Seven Daughters And Seven Sons:

Seven Daughters and Seven Sons Barbara Cohen, Bahija Lovejoy, 1994-10-19 In an ancient Arab nation one woman dares to be different Buran cannot Buran will not sit quietly at home and wait to be married to the man her father chooses Determined to use her skills and earn a fortune she instead disguises herself as a boy and travels by camel caravan to a distant city There she maintains her masculine disguise and establishes a successful business The city's crown prince comes often to her shop and soon Buran finds herself falling in love But if she reveals to Mahmud that she is a woman she will lose everything she has worked for

The Seven Son & Seven Daughters Vernon Thomas, 2022-08-01 During a time when young men have a hard time grasping what it means to sacrifice and take care of the family and young ladies have forgotten the art of what it means to take care of a household raising children and instilling morals and values in them The Seven Sons and Seven Daughters is a heartwarming tribute that gives the depiction of a strong black woman who loved hard and allowed it to show in her everyday life It is an epic tale of struggles of an ex alcoholic father who through the grace of God was able to lay down the bottle and pick up salvation and a new determination on life It is the story of strength adversity spirituality and growth laced with the pain and tragedy of death and life after death The Seven Sons and Seven Daughters is a gentle reminder of the days when blacks had little to no rights with little to no resources to do much to better self and how a little Mississippi family found the strength to overcome every obstacle that was placed before them In a day and age where technology has taken over the world where children would rather stay in the house and play video games than to play in the park or play a good game of tag or freeze football During an era where little girls don't see the joy in playing with Barbie's or playing dress up in their mother's old clothes

Maithil Women's Tales Coralynn V. Davis, 2014-06-30 Constrained by traditions restricting their movements and speech the Maithil women of Nepal and India have long explored individual and collective life experiences by sharing stories with one another Sometimes fantastical sometimes including a kind of magical realism these tales allow women to build community through a deeply personal and always evolving storytelling form In Maithil Women's Tales Coralynn V Davis examines how these storytellers weave together their own life experiences the hardships and the pleasures with age old themes In so doing Davis demonstrates they harness folk traditions to grapple personally as well as collectively with social values behavioral mores relationships and cosmological

questions Each chapter includes stories and excerpts that reveal Maithil women s gift for rich language layered plots and stunning allegory In addition Davis provides ethnographic and personal information that reveal the complexity of women s own lives and includes works painted by Maithil storytellers to illustrate their tales The result is a fascinating study of being and becoming that will resonate for readers in women s and Hindu studies folklore and anthropology *Folktales of the Jews, V. 3 (Tales from Arab Lands)* Dan Ben Amos,2011-05-01 Thanks to these generous donors for making the publication of the books in this series possible Lloyd E Cotsen The Maurice Amado Foundation National Endowment for the Humanities and the National Foundation for Jewish Culture Tales from Arab Lands presents tales from North Africa Yemen Lebanon Syria and Iraq in the latest volume of the most important collection of Jewish folktales ever published This is the third book in the multi volume series in the tradition of Louis Ginzberg s timeless classic Legends of the Jews The tales here and the others in this series have been selected from the Israel Folktale Archives IFA named in Honor of Dov Noy at The University of Haifa a treasure house of Jewish lore that has remained largely unavailable to the entire world until now Since the creation of the State of Israel the IFA has collected more than 20 000 tales from newly arrived immigrants long lost stories shared by their families from around the world The tales come from the major ethno linguistic communities of the Jewish world and are representative of a wide variety of subjects and motifs especially rich in Jewish content and context Each of the tales is accompanied by in depth commentary that explains the tale s cultural historical and literary background and its similarity to other tales in the IFA collection and extensive scholarly notes There is also an introduction that describes the culture and its folk narrative tradition a world map of the areas covered illustrations biographies of the collectors and narrators tale type and motif indexes a subject index and a comprehensive bibliography Until the establishment of the IFA we had had only limited access to the wide range of Jewish folk narratives Even in Israel the gathering place of the most wide ranging cross section of world Jewry these folktales have remained largely unknown Many of the communities no longer exist as cohesive societies in their representative lands the Holocaust migration and changes in living styles have made the continuation of these tales impossible This series is a monument to a rich but vanishing oral tradition This series is a monument to a rich but vanishing oral tradition **The Life of George Washington to Which are Added His Diaries and Speeches** Jared Sparks,2025-08-04 Reprint of the original first published in 1839 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **The Literary Construction of the Other in the Acts of the Apostles** Mitzi J Smith,2012-06-28 Mitzi Smith engages the reader in explaining how as in the real world the characterization of the Others is used negatively in the biblical texts Smith shows how the concept of difference is constructed in order to distinguish ourselves from proximateothers indeed the other who is most similar to us is most threatening and most problematic The process of Othering or Otherness is a synthetic and political social construct that allows us to create and maintain boundaries

between them and us Thus this work demonstrates how proximate characters are constructed as the Other in the Acts of the Apostles Charismatics Jews and women are proximate others who are constructed as the external and internal Others
