are impressive Stoler's writing is a major strength of this book Stoler provides admirable surveys of the major historical controversies of the Anglo American war against the Axis powers such as the efficacy of the Allied strategic bombing campaign the utility of the Italian campaign and the continuing debate over the dropping of the atomic bombs on Hiroshima and Nagasaki Anyone who teaches courses on the history of the Second World War will find this volume a valuable resource The Journal of Modern History Allies in War is a solid survey of the war an effective synthesis of the most troublesome aspects of the special Britain US relationship Naval History Magazine An important new study by one of the leading scholars in the field David Reynolds University of Cambridge
