experiencia de la ciudad de Valencia en este ámbito a través de múltiples campos: el educativo, la creación artística, las artes gráficas, el teatro, el cine, las fallas, las bandas de música, el café musical o el concierto sinfónico. A la música se le ha dado especial énfasis. El Grup dels Joves, integrado por cinco compositores, se propuso aunar el arte popular del país con la vanguardia, desafiando herencias y rutinas. Este impulso de futuro también lo asumieron creadores y profesionales de las diversas manifestaciones culturales que se plantearon superar estancamientos, rutinas y tópicos para contribuir a la construcción de la modernidad y la universalidad cultural. En este estudio de la realidad cultural de aquellos días han participado profesores de las universidades de Valencia y Politécnica de Valencia, así como del Conservatorio Superior de Música y dinamizadores de la cultura.
