## **Resignation Or Revolt Sociopolitical Development And The Challenges Of Peace In Palestine:**

**The Politics of the Palestinian Authority** Nigel Parsons, 2005-06-07 This book explores the development of the Palestinian Liberation Organization PLO from a liberation movement to a national authority the Palestinian National Authority PNA Based on intensive fieldwork in the West Bank Gaza and Cairo Nigel Parsons analyzes Palestinian internal politics and their institutional building by looking at the development of the PLO Drawing on interviews with leading figures in the PLO and the Palestinian Authority delegates to the negotiations with Israel and the Palestinian political opposition it is a timely account of the Israel Palestine conflict from a Palestinian political perspective Understanding the Middle East Peace Process Asima Ghazi-Bouillon, 2009-01-30 Tracing the evolution of the Israeli academic debate over history politics and collective identity Understanding the Middle East Peace Process examines the Middle East peace process since Oslo and follows the discursive struggle over Israeli collective identity Based on interviews with key protagonists this book gives a detailed analysis of the interrelatedness of academic debate societal discourse and collective identity against the background of major political events in Israel It charts the ascendancy and expansion of post Zionism outlines the emergence of neo Zionism from the political right and the re appropriation of Zionism in light of the new political climate of peace making Ghazi Bouillon provides a new perspective on the failure of the New Historians to revolutionize Israeli intellectual life and the failure of post Zionism to revolutionize Israeli political life whilst assessing neo Zionism s potential to do both **Violence, Nonviolence, and the Palestinian National Movement** Wendy Pearlman, 2011-10-24 Why do some national movements use violent protest and others nonviolent protest Wendy Pearlman shows that much of the answer lies inside movements themselves Nonviolent protest requires coordination and restraint which only a cohesive movement can provide When by contrast a movement is fragmented factional competition generates new incentives for violence and authority structures are too weak to constrain escalation Pearlman reveals these patterns across one hundred years in the Palestinian national movement with comparisons to South Africa and Northern Ireland To those who ask why there is no Palestinian Gandhi Pearlman demonstrates that nonviolence is not simply a matter of leadership Nor is violence attributable only to religion emotions or stark instrumentality Instead a movement s organizational structure mediates the strategies that it employs By taking readers on a journey from civil disobedience to suicide bombings this book offers fresh insight into the dynamics of conflict and mobilization **Conflict Transformation and Peacebuilding** Bruce W. Dayton, Louis Kriesberg, 2009-02-11 This book fills a gap in our understanding of the forces that lead to moderation and constructive engagement in the context of violent intrastate conflicts **The Palestine Yearbook of International Law, 1998-1999** Anis F. **Palestinian Youth Activism in the Internet Age** Albana S. Dwonch, 2019-10-31 Since the Arab uprisings of 2011 Palestinian youth movements have formed unofficial and leaderless networks of political activism using the internet to mobilise and bring together three generations of Palestinian activists This book focuses on three key case studies that have marked a turning point in the development of youth organised and grassroots Palestinian politics the 15 March movement in Gaza the Palestinians for Dignity movement in the West Bank and the Praver movement of young Palestinians in Israel Drawing on extensive fieldwork composed of interviews with leading Palestinian activists in the West Bank and Gaza and detailed analysis of social media patterns this book offers a fresh reading of Palestinian youth and their central online and offline role in popular protests against both Israeli and Palestinian power structures

International Assistance to the Palestinians after Oslo Anne Le More, 2008-03-31 Why has the West disbursed vertiginous sums of money to the Palestinians after Oslo What have been donors motivations and above all the political consequences of the funds spent Based on original academic research and first hand evidence this book examines the interface between diplomacy and international assistance during the Oslo years and the intifada By exploring the politics of international aid to the Palestinians between the creation of the Palestinian Authority and the death of President Arafat 1994 2004 Anne Le More reveals the reasons why foreign aid was not more beneficial uncovering a context where funds from the international community was poured into the occupied Palestinian territory as a substitute for its lack of real diplomatic engagement This book also highlights the perverse effects such huge amounts of money has had on the Palestinian population and territory on Israeli policies in the occupied Palestinian territory and not least on the conflict itself particularly the prospect of its resolution along a two state paradigm International Assistance to the Palestinians after Oslo gives a unique narrative chronology that makes this complex story easy to understand These features make this book a classic read for both scholars and practitioners with lessons to be learned beyond the Israeli Palestinian conflict

**Water, Power and Politics in the Middle East** Jan Selby, 2003-10-24 This original analysis of the Middle East water problems

highlights questions and issues which have so far only received minimal attention The author develops a multi layered account of the nature and causes of the conflict and the Palestinian water crisis Each chapter addresses a particular aspect of the Israeli Palestine water conflict and the author uses these to illustrate both the broader nature of Israeli Palestinian relations and factors that the existing water literature underplays or simply gets wrong The book should interest students scholars and practitioners in a wide range of disciplines including Middle East studies politics and international relations water policy geography environmental studies and environmental management The Peace Business Markus

Bouillon,2004-02-26 Markus Bouillon s book makes an important and original contribution to the literature on the Middle East peace process It is based on extensive and imaginative research and it is packed with new and fascinating material Bouillon places the behaviour of the elites under an uncompromising lens His work serves as a useful corrective to the conventional wisdom by highlighting the negative effects of the peace process for all but the elites in Israel Jordan and the Palestinian territories Avi Shlaim Oxford University The first full length authoritative account of the various dimensions of business in the context of Arab Israeli peace an empirically dense and nuanced analysis James Piscatori Oxford University

**Late Modern Palestine** Laura Junka-Aikio,2015-10-14 Late Modern Palestine looks at the ways in which the relationship between the subject and representation and the political problematic of postcolonial late modernity is articulated in the context of the Palestinians struggle for liberation Junko Aikio provides a rich theoretically and empirically and in part also visually grounded study of the complex ways in which ordinary Palestinians face negotiate and resist multiple regimes of power and desire in the context of everyday life in the West Bank and Gaza The volume examines the early years of the second Palestinian uprising an intifada whose political status remains highly disputed The book examines the ways in which Palestinian politics during the second intifada has been entangled with the broader social and political changes that are associated with postcolonial late modernity It is argued that the dislocation between modern colonial and late modern postcolonial regimes of power and subjectivity greatly complicates the map of power and resistance in contemporary Palestine and also renders articulation of national unity and hegemonic political strategy increasingly unlikely This work will be of great interest to students and scholars of Middle East Studies Postcolonial Studies International Relations Political Sociology Critical Security Studies and Political Theory
