Seven Sisters Of Sleep The Celebrated Drug Classic

M. C. Cooke

Seven Sisters Of Sleep The Celebrated Drug Classic:

The Seven Sisters of Sleep M. C. Cooke, 1855 **The Seven Sisters of Sleep** Mordecai Cooke, 1997-10-01 This groundbreaking survey written in 1860 is a radically open minded look at the use of drugs across the world and throughout the ages Early users of tobacco in Russia would have their noses cut off and repeat offenders their heads Pope Innocent XII excommunicated any who used it in St Peters Marijuana users in 14th century Egypt would have their teeth extracted for the crime Yet use of these and other forbidden substances continued to grow If only as a record of the perennial failure of harsh punishments to deter drug use Victorian naturalist Mordecai Cooke s work *The Seven Sisters of Sleep* would remain significant But Cooke s natural humor and keen insights have ensured this work s reputation as possibly the best early book from what has grown into an enormous body of literature on mind and mood altering substances Written at a time similar to our own when drug use was being reconsidered *The Seven Sisters of Sleep* is a thought provoking and open minded look at the use of drugs across the world and throughout the ages Quite popular in its day and a major influence on Lewis Carroll s *Alice in Wonderland* this is an important book for anyone interested in an unbiased account of humanity s long involvement with psychoactive hallucinogenic and stimulant plants

Mushroom Nicholas P. Money, 2011-11-01 An illuminating look at the wonders of mushroom biology and an exploration of their enduring appeal *The Publishers Weekly*, 1997 [Victorian Nightshades](#) Elizabeth A. Campbell, 2025-03-27 A darkly alluring plant family and the arrival of modernity Victorian *Nightshades* tells the story of how one plant family notorious for centuries in England because of its frequently psychoactive and poisonous properties rose to social and economic prevalence during the nineteenth century Beginning with bittersweet and belladonna the Old World species associated with evil witchcraft and dangerous women in an era when traditional botanical beliefs not only assigned morality to plants but also gendered them Campbell then moves to the ubiquitous potato and tobacco before concluding with four of the Solanaceae that achieved the widest national favor by the end of the century the ornamental petunia and the edible pepper eggplant and tomato The story of the nightshades exposes the conflicts between science and popular sentiment and between knowledge and received opinion that defined the nineteenth century Campbell compellingly details how advances in medical and botanical knowledge evolutionary theory and the vagaries of human desire transformed the Solanaceae from a plant family plagued by fear and hostility in the British imagination to one of cultural favor and celebration by the turn of the century encapsulating the Victorian era s course to modernity

The Seven Sisters of Sleep M. C. Cooke, 2022-06-13 In *The Seven Sisters of Sleep* M C Cooke presents a mesmerising exploration of sleep dreams and the enigma of the human psyche Through a series of interconnected narratives the book delves into the rich tapestry of sleep s dual nature weaving together elements of folklore psychology and the science of slumber Cooke s lyrical prose invites readers to traverse surreal landscapes while engaging with profound philosophical questions exploring the boundaries between reality and dream Evocative imagery and a distinctive narrative structure

enhance the reading experience positioning Cooke's work within a modern literary context reminiscent of such luminaries as Jorge Luis Borges and Haruki Murakami. M. C. Cooke, an accomplished author with a background in psychology and literature, draws upon his diverse experiences to craft this multifaceted narrative. Having spent years studying the intricacies of the subconscious mind, Cooke's fascination with dreams and their significance informs every page of this work. His previous studies and writings reflect a commitment to interrogating human experience, making him an ideal chronicler of the sleep realms he so masterfully illuminates. For those intrigued by the mysterious allure of dreams and the psychological landscapes they inhabit, *The Seven Sisters of Sleep* is a must-read. It not only captivates with its innovative storytelling but also invites deep reflection on the nature of human consciousness. Enticing both literary enthusiasts and scholars alike, Cooke's work is a profound contribution to contemporary literature that promises to leave a lasting impression. **American Book**

Publishing Record, 1997-09 **Cumulative Book Index**, 1998 A world list of books in the English language

