances And shadows from the past threaten them individually and together in their hard won peace Like Margaret Mitchell s *Gone with the Wind* and John Jakes *North and South* Lindsey Davis brings to life a turbulent time through the stories of those who struggled fought lived and loved on all sides of a defining and devastating time *Crime and Punishment* Kathy Elgin, 2009 Crime was a serious problem in Shakespeare s day and those who broke the law were treated harshly Vagrants and beggars were placed in the stocks or whipped out of town while traitors and murderers were usually put to death This book investigates the thieves vagabonds pickpockets swindlers rebels and cut throats of Elizabethan England and looks at how they were punished **Soldier, Rebel, Traitor** Alexander R. Brondarbit, 2022-05-05 John Wenlock first Lord Wenlock was a leading diplomat courtier and soldier during the Wars of the Roses whose remarkable career offers us a fascinating insight into one of the most turbulent periods in English medieval history And yet he has hitherto been overshadowed by his more illustrious contemporaries Alexander Brondarbit s meticulously researched and perceptive biography is overdue It establishes Wenlock as a major figure in his own right and records in vivid detail how this shrewd nobleman found his way through the brutal conflicts of his times Wenlock served in Henry V s military campaigns in France in the 1420s before moving on to a career in the royal households of Henry VI Margaret of Anjou and Edward IV As a diplomat he led multiple embassies to Burgundy and France and in addition to the kings he served he was closely connected with other notable figures of the age such as Richard Neville earl of Warwick But Wenlock s speciality was on the battlefield he took part in many raids skirmishes and sieges and in three major battles including the Battle of Tewkesbury in 1471 where he lost his life Using primary sources as well as contemporary assessments in chronicles and letters Alexander Brondarbit gives a nuanced description of the main episodes in Wenlock s long career and throws new light on the motivation of a man who has been labelled a Prince of Turncoats because of his frequent changes of allegiance **Pirates, Swashbucklers and Buccaneers of London** Helen Smith, 2004-03 Pirates swashbucklers buccaneers **Redcoats and Rebels** Christopher Hibbert, 2002 A full scale popular history of the American War of Independence **Turncoat** Stephen Brumwell, 2018-05-29 A historian examines how a once ardent hero of the American Revolutionary cause became its most dishonored traitor General Benedict Arnold s failed

attempt to betray the fortress of West Point to the British in 1780 stands as one of the most infamous episodes in American history In the light of a shining record of bravery and unquestioned commitment to the Revolution Arnold's defection came as an appalling shock Contemporaries believed he had been corrupted by greed historians have theorized that he had come to resent the lack of recognition for his merits and sacrifices In this provocative book Stephen Brumwell challenges such interpretations and draws on unexplored archives to reveal other crucial factors that illuminate Arnold's abandonment of the revolutionary cause he once championed This work traces Arnold's journey from enthusiastic support of American independence to his spectacularly traitorous acts and narrow escape Brumwell's research leads to an unexpected conclusion Arnold's mystifying betrayal was driven by a staunch conviction that America's best interests would be served by halting the bloodshed and reuniting the fractured British Empire Gripping In a time when charges of treason and disloyalty intrude into our daily politics Turncoat is essential reading R R B Bernstein City College of New York The most balanced and insightful assessment of Benedict Arnold to date Utilizing fresh manuscript sources Brumwell reasserts the crucial importance of human agency in history Edward G Lengel author of General George Washington An incisive study of the war and the very meaning of the American Revolution itself The defining portrait of Arnold for the twenty first century Francis D Cogliano author of Revolutionary America

Turncoats and Renegadoes Andrew Hopper, 2012-11-15 Turncoats and Renegadoes is the first dedicated study of the practice of changing sides during the English Civil Wars It examines the extent and significance of side changing in England and Wales but also includes comparative material from Scotland and Ireland The first half identifies side changers among peers MPs army officers and common soldiers before reconstructing the chronological and regional patterns to their defections The second half delivers a cultural history of treachery by adopting a thematic approach to explore the social and cultural implications of defections and demonstrating how notions of what constituted a turncoat were culturally constructed Side changing came to dominate strategy on both sides at the highest levels Both sides reviled yet sought to take advantage of the practice whilst allegations of treachery came to dominate the internal politics of royalists and parliamentarians alike The language applied to turncoats and renegadoes in contemporary print is discussed and contrasted with the self justifications of the side changers themselves as they sought to shape an honourable self image for their families and posterity Andrew Hopper investigates the implementation of military justice along with the theatre of retribution surrounding the trial and execution of turncoats He concludes by arguing that far from side changing being the dubious practice of a handful of aberrant individuals it became a necessary survival strategy for thousands as they navigated their way through such rapidly changing events He reveals how side changing shaped the course of the English Revolution even contributing to the regicide itself and remained an important political legacy to the English speaking peoples thereafter

