Wadsworth Leland Stanford and John D. Rockefeller California was a place to strike it rich Others sought freedom and a new beginning including Chinese immigrants and African Americans like philanthropist and freed slave Biddy Mason And still some characters just wanted to live their lives outside of society's rules like swindler James Reavis or the cross dressing stagecoach driver Charley Parkhurst Readers will be entertained and enlightened as they take a trip through California's colorful past **From California's Gold Fields to the Mendocino Coast** Samuel M. Otterstrom,2017-05-01 California's history is rich and diverse with numerous fascinating stories hidden in its past Before the discovery of gold in the Sierras San Francisco Yerba Buena and its surroundings comprised a sparsely populated frontier on the edge of the old Spanish realm After 1848 the area rapidly transformed into a settled urban system as a tremendous influx of prospectors and settlers came to seek their fortune in California A wave of gold miners merchants farmers politicians carpenters and many others from various backgrounds and corners of the world migrated to the area at that time Interrelated social geographic and economic processes led to a very quick metamorphosis from frontier settlement to a firmly established system with ingrained economic patterns The development of San Francisco's outlying region from a wilderness into a prosperous village and farming mecca shows how quickly in migration coupled with economic diversification can establish a stable settlement structure upon the landscape Otterstrom describes an intricately woven tapestry of interrelated people who were contributing creators of a wide variety of prosperous northern California environs He uncovers the processes that converted this sleepy post Mexican outpost into a focal point of nearly hyperactive youthful growth The narrative follows this crucial story of settlement development until the dawn of the twentieth century through the interconnected framework of individual and family ingenuity migration

trajectories and diverse geographical scales Multiplying individualistic experiences from across far flung appendages of the Northern California system into larger and larger scales Otterstrom has achieved a matchless historical and sociological study that will form the basis for any future studies of the area *Gold Rush Saints* Kenneth N. Owens, 2005 Combines narrative history and firsthand Mormon accounts that cast light on the presence of Latter day Saints in California during the Gold Rush in the middle 1840s Reprint Great Basin Kingdom Leonard J. Arrington, 2005 Leonard Arrington who died in 1999 is considered by most if not all serious scholars of Mormon and western history as the single most important figure to write on LDS history Great Basin Kingdom is perhaps his greatest work A classic in Mormon studies and western history Great Basin Kingdom offers insights into the underdeveloped American economy a comprehensive treatment of one of the few native American religious movements and detailed exciting stories from little known phases of Mormon and American history This edition includes thirty new photographs and an introduction by Ronald W Walker that provides a brief biography of Arrington as well as the history of the work its place in Mormon and western historiography and its lasting impact

Bringhurst, Lavina Fielding Anderson, 2004-08-31 Winner of the Special Book Award from the John Whitmer Historical Association Excavating Mormon Pasts assembles sixteen knowledgeable scholars from both LDS and the Community of Christ traditions who have long participated skillfully in this dialogue It presents their insightful and sometimes incisive surveys of where the New Mormon History has come from and which fields remain unexplored It is both a vital reference work and a stimulating picture of the New Mormon History in the early twenty first century **The Mormon Church in the California Gold Rush** Richard O. Cowan, 1959 Adolph Sutro William R. Huber, 2020-04-13 Adolph Sutro was forever seeking challenges Emigrating from Prussia to the U S at age 20 the California gold rush lured him west At the Comstock Lode in Nevada he conceived an idea for a tunnel to drain the hot water that made the mines perilous and inefficient But he would have to overcome both physical obstacles and powerful opposition by the Bank of California to realize his vision Back in San Francisco Sutro bought one twelfth of the city including the famous Cliff House perched over the Pacific Ocean When it burned to cinders on Christmas Day 1894 he built a massive eight story Victorian replacement He used his expertise in tunneling and water solutions to create the world s largest enclosed swimming structure the Sutro Baths six glass covered heated saltwater pools with capacity of 1 000 swimmers Other challenges followed but Sutro was not invincible After a two year term as mayor of San Francisco he succumbed to debilitating strokes which left him senile His death in 1898 started disputes among his heirs six children by his wife and two by his mistress that lasted more than a decade **"Swell Suffering"** Veda Tebbs Hale, 2011-05-01 2012 Best Biography Award Mormon History Association Maurine Whipple author of what some critics consider Mormonism greatest novel The Giant Joshua is an enigma Her prize winning novel has never been out of print and

its portrayal of the founding of St George draws on her own family history to produce its unforgettable and candid portrait of plural marriage's challenges along with its winsome gallant and sparkling heroine Clory McIntyre. Yet Maurine's life is full of contradictions and unanswered questions. Why did she never finish her projected trilogy after writing what she considered to be its first volume? Why when she considered herself an outcast from St George society did she never leave it for longer than a few months? What happened to her dreams of romantic love marriage and a family? Given the on-going popularity of *The Giant Joshua* and at least three attempts to put the story on the screen, why has a movie never been made? For extended periods of her life she was paralyzed by personal suffering yet did her greatest creative achievement emerge from that pain. Veda Tebbs Hale, a personal friend of the paradoxical novelist, answers these questions with sympathy and tact, nailing each insight down with thorough research in Whipple's vast but under-utilized collected papers. By her mastery of Whipple's letters, diaries, exhaustive oral histories, and draft after draft of unrealized dreams, Veda Hale brings a novelist's life into focus. Exasperating, dazzlingly creative, courageous, brave, frequently misguided, Maurine Whipple emerges in this biography as an unforgettable character in her own right.

Rush for Riches J. S. Holliday, 1999. Traces the history of the California Gold Rush from 1849 through 1884 when a court decision forced the shut down of the hydraulic mining operations, bringing decades of careless freedom to an end.
