Mediated Intimacy
 Meg-John Barker,Rosalind Gill,Laura Harvey,2018-02-27 Mediated Intimacy looks at contemporary sex and relationship advice exploring how our intimate lives are shaped through different media from manuals and magazines to television and Twitter By exploring how intimacy is constructed through different media texts the authors consider which ideas and practices these changing forms of sexpertise open up and which they close down The book reveals the intimate operation of power in mediated advice how words and images stories and sound can work to shore up social injustice It critically engages with the ideas of choice and responsibility in sex self help arguing that these can obscure and or justify oppression even if they re sometimes experienced as empowering and or pleasurable This bold and incisive book provides a radical challenge to the assumptions underlying the sex advice industry and presents a critical collaborative and consensual vision for sex advice of the future

Manual of Examinations for the ... ,1898 *The Schooling of Working-Class Girls in Victorian Scotland*
 Jane McDermid,2013-01-11 The portrayal of Scotland as a particularly patriarchal society has traditionally had the effect of marginalizing Scottish women both teachers and students in both Scottish and British history The Schooling of Working Class Girls in Victorian Scotland examines and challenges this assumption and analyzes in detail the course of events which has led to a more enlightened system Education was and is seen as integral to Scottish distinctiveness but the Victorian period saw anxious debate about the impact of outside influences at a time when Scottish society seemed to be fracturing This book examines the gender blindness of the educational tradition with its notion of the democratic intellect testing the claim of superiority for the Scottish system and questioning the assumption that Scottish women were either passive victims or willing dupes of a peculiarly patriarchal ideal Considering the influences of the related ideologies of patriarchy and

domesticity and the crucial importance of the local and regional economic context in focusing on female education this book provides a much wider comparative study of Scottish society during a period of tremendous upheaval and a perceived crisis in national identity in which women as well as men participated