Rebels and Redcoats Hugh Bicheno, 2004 Accompanying a four part BBC TV series this is the story of a vicious struggle between brothers friends and families which forged a new nation The book tells the

history of the passionate violent and bloody events of America in the 1770s taking a controversial and revisionist view

Villainy in Western Culture M. Gregory Kendrick, 2016-03-09 Every society has its lineup of wicked unethical characters real or fictional who are regarded as villainous This book explores how Western societies have used villains to sort insiders from outsiders and establish behavioral norms to support harmony and well being There are three parts nature and barbarians as sinister others bent on destroying Western civilization tyrants traitors and femmes fatales as challenges to ideals of legitimate governance patriotism and gender roles and gangsters grifters and murderers as models of evil or unprincipled behavior The author also discusses two related phenomena the dramatic paring down of what is considered villainous in the West and the proliferation of over the top villains in pop culture and mass media Instructors considering this book for use in a course may request an examination copy here **Rebels, Traitors and Turncoats of London** Travis Elborough, 2004-03 If you re a king or a queen there s nothing quite like thinking up the most hideous form of execution for a traitor What you want is a good plot against one s royal self followed by instruments of extreme torture topped off by a beheading or possibly some hanging drawing and quartering London has played host to many traitors to the Crown some bad some perhaps not so bad as well as rebels and turncoats who had to break the laws of their day to get a better life Read amongst many stories of rebellion about the Gunpowder Plot the execution of Charles I the dim duke and his rubbish plots to seize the throne the conspiracies against Elizabeth I the grandmother of Girl Power and the riots for the right to vote

Katherine the Queen Linda Porter, 2024-09-04 Rich perceptive nuanced and creative this first full scale biography gives one of Britain s best but least known queens her due Publishers Weekly starred review The general perception of Katherine Parr is that she was a provincial nobody with intellectual pretensions who became queen of England because the king needed a nurse as his health declined Yet the real Katherine Parr was attractive passionate ambitious and highly intelligent Thirty years old younger than Anne Boleyn had been when she married the king she was twice widowed and held hostage by the northern rebels during the great uprising of 1536-37 known as the Pilgrimage of Grace Her life had been dramatic even before she became queen and it would remain so after Henry s death She hastily and secretly married her old flame the rakish Sir Thomas Seymour and died shortly after giving birth to her only child in September 1548 Her brief happiness was undermined by the very public flirtation of her husband and step daughter Princess Elizabeth She was one of the most influential and active queen consorts in English history and this is her story Missing The Tudors TV show The story continues in this biography of Henry VIII s sixth wife Katherine Parr New York Post Linda Porter has done a marvellous job in bringing Katherine Parr to life In so doing she evokes the whole terrifying and exciting world of the Tudor courts packed with intrigue and danger A N Wilson author of *Victoria A Life* **The English Rebel** David Horspool, 2009-08-06 The English have a rich and glorious history of making trouble for themselves One hundred and forty years before the French Revolution the English executed their king and instituted a radical revolutionary government In 1215 more than 570 years before the United States

ratified its Bill of Rights England's barons forced King John to accept the Magna Carta In 1926 over 1.5 million strikers brought the nation to its knees From the Peasants Revolt to the suffragettes from Oliver Cromwell to Arthur Scargill this ground breaking and hugely enjoyable book describes a rich and continuous tradition of resistance rebellion and radicalism of violent and charismatic individuals with axes to grind and of social eruptions and political earthquakes that have shaped England's whole culture and character

5 2015-07-13 castling our home in the air put the horse before the cart put the cart before the horse 5 *Peveril of the Peak* Walter Scott, 1875 **Perveril of the Peak** Walter Scott, 1868

Waverley Novels ... Walter Scott, 1834 **The Independent** William Livingston, 1913 **The Independent**, 1913

Writing the History of Global Slavery Trevor Burnard, 2023-12-07 This Element shows that existing models of global slavery derived from sociology and modelled closely on antebellum American slavery being normative should be replaced a global slavery that is less American and more global It argues that we can understand the global history of slavery if we connect it more closely to another important world institution empires in ways that historicise the study of history as an institution with a history that changes over time and space Moreover we can learn from scholars of modern slavery and use more than we do the enormous proliferation of usable sources about the lives experiences and thoughts of the enslaved from ancient to modern times to make these voices of the enslaved crucial drivers of how we conceptualise and describe the varied kinds of global slavery in world history This title is also available as Open Access on Cambridge Core

Rebels Traitors Turncoats Of London Book Review: Unveiling the Power of Words
