Rabinow, 2014-10-09 This beautifully illustrated volume tells the story of Cubism through twenty two essays that explore the most significant private holding of Cubist art in the world today the Leonard A. Lauder Collection now a promised gift to The Metropolitan Museum of Art The eighty works featured in this volume by Georges Braque, Juan Gris, Fernand Léger and Pablo Picasso are among the most important and visually arresting in the movement's history These masterpieces critical to the development of Cubism include such groundbreaking paintings as Braque's *Trees at L'Estaque* considered one of the very first Cubist pictures Picasso's *Still Life with Fan* Léger's *Indipendant* one of the first to introduce typography Gris's *Noirish* uncanny *The Man at the Café* one of his most celebrated collages and Léger's uniquely ambitious *Composition: The Typographer* Written by renowned experts on this subject the essays trace the evolution of Cubism from its origins in the still lifes, portraits and collages of Braque and Picasso through the precisely delineated compositions by Gris that prefigure the Synthetic Cubism of the war years to Léger's distinctive intersections of spherical, cylindrical and cubic forms that evoke the syncopated rhythms of modern life Also included are a fascinating interview in which Leonard Lauder discusses his approach to collecting an investigative essay on the information gleaned from the backs of the works themselves and an authoritative catalogue that further establishes the lives of these magnificent objects A publication to place alongside the great histories of Modernism this comprehensive book will stand as the resource for understanding Cubism for many years to come *Seven Centuries of Painting* Alfred Neumeyer, 2016 **Charles Burchfield** Colleen L. the first book to explore the transformation of his style and subject matter in the 1870s and early 1880s The name Manet often evokes the provocative heroically scaled pictures he painted in the 1860s for the Salon but in the late 1870s and early 1880s the artist produced quite a different body of work stylish portraits of actresses and demimondaines luscious still lifes delicate pastels intimate watercolors and impressionistic scenes of suburban gardens and Parisian caf s Often dismissed as too pretty and superficial by critics these later works reflect Manet s elegant social world propose a radical new alignment of modern art with fashionable femininity and record the artist s unapologetic embrace of beauty and visual pleasure in the face of death Featuring nearly three hundred illustrations and nine fascinating essays by established and emerging Manet specialists a technical analysis of the late Salon painting *Jeanne Spring* a selection of the artist s correspondence a chronology and more Manet and *Modern Beauty* brings a diverse range of approaches to bear on a little studied area of this major artist s oeuvre
