Regional Schools in Hellenistic Sculpture Olga Palagia, 2017-02-28 Essays describing recent research and new discoveries of Hellenistic sculpture based on papers presented at an international conference at the American School of Classical Studies at Athens in 1996

Sanctuaries and the Sacred in the Ancient Greek World John Pedley, 2005-10-17 The first chapters outline important themes and issues including locations and their meanings defining features of sanctuaries the relationship between structure and ritual political as well as religious functions transformations over time and the activities and experiences of the individual These themes are linked to historic and specific sanctuaries notably Olympia and Delphi as examples of major international sanctuaries Samos and Poseidonia as urban sanctuaries in different parts of the Greek world and the acropolis in Athens Final chapters trace the consequences of the Roman conquest the triumph of Christianity as well as the impact of Turks travelers archaeologists and tourists on these sites Written in a clear style and richly illustrated this 2005 book is intended for students and provides an accessible yet authoritative introduction to the material aspects of ancient Greek sanctuaries and the ritual activities which took place there It includes a lengthy glossary and a chapter bibliography

Constructions of Childhood in Ancient Greece and Italy Ada Cohen, Jeremy B. Rutter, 2007 These 20 papers explore ancient notions and experiences of childhood around the Mediterranean from prehistory to late antiquity They are grouped into sections on Families Socialization and Enculturation Rituals and Life Transitions Gender and Representation Burial Commemoration and Childhood and the Classical Tradition The contributors come from a range of different disciplines including art history archaeology classical philology and physical anthropology

Cave and Worship in Ancient Greece Stella Katsarou, Alexander Nagel, 2020-12-30 Cave and Worship in Ancient Greece brings together a series of stimulating chapters contributing to the archaeology and our modern understanding of the character and importance of cave sanctuaries in the first millennium BCE Mediterranean Written by emerging and established archaeologists and researchers the book employs a fascinating and wide range of approaches and methodologies to investigate and interpret material assemblages from cave shrines many of which are introduced here for the first time An introductory section explores the emergence and growth of caves as centres of cult and religion The chapters then probe some of the meanings attached to cave spaces and votive materials such as terracotta figurines and ceramics and those who created and used them The authors use sensory and gender approaches discuss the identity of the worshippers and the contribution of statistical analysis to the role of votive materials At the heart of the volume is the examination of cave materials excavated on the Cycladic islands and Crete in Attika and Aitolokarnania on the Ionian islands and in southern Italy This is a welcome volume for students of prehistoric and classical archaeology enthusiasts of the history of caves religion ancient history and anthropology

The Hero Cults of Sparta Nicolette A. Pavlides, 2023-09-07 This book examines the hero cults of Sparta on the basis of the archaeological and literary sources Nicolette Pavlides explores the local

idiosyncrasies of a pan Hellenic phenomenon which itself can help us understand the place and function of heroes in Greek religion Although it has long been noted that hero cult was especially popular in Sparta there is little known about the cults both in terms of material evidence and the historical context for their popularity The evidence from the cult of Helen and Menelaos at the Menelaion the worship of Agamemnon and Alexandra Cassandra the Dioskouroi and others who remain anonymous to us is viewed as a local phenomenon reflective of the developing communal and social consciousness of the polis What is more through an analysis of the typology of cults it is concluded that in Sparta the boundaries of the divine heroic mortal were fluid which allowed a great variation in the expression of cults The votive patterns topography and architectural evidence permit an analysis of the kinds of offerings to hero cults and an evaluation of the architecture that housed such cults Due to the material and spatial distribution of the votive deposits it is argued that Sparta had a large number of hero shrines scattered throughout the polis which attests to an enthusiastic and long lasting local votive practice at a popular level *Library of Congress Subject Headings* Library of Congress, Library of Congress. Office for Subject Cataloging Policy, 2005 **Greek and Roman Colonisation** Guy Bradley, John-Paul Wilson, 2005-12-31 The term colonisation encompasses much diversity from the settlement of the western Mediterranean and the Black sea by Greeks in the archaic period to the foundation of Roman colonies in mainland Italy during the Republic Though very different in their motives and methods both Greek and Roman colonisations are presented by our sources as organised and clearly defined processes within which internal and external relations were firmly delineated This volume contains six new studies two Greek and four Roman Contributors employ historiographical comparative and post colonial approaches to question ancient constructs The book contains detailed case studies as well as synoptic treatments Contributors build on recent research in Greek and Roman history to show how ideologies of colonisation develop and come to dominate the historical record

Library of Congress Subject Headings Library of Congress. Cataloging Policy and Support Office, 2009 **Bodies of Evidence** Jane Draycott, 2017-07-05 Dedicating objects to the divine was a central component of both Greek and Roman religion Some of the most conspicuous offerings were shaped like parts of the internal or external human body so called anatomical votives These archaeological artefacts capture the modern imagination recalling vividly the physical and fragile bodies of the past whilst posing interpretative challenges in the present This volume scrutinises this distinctive dedicatory phenomenon bringing together for the first time a range of methodologically diverse approaches which challenge traditional assumptions and simple categorisations The chapters presented here ask new questions about what constitutes an anatomical votive how they were used and manipulated in cultural cultic and curative contexts and the complex role of anatomical votives in negotiations between humans and gods the body and its disparate parts divine and medical healing ancient assemblages and modern collections and collectors In seeking to re contextualise and re conceptualise anatomical votives this volume uniquely juxtaposes the medical with the religious the social with the conceptual the idea of the body in

fragments with the body whole and the museum with the sanctuary crossing the boundaries between studies of ancient religion medicine the body and the reception of antiquity *Piscinae* James Arnold Higginbotham, 1997 Pisciculture_the process of raising fish_held a lasting fascination for the people of ancient Rome Whether bred for household consumption cultivated for sale at market or simply kept in confinement for reasons of aesthetic appreciation fish remained a

Hellenistic and Roman Terracottas Giorgos Papantoniou, Demetrios Michaelides, Maria Dikomitou - Eliadou, 2019-05-15 Edited by G Papantoniou D Michaelides and M Dikomitou Eliadou Hellenistic and Roman Terracottas is a collection of 29 chapters with an introduction presenting diverse and innovative approaches archaeological stylistic iconographic functional contextual digital and physicochemical in the study of ancient terracottas across the Mediterranean and the Near East from the Hellenistic period to Late Antiquity The 34 authors advocate collectively the significance of a holistic approach to the study of coroplastic art which considers terracottas not simply as works of art but most importantly as integral components of ancient material culture The volume will prove to be an invaluable companion to all those interested in ancient terracottas and their associated iconography and technology as well as in ancient artefacts and classical archaeology in general
