chosen since it is the least known and most original of the three The individualist poets are avowed moderns and their attitude toward poetry and their concept of its nature often anticipate attitudes held by our poets of our own time There has not been available to this point a sufficiently representative body of poems by these poets a gap that Professors Finch and Joliat have attempts to fill with their anthology Readers will find the notes to the poems especially useful since many of them provide out of the way background material and as well offer new insights into the poetry of the individualist poets as a group Bookseller & Stationer and Office Equipment Journal ,1928 Over the River and Through the Wood Karen L. Kilcup,Angela Sorby,2014 Offers readers a view of the quality and diversity of nineteenth century American children s poetry Complemented by period illustrations this collection includes work by poets from all geographical regions as well as rarely seen poems by immigrant and ethnic writers and by children themselves **The Child** ,1912
