2001, □□□ **Meditation and Kabbalah** Aryeh Kaplan,1995-01-01 The Kabbalah is divided into three branches the theoretical the meditative and the practical While many books both in Hebrew and English have explored the theoretical Kabbalah virtually nothing has been published regarding the meditative methods of these schools This is the first book published in any language that reveals the methodology of the Kabbalists and stresses the meditative techniques that were essential to their discipline Kaplan offers a lucid presentation of the mantras mandalas and other devices used by these schools as well as a penetrating interpretation of their significance in light of contemporary meditative research In addition Meditation and Kabbalah presents relevant portions of such meditative texts as the Greater Hekhalot textbook of the Merkava School the writings of Abraham Abulafia Joseph Gikatalia s Gates of Holiness Gate of the Holy Spirit textbook of the Lurianic School and the important meditative hasidic classics Also investigated is the intriguing possibility suggested by the Zohar that the meditative methods of the East might have been derived from the mystical techniques of the prophets

**Kabbalah** Moshe Idel,1988-01-01 In this prizewinning new interpretation of Jewish mysticism Moshe Idel emphasizes the need for a comparative and phenomenological approach to Kabbalah and its position in the history of religion Idel provides fresh insights into the origins of Jewish mysticism the relation between mystical and historical experience and the impact of

Jewish mysticism on western civilization Idel's book is studded with major insights and innovative approaches to the entire history of Judaism and mastery of it will be essential for all serious students of Jewish thought Arthur Green New York Times Book Review Moshe Idel's original scholarly and stimulating study of Kabbalah contains the promise of a masterwork Elie Wiesel Moshe Idel's book can help the nonspecialized reader to reconsider the whole of Kabbalistic tradition in comparison with many aspects of contemporary thought Umberto Eco There can be no dispute about the importance and originality of Idel's work Offering a wealth of complementary insights to Gershom Scholem and his school it will command a great deal of attention and serious discussion Alexander Altmann     The Binding of Isaac, Religious Murders & Kabbalah Lippman Bodoff, 2005 In a series of evocative groundbreaking articles the author analyzes the Biblical and Rabbinic basis for what surely are now some of the most hotly debated topics in Jewish religious thought today These include how the traditional interpretation of the Binding of Isaac has been misapplied in both Christian theology and Jewish martyrology and how the centuries long and newly resurgent belief in mysticism and messianism in kabbalah and Hasidism has distorted classical Judaism and thwarted its national and cultural development The author counters the arguments of those who see Judaism's and the world's newfound obsession with mysticism and kabbalah as a natural outgrowth of a progressive trend within rabbinic Judaism and warns of the impending danger of rejecting the very core of Jewish thought and opinion as it was expounded in the Torah and classical Jewish tradition the Oral Law Each section of this magnificent work will give the reader new insights into how different aspects of Judaism have evolved and why they have often been in contention with each other Nor is he afraid to deal with some of the supercharged issues within Judaism such as what are the underlying premises of Jewry's claim to the Divinely Promised Land And has this claim been affected by its failure to pursue an active program of nationalism These highly acclaimed articles have been gleaned from today's leading Jewish journals and have stood the test of time They contain valuable source material and are a ready reference to the many historical and religious topics that are the focus of discussion across all main Jewish denominations