Forthcoming Books Rose Army, 1999 **Plant Intoxicants** Ernst Freiherr von Bibra, 1995-02 This pioneering study of psychoactive plants and their role in society, initially published in 1855, is one of the first books to examine the cultivation, preparation, and consumption of the world's major stimulants and inebriants. It presents a fascinating panorama of the world-wide use of psychoactive plants in the nineteenth century. **Schamanenpflanzen Tabak** Christian Rättsch, 2003

Whitaker's Books in Print, 1998 *Subject Guide to Books in Print*, 1991 *A Dictionary of Urdū, Classical Hindī, and English* John Thompson Platts, 1911 **Classic Pictorial of Screen and Stage**, 1923 Clinical Sports Psychiatry David A. Baron, Claudia L. Reardon, Steven H. Baron, 2013-04-12 This book has it all, written by national and international experts and edited by world authorities. It is the first book on sport psychiatry in over a decade. Dealing with psychopathology, mental health problems, and clinical management, it differs markedly from sports psychology books that focus on performance issues. Eating disorders, exercise addiction, drug abuse are all problems that are seen in everyday athletes, not just elite performers. This book shows how to help. This text covers the most important topics in contemporary sports psychiatry/psychology from an international perspective. Chapter authors are experts in the field and global leaders in the related professional organizations, including current and past Presidents/Chairs of the International Society for Sports Psychiatry and of the World Psychiatric Association Section on Exercise and Sports Psychiatry. Authors are mainly psychiatrists; the rest are PhD sport psychologists. The book comprises representative chapter authors from around the world to an extent unprecedented in this topic. The authors and editors are well informed in global perspectives, e.g., having served as consultants to numerous Olympic teams in addition to service on the International Society for Sports Psychiatry's Board of Directors. Specifically, this book covers four main categories of topics: 1) mental health challenges faced by athletes, including substance use disorders, exercise addiction, eating disorders, depression, suicide, and concussion; 2) treatment approaches and therapeutic issues with athletes, including different types of psychotherapy for psychiatric disorders, psychotherapeutic performance enhancement.

approaches transference and countertransference issues achievement by proxy psychotherapeutic issues as applied to a couple of sports that are played around the world and use of psychiatric medications in athletes 3 psychosocial issues affecting athletes including sexual harassment and abuse cultural issues and ethics issues and 4 the field of sports psychiatry including work within one common sports psychiatry practice setting and current status of and challenges in the field of sports psychiatry There is a growing need for this book Performance enhancing drugs use of psychotropics in impaired athletes head trauma sexual abuse eating disorders ethics and depression and suicide in athletes are just a few of the timely subjects addressed in this text This is the only comprehensive reference available for those working in the field or merely interested in it to consult for current information on these topics The existing sports psychology texts all focus on performance issues with little if any attention paid to these areas of clinical significance The book addresses the core differences between sports psychiatry and sports psychology as well as the areas of overlap Emphasis is placed on how the disciplines should work together in diagnosing and treating athletes dealing with emotional stress and psychopathology Chapters include case examples and specific goals listed at the beginning along with tables and graphs to highlight key concepts

Guide to Reprints 2007 K. G. Saur Editorial Staff, 2006-01-10 **AMC Classic Movie Companion** Robert Moses, 1999-06-23 From the people at American Movie Classics the premier classic movie network comes the answer to every movie lover's dream a complete A to Z reference guide to all of America's favorite Hollywood flicks 100 photos **Broadway Plays and Musicals** Thomas S. Hischak, 2009-04-22 New York City's Broadway district is by far the most prestigious and lucrative venue for American performers playwrights entertainers and technicians While there are many reference works and critical studies of selected Broadway plays or musicals and even more works about the highlights of the American theater this is the first single volume book to cover all of the activities on Broadway between 1919 and 2007 More than 14 000 productions are briefly described including hundreds of plays musicals revivals and specialty programs Entries include famous and forgotten works designed to give a complete picture of Broadway's history and development its evolution since the early twentieth century and its rise to unparalleled prominence in the world of American theater The productions are identified in terms of plot cast personnel critical reaction and significance in the history of New York theater and culture In addition to a chronological list of all Broadway productions between 1919 and 2007 the book also includes approximately 600 important productions performed on Broadway before 1919 **New York Magazine**, 1995-12-18 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
