Star Authors Joe Moran, 2000-02-20 In

American authors are as likely to be seen on television talk shows or magazine covers as in the more traditional settings of literary festivals or book signings. Is this literary celebrity just another result of dumbing down? Yet another example of the mass media turning everything into entertainment? Or is it a much more unstable complex phenomenon? And what does the American experience tell us about the future of British literary celebrity? In *Star Authors* Joe Moran shows how publishers, the media and authors themselves create and disseminate literary celebrity. He looks at such famous contemporary authors as Toni Morrison, J.D. Salinger, Thomas Pynchon, Don DeLillo, John Updike, Philip Roth, Kathy Acker, Nicholson Baker, Paul Auster and Jay McInerney. Through an examination of their own work, biographical information, media representations and promotional material, Moran illustrates the nature of modern literary celebrity. He argues that authors actively negotiate their own celebrity rather than simply having it imposed upon them. From reclusive authors such as Salinger and Pynchon, famed for their very lack of public engagement, to media-friendly authors such as Updike and McInerney, *Star Authors* analyses literary celebrity in the context of the historical links between literature, advertising and publicity in America, the economics of literary production and the cultural capital involved in the marketing and consumption of books and authors.

Philosophies and Theories for Advanced Nursing Practice Janie B. Butts, Karen L. Rich, 2013-12-26. *Philosophies and Theories for Advanced Nursing Practice* Second Edition was developed as an essential resource for advanced practice students in master's and doctoral programs. The text includes diagrams, tables and discussion questions to help students understand and reinforce core content.

Criminalizing Sex Stuart P. Green, 2020 In the late 20th century the law of sexual offenses began to reflect a striking divergence On the one hand it became significantly more punitive in its approach to nonconsensual sexual conduct as in the case of rape and sexual assault On the other hand it

became more permissive in how it dealt with putatively consensual sex such as sodomy adultery and adult pornography This book explores the conceptual and normative implications of this divergence In doing so it assumes that the proper role of criminal law in a liberal state is to protect individuals in their right not to be subjected to sexual contact against their will while also safeguarding their right to engage in private consensual sexual conduct in which they do wish to participate Although consistent in the abstract these dual aims frequently come into conflict in practice as is explored in the context of a wide range of offenses

Women, Rape and Justice Jan Jordan, 2022-03-14 Is justice possible for a woman raped in contemporary patriarchal culture This book explores one of the major conundrums of our time given all the feminist activism and reforms of the last 50 years why does rape remain so prevalent and justice so elusive In exploring these questions Jan Jordan takes us back into the patriarchal origins of our rape culture in order to trace the connections between past laws and current justice realities Her examination covers developments in police and court processes and explores the connections between men

masculinity and rape before considering the scope of rape prevention She argues the need for urgent transformation of the rape condoning cultures that currently make it impossible for rape prevalence to abate or for rape victims to receive justice
