Policing in Africa D.

Francis, 2012-04-23 This wide ranging collection offers fresh insights into a critical factor in development and politics on the African continent It critically examines and illustrates the centrality of policing in transition societies in Africa and outlines and assesses the emergence and impact of the diversity of state and non state policing agencies **Contemporary Conflict Resolution** Oliver Ramsbotham, Hugh Miall, Tom Woodhouse, 2011-04-11 Offering an assessment of the theory and practice of conflict resolution in post Cold War conflicts this book addresses a number of questions It explores the nature of contemporary conflict and the development of conflict resolution **People, Aid and Institutions in Socio-economic Recovery** Dorothea Hilhorst, Bart Weijs, Gemma van der Haar, 2017-02-17 An estimated 2 billion people live in countries affected by fragility conflict and violence Extreme poverty is increasingly concentrated in these areas and governments and international agencies seek avenues to enable socio economic recovery and to support people as they try to rebuild their lives and livelihoods People Aid and Institutions in Socio economic Recovery Facing Fragilities provides an in depth understanding of people s strategies in the face of conflict and disaster related fragility and examines how policies and aid interventions enable their socio economic recovery or fail to do so Through field based research the book captures the complex and unfolding realities on the ground exploring the interfaces between economic social and institutional change This provides a rich and unique vantage point from which to reflect on the impact of recovery policies The book provides a set of cross cutting findings that aim to inform policy and practice The detailed case studies of the book lay bare key dynamics of recovery Set against the findings from two chapters that review the literature the cases provide evidence based lessons for socio economic recovery The chapters combine qualitative and quantitative methodologies and form a valuable resource to researchers and postgraduate students of disaster management conflict humanitarian aid and social reconstruction and development management **Gender, Peace and Conflict** Inger Skjelsboek, Dan Smith, 2001-03-22 Gender is increasingly recognized as central to the study and analysis of the traditionally male domains of war and international relations The book explores the key role of gender in peace research conflict resolution and international politics Rather than simply add gender and stir the aim is to transcend different disciplinary boundaries and conceptual approaches to provide a more integrated basis for research and study To this end Gender Peace Conflict uniquely combines theoretical chapters alongside empirical case studies to demonstrate the importance of a gender perspective to both theory and practice in conflict resolution and peace research **Ending Civil Wars** Stephen John Stedman, Donald S. Rothchild, Elizabeth M. Cousens, 2002 A project of the International Peace Academy and CISAC The Center for International Security and Cooperation P ii Toward Peace in Bosnia Elizabeth M. Cousens, Charles K. Cater, 2001 Cousens director of research International Peace Academy and Cater researcher International Peace Academy consider the limitations of the Dayton accords and their failure to produce peace political reform democracy multiculturalism and economic development in Bosnia They consider internat When the State Fails Tunde Zack-Williams, 2011-12-05 Compared with Iraq Afghanistan and Kosovo the recent western intervention in Sierra

Leone has been largely forgotten When the State Fails rectifies this providing a comprehensive and critical analysis of the intervention The civil war in Sierra Leone began in 1991 and was declared officially over in 2002 after UK UN and regional African military intervention Some claimed it as a case of successful humanitarian intervention The authors in this collection provide an informed analysis of the impact of the intervention on democracy development and society in Sierra Leone The authors take a particularly critical view of the imposition of neoliberalism after the conflict As NATO intervention in Libya shows the continued use of external force in internal conflicts When the State Fails is a timely book for all students and scholars interested in Africa and the question of humanitarian intervention **The Palgrave Handbook of Global**

Approaches to Peace Aigul Kulnazarova,Vesselin Popovski,2018-12-19 With existing literature focusing largely on Western perspectives of peace and their applications a global understanding of peace is much needed Spurred by more recent debates and discourses that criticize the dominant realist and liberal approaches for crises in contemporary state and peace building the contributors to this handbook emphasize not only the need to solve this eternal conundrum of humanity but also demand with the rise of increasingly more violent conflicts in international relations the development of a global interpretive framework for peace and security To this end the present handbook examines conceptual institutional and normative interpretive approaches for making building and promoting peace in the context of roles played by state and non state actors within local national regional and global units of analysis **At War's End** Roland Paris,2004-05-24 All fourteen major peacebuilding missions launched between 1989 and 1999 shared a common strategy for consolidating peace after internal conflicts immediate democratization and marketization Transforming war shattered states into market democracies is basically sound but pushing this process too quickly can have damaging and destabilizing effects The process of liberalization is inherently tumultuous and can undermine the prospects for stable peace A more sensible approach to post conflict peacebuilding would seek first to establish a system of domestic institutions that are capable of managing the destabilizing effects of democratization and marketization within peaceful bounds and only then phase in political and economic reforms slowly as conditions warrant Peacebuilders should establish the foundations of effective governmental institutions prior to launching wholesale liberalization programs Avoiding the problems that marred many peacebuilding operations in the 1990s will require longer lasting and ultimately more intrusive forms of intervention in the domestic affairs of these states This book was first published in 2004 *World Development Report 2011* World Bank,2011-05-01 The 2011 WDR on Conflict Security and Development underlines the devastating impact of persistent conflict on a country or region s development prospects noting that the 1.5 billion people living in conflict affected areas are twice as likely to be in poverty Its goal is to contribute concrete practical suggestions on conflict and fragility Sierra Leone beyond the Lome Peace Accord M. Mustapha,J. Bangura,2010-08-16 The Lome Peace Accord signed in 1999 presented significant implications challenges and possibilities for post conflict Sierra Leone but the literature on post conflict Sierra Leone only scantily addresses these issues

This project seeks to address the void in the literature on post Lom Sierra Leone
