**Women's History: Britain, 1850-1945** June Purvis, 2008-01-28 Women's History Britain 1850 1945 introduces the main themes and debates of feminist history during this period of change and brings together the findings of new research It examines the suffrage movement race and empire industrialisation the impact of war and women's literature Specialists in their own fields have each written a chapter on a key aspect of women's lives including health the family education sexuality work and politics Each contribution provides an overview of the main issues and debates within each area and offers suggestions for further reading It not only provides an invaluable introduction to every

aspect of women's participation in the political, social and economic history of Britain but also brings the reader up to date with current historical thinking on the study of women's history itself      **The Long Sexual Revolution** Hera Cook, 2004-02-05 In this book Hera Cook traces the path of sexuality in England and shows how its route was determined by the gradual exertion of control over fertility. Most sexual activity had major economic and social costs, the most fundamental of which was the physical cost of children upon women's bodies. Around 1800 birth rates reached historical heights. Using a combination of demographic and qualitative sources, Dr Cook examines the connection between the struggle to lower fertility and the increasing repression of sexuality throughout the nineteenth century. Contraception became a viable option in the early twentieth century. The book charts the resulting slow relaxation of attitudes to sexuality and the remaking of heterosexual physical behaviour culminating in the sexual revolution of the 1960s      **Ritual Remembering**, 2021-11-15 Most of the essays in *Ritual Remembering: History, Myth and Politics in Anglo-Irish Drama* in part or in whole frequently allude or directly concern themselves with the dramatic representation of the opposition or the collusion of myth and history and the uses and abuses of both. Equally they celebrate and critically analyse the politics of the social conscience and social consciousness which pervades Irish drama in its rituals of forgetfulness and memory. Perhaps myth is above all to be understood as the conscience and consciousness of history and politics is the projection of that myth into present social action on the hustings nowadays more frequently the television hustings at the ballot box in writing and on the stage. Most of the articles in this volume revolve around these gravely portentous and ambivalent themes which nobody who is as much concerned with Anglo-Irish relations as with Anglo-Irish literature can disregard or evade      **Elizabeth Wolstenholme Elmy and the Victorian Feminist Movement** Maureen Wright, 2013-07-19 This book provides the first full-length biography of Elizabeth Wolstenholme Elmy 1833-1918, someone referred to among contemporaries as the grey matter in the brain of the late Victorian women's movement. A pacifist, humanitarian, free thinker, Wolstenholme Elmy was a controversial character and the first woman ever to speak from a public platform on the topic of marital rape. Lauded by Emmeline Pankhurst as first among the infamous militant suffragettes of the Women's Social and Political Union, Wolstenholme Elmy was one of Britain's great feminist pioneers and in her own words an initiator of many high-profile campaigns from the nineteenth into the twentieth century. Wright draws on an extensive resource of unpublished correspondence and other sources to produce an enduring portrait that does justice to Wolstenholme Elmy's momentous achievements      *Feminism, Marriage, and the Law in Victorian England, 1850-1895* Mary Lyndon Shanley, 2020-07-21 Bridging the fields of political theory and history, this comprehensive study of Victorian reforms in marriage law reshapes our understanding of the feminist movement of that period. As Mary Shanley shows, Victorian feminists argued that justice for women would not follow from public rights alone but required a fundamental transformation of the marriage relationship      **Women's Activism** Francisca de Haan, 2013 *Women's Activism* brings together twelve innovative contributions from feminist historians from around the world to look at

how women have always found ways to challenge or fight inequalities and hierarchies as individuals in international women's organizations as political leaders and in global forums such as the United Nations The book is divided into three parts Part one brings together four essays about organized women's activism across borders The chapters in part two focus on the variety of women's activism and explore women's activism in different national and political contexts And part three explores the changing relationships and inequalities among women This book addresses women's internationalism and struggle for their rights in the international arena it deals with racism and colonialism in Australia India and Europe women's movements and political activism in South Africa Eastern Bengal Bangladesh the United Kingdom Japan and France Essential reading for anyone interested in women's history and the history of activism more generally

**The Politics of Gender in Victorian Britain** Ben Griffin, 2012-01-12 This groundbreaking history challenges traditional assumptions about the development of British democracy and the struggle for women's rights

