The Insolvency Service Great Britain: Parliament: House of Commons: Business, Innovation and Skills Committee, 2013-02-06 The Business Innovation and Skills Committee has today published a report containing a number of conclusions and recommendations resulting from its inquiry into the Insolvency Service including

- i without an increase in resources the investigations unit will be unable to increase the number of cases it can prosecute which will further undermine stakeholder confidence
- ii there is a risk that further reductions in annual running costs and staff may put undue pressure on the Insolvency Service to deliver
- iii it is clear from the evidence that the fee generated income model for the Official Receiver Service is unreliable in the current economic climate
- iv issues remain with pre pack administration which need to be addressed
- v given the level of debt relief they can receive it would not be unreasonable to increase the
