Rebirth Of America People Power And The Constitution:

The Rebirth of America Loran E. Coppoc, 2000 This book covers the problems facing America today the concerns that are discussed daily on Main Street and in public forums Citizens should be made aware they are free to exercise their constitutional authority to amend the Constitution No doubt the central government will do everything to thwart constitutional action by the people but it will be powerless against us just as the Communist leaders in the Soviet Union were ultimately powerless against the Russian people The founders gave us a Constitution and a Declaration of Independence which together gives America the authority as Thomas Jefferson said to secure those rights Governments are instituted among men deriving their just Powers from the Consent of the Governed that whenever any Form of Government becomes destructive of these Ends it is the Right of the People to alter or to abolish it and to institute a new Government laying its Foundation on such Principles and organizing its Powers in such Form as to them shall seem most likely to effect their Safety and Happiness America has far more problems today than the Colonies had in 1787 when the founders wrote a Constitution that was unique in the history of world governments They knew all governments were evil that their power must be restricted to national defense and very little else This book addresses these issues in light of the power of the people implicit in the U S Constitution *Operation REBIRTH AMERICA Second Edition* America Publications, 2007-09 *A True History of the United States* Daniel A. Sjursen, 2021-06-01 A US Army veteran and West Point history professor delivers a must read for anyone seeking a firm grasp of accurate American history Kirkus A US history study guide like no other offers profound insights and challenges the standard US history narrative Roxanne Dunbar Ortiz In this brilliant readable and raw revisionist history Major ret Danny Sjursen challenges us to think critically of our understanding of our nation s past and present so we can view American history as never before A True History of the United States was inspired by a course Sjursen taught to cadets at West Point his alma mater Sjursen s powerful storytelling and meticulous research reveals balanced portraits of key historical figures while bringing to light those who struggled in the shadows The perfect companion to Howard Zinn s A People s History of the United States A True History is essential reading for every American with a conscience **Nebraska**, 2004 **Pluralist Constitutions in Southeast Asia** Jaclyn L Neo, Ngoc Son Bui, 2019-04-04 This book examines the presence of ethnic religious political and ideational pluralities in Southeast Asian societies and how their respective constitutions respond to these pluralities Countries covered in this book are Brunei Cambodia Indonesia Laos Malaysia Myanmar the Philippines Singapore Thailand and Vietnam The chapters examine first the range of pluralist constitutional values and ideas embodied in the constitutions secondly the pluralist sources of constitutional norms thirdly the design of constitutional structures responding to various pluralities and fourthly the construction and interpretation of bills of rights in response to existing pluralities The pluralist constitution is thus one that recognises internal pluralities within society and makes arrangements to accommodate rather than eliminate these pluralities **Rebirth of a Nation** Joel Edward

Goza,2024-09-24 Joel Edward Goza dismantles the deep seated myths that perpetuate white supremacy and makes the case that reparations are necessary to heal America s racial wounds and live up to our democratic ideals Like many well intentioned white people Goza once believed that he could support Black America s struggle for equality without supporting reparations Reparations he thought were altogether irrelevant to the real work of racial justice This is a book about why he was wrong In fact any effort to heal our nation s wounds will fail without reparations In *Rebirth of a Nation* Goza exposes lesser known aspects of racism in American history and how Black people have consistently been depicted as responsible for their own oppression to justify slavery Jim Crow mass incarceration and gross inequality Goza s iconoclastic and incisive account exposes how revered figures like Thomas Jefferson and Abraham Lincoln embedded white supremacy deep into our nation s consciousness and how Ronald Reagan manipulated this ideology so that society cheered as he advanced a set of policies that wounded our nation and intensified Black America s suffering But *Rebirth of a Nation* is not merely about accountability It is also about hope A reparations process is not a utopian dream Goza offers a practical path toward closing the racial wealth gap *Rebirth of a Nation* shows readers how they can join the reparative process working toward the creation of a more perfect union

The American Revolution Reborn Patrick Spero,Michael Zuckerman,2016-11-25 *The American Revolution Reborn* parts company with the American Revolution of our popular imagination and renders it as a time of intense ambiguity and frightening contingency With an introduction by Spero and a conclusion by Zuckerman this volume heralds a substantial and revelatory rebirth in the study of the American Revolution

Conscience and the Constitution David A.J. Richards,2014-07-14 At stage center of the American drama maintains David A J Richards is the attempt to understand the implications of the Reconstruction Amendments Amendments Thirteen Fourteen and Fifteen to the United States Constitution Richards evaluates previous efforts to interpret the amendments and then proposes his own view together the amendments embodied a self conscious rebirth of America s revolutionary rights based constitutionalism Building on an approach to constitutional law developed in his *Toleration and the Constitution and Foundations of American Constitutionalism* Richards links history law and political theory In *Conscience and the Constitution* this method leads from an analysis of the Reconstruction Amendments to a broad discussion of the American constitutional system as a whole Richards s interpretation focuses on the abolitionists and their radical commitment to the dissenting conscience In his view the Reconstruction Amendments expressed not only the constitutional arguments of a particular historical period but also a general political theory developed by the abolitionists who restructured the American political community in terms of respect for universal human rights He argues further that the amendments make a claim on our generation to keep faith with the vision of the founders of 1865 In specific terms he points out what such allegiance would mean in the context of present day constitutional issues Originally published in 1993 The Princeton Legacy Library uses the latest print on demand technology