**Women Making News** Michelle Elizabeth Tusan, 2005 Starting in the mid nineteenth century female editors and journalists created a new genre of political journal they proclaimed to be both for and by women Specialized periodicals like *Women's Penny Paper* and *Shafts* fostered the proliferation of diverse political agendas aimed at reimagining women's status in society At the same time the institutional infrastructure of the women's press provided women with job opportunities in a nontraditional field Michelle Tusan tells two stories First she examines alternative print based political cultures that women developed during the late nineteenth and early twentieth centuries Second she explores how British female subjects forged a wide range of new political identities through the pages of their press Tusan employs social and cultural historical analysis in the reading of popular printed texts as well as rare and previously unpublished personal correspondence and business records from archives throughout Britain Insightful and filled with fascinating detail *Women Making News* uncovers how the relationship between print culture and gender politics provided a vehicle for women's mobilization in the political culture of modern Britain

**Knowledge of Evil** Alyson Brown, David Barrett, 2013-01-11 This book documents the enduring involvement of children in the commercial sex trade in twentieth century England The authors argue that child prostitution needs to be understood within a broader context of child abuse and provide evidence that indicates the circumstances which have led young people into prostitution over the last hundred years amount at worst to physical or psychological abuse or neglect and at best as the result of limited choice

*Virginia Woolf and Motherhood* Charlotte Taylor Suppe, 2024-11-30 Motherhood is a recurrent theme in Virginia Woolf's writing yet Woolf scholarship has often overlooked this dynamic subject Exploring how Woolf engaged with themes of motherhood as a socially and politically motivated writer and a woman this book grounds her work in the maternal discourses of her time By reading Woolf's texts in dialogue with contemporary writing socio political events and medical and scientific advances *Virginia Woolf and Motherhood* establishes the significance of maternity across Woolf's oeuvre and exposes how public and personal matters of motherhood informed the links she drew between maternity femininity self worth and artistry

With novel analysis of Woolf's writing on war, eugenics, food and psychoanalysis, Charlotte Taylor Suppe demonstrates the substantive influence maternal discourses had on shaping Woolf's feminism, political beliefs and creative practices.

**Suffrage and Beyond** Caroline Daley, Melanie Nolan, 1994-12 Bringing together such eminent scholars as Nancy Cott, Ellen Dubois and Carole Pateman, this book offers a comprehensive look at the political history of suffrage on a global scale.

*Votes For Women* Sandra Holton, Dr June Purvis, June Purvis, 2002-01-04 *Votes for Women* provides an innovative re-examination of the suffrage movement, presenting new perspectives which challenge the existing literature on this subject. This fascinating book charts the history of the movement in Britain from the nineteenth century to the postwar period, assessing important figures such as Emmeline Pankhurst and the militant wing, Millicent Garrett Fawcett, leader of the constitutional wing, Jennie Baines and her link with the international suffrage movements.

**Mrs Brown is a Man and a Brother** Krista Cowman, 2004-04-01 This book offers the first detailed regional study of women's politics in the United Kingdom in the period before the First World War. Its purpose is to investigate how women's politics functioned at the grass roots, away from the schisms and personality clashes of the national political scene. The book investigates the membership activities and campaigning methodologies of a variety of formal political organisations, ranging from branches of national auxiliary bodies such as the Women's Liberal Federation through women's involvement in local branches of the Independent Labour Party and on to the autonomous suffrage organisations. The impact of the all-female suffrage campaigns on older political groups in which women still competed with men for positions and policies is also considered. The book extends into the First World War and investigates the new alliance that were formed when earlier societies contracted or closed.

**Gender and American History Since 1890** Barbara Melosh, 2012-08-06 These essays chart major contributions to recent historiography. Carefully selected for their accessibility and accompanied by headnotes and study questions, the essays offer a clear and engaging introduction for the non-specialist. The introduction describes the emergence of gender as a subject of historical investigation and in ten essays, historians explore the meanings and significance of gender in American history since 1890. The volume shows how the interpretation of gender expands and revises our understanding of significant issues in twentieth-century history, such as work, labour, protest, sexuality, consumption and social welfare. It offers new perspectives on visual representations and explores the politics of historical subjects and the politics of our own historical revisions.
