Sex And Intimacy After Childbirth Rediscovering Desire In Your Relationship

Peggy O'Mara, Jane L. McConnell

Sex And Intimacy After Childbirth Rediscovering Desire In Your Relationship:

Sex and Intimacy After Childbirth Martien Snellen, 2005 It's not exactly a newsflash that pregnancy and childbirth bring enormous changes in people's lives. But not every couple is prepared for the impact parenthood can have on their sexual relationship, particularly when it's the first baby. Of course we expect to put sex on hold for a while in the period just before and after the birth, but most of us naively expect that pretty soon things will return more or less to normal. Unfortunately for many couples, it doesn't work out like that. Typical contributions to the discussion of post-baby passion usually follow the line of lubricate, medicate, try alcohol, and variation, which at the end of the day doesn't really cut it. But in this timely new book, Martien Snellen explores the factors that can influence and inhibit your sexual relationship when you're a new or newish parent, from changes in body image to serious health issues such as postnatal depression, from divergent levels of interest to just not being able to find the time. And most importantly, he offers practical, down-to-earth suggestions for rethinking your relationship and rediscovering physical intimacy in a way that works for both of you. Funny, insightful, and deeply wise, Martien Snellen has written an essential read for anyone who's looking to rekindle the sparks of their relationship or simply wants to better understand the implications of one of the less-spoken-about aspects of parenthood.

Reclaiming Desire Andrew Goldstein, Marianne Brandon, 2009-06-09 I'm so busy and tired; how can I find time for sex? How can I go from mommy one minute to passionate lover the next? What medicines or natural herbs can I take to improve my libido? At some point in their lives, most women experience a decline in their sexual desire. Yet despite the vast number of books devoted to sex, surprisingly few focus on the problem of low libido. Fewer still offer any practical advice to the woman who has lost her sex drive and longs to find it again. *Reclaiming Desire* presents the holistic approach that gynecologist Andrew Goldstein and clinical psychologist Marianne Brandon, co-founders of the Sexual Wellness Center in Annapolis, Maryland, use to successfully treat women with low libido. Capitalizing on their combined medical and psychological expertise, they reveal how a complex set of physical, emotional, intellectual, and spiritual factors, as well as specific life-changing events such as marriage, pregnancy, childbirth, divorce, and menopause, can affect female sex drive. Reading this book, women will come to understand that low libido isn't all in their heads or all in their bodies; for that matter, the problem is real, and it's diverse, but it's curable.
